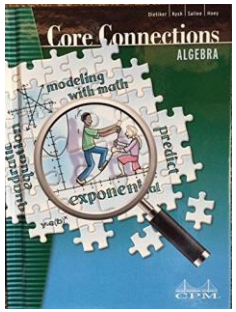
CPM Traditional (2015)
Published by: CPM Educational Program (CPM)
Grade Level: High School



Informed by research our CCSS-aligned curriculum builds upon 25 years of experience writing problem-based, student-centered curriculum embedding the mathematical practices within lessons focused on big ideas and mathematical connections. Learning strategies and pedagogy are research based. Included in the textbooks are appendices designed to help teachers and students with standards that might otherwise be missed or require supplementing in the transition to the CCSS grade level standards.

Grade	EdReports Gateway 1: Focus & Coherence	EdReports Gateway 2: Rigor & Mathematical Practices	EdReports Gateway 3: Usability	Mass CURATE	Louisiana Believes
