

# Documentation Tips for RIAA

- Web based profile is the most effective and efficient way to document RIAA.
  - Use student names on SDFs.
  - Cutting and pasting is allowed for the documentation on the SDF for “Describe the overall SPT as it is embedded in your classroom/school/community.”
  - Cutting and pasting is NOT allowed for the documentation “Describe the student’s application of the AAGSE to the SPT in a standards-based activity”.

# Documentation Tips for RIAA

- Student work
  - Use student names on the SDFs, on the student work products and on the student work product labels.
  - When using student work for more than one AAGSE entry, remember to take accuracy/independence data that reflects the appropriate AAGSE skill for which the entry is submitted.
  - Student work must be graded for accuracy, independence and levels of assistance, if used, even when the student work product label is used.
