

Common Core State Standards Implementation Video Series

Several lead writers of the Common Core State Standards (CCSS) are featured in a series of video vignettes designed to further deepen understanding of the CCSS and garner support for ensuring the success of all of our students. The vignettes are organized by content (Mathematics and English Language Arts) and highlight many key concepts regarding these new standards. These video vignettes may be used by Educators, Families, and Community Members.

Lead writers David Coleman and Susan Pimentel are showcased within the ELA vignettes and lead writers William McCallum and Jason Zimba are showcased within the Mathematics vignettes.
