Dear Governor Raimondo and the Education Funding Formula Working Group,

My name is Fanny Franco. Thank you for all that you do for Rhode Island. I am writing to ask for your support of The Metropolitan Regional Career and Technical Center (The Met). The Met is important to my family and to the community, and I am concerned about the financial challenges they are facing. My child Jose R. Batista, Jr is a 10th grader at The Met.

The Met is an innovative public career and technical school, which offers integrated academic and work skills programming. With high standards and strong family engagement, The Met's individualized learning approach has proven successful in unlocking students' passion for learning.

Here's why the Met is so important to me: The school has helped my child a lot in the past year and a half. The programs offered in this school is very important in the learning process. I do not believe my son would have made it this far in any other school. The Met High School is a very important to my child.

I invite you to visit The Met to see the great work being done to prepare students for post-secondary schooling and careers. We appreciate your open perspective on this matter as you review the funding formula. We are depending on your help to ensure innovate career and technical education for the students of Rhode Island.

Estimada Gobernadora Raimondo y el Grupo Trabajo de Financiación de Educación de Fórmulas,

Mi Nombre es Miguelina Mateo. Gracias por todo lo que usted hace por Rhode Island. Le escribo para pedirle el apoyo por The Metropolitan Regional Career and Technical Center (The Met). El Met es importante para mi familia y la comunidad, y estoy preocupado por los desafíos financieros que enfrentan. Mi hijo/a Bruno Rodriguez, está en el 12 grado en El Met.

El Met es innovador de carrera pública y escuela técnica, que ofrece programación académica y habilidades de trabajo integrado. Con un alto nivel y la participación familiar fuerte enfoque de aprendizaje individualizado del Met que ha demostrado su eficacia en el desbloqueo de la pasión de los estudiantes para el aprendizaje.

Sin Embargo, El Met se enfrenta a muchos desafíos y necesita su apoyo. Como una carrera operada por el estado y la escuela técnica, El Met cuenta con financiación suficiente por parte del Estado para apoyar las necesidades únicas de los programas innovadores y sus estudiantes, incluyendo a mi hijo Bruno Rodriguez.

He aquí por qué El Met es tan importante para mí: Antes de que mi hijo perteneciera a esta excelente escuela, no habia visto nunca el progreso académico que él ha estado experimentando. Realmente no puedo expresar con palabras las tantas formas que esta escuela ha ayudado a mi hijo.
Gracias.

Te invito a visitar El Met para ver el gran trabajo que se está haciendo para preparar a los estudiantes para la educación post-secundaria y carreras. Apreciamos su perspectiva abierta sobre este asunto al revisar la fórmula de financiación. Nosotros dependemos de su ayuda para asegurar innovar educación profesional y técnica para los estudiantes de Rhode Island.

Here's why the Met is so important to me: It is a unique environment that allows for a small class room size. My son needs more one on one attention and teachers that are enthusiastic about guiding the students on an outward path. This was sorely lacking in the Woonsocket school system.

I invite you to visit The Met to see the great work being done to prepare students for post-secondary schooling and careers. We appreciate your open perspective on this matter as you review the funding formula. We are depending on your help to ensure innovate career and technical education for the students of Rhode Island.
