This EE is tested in an ELA writing testlet. Writing testlets are assessed at two levels: Emergent Writing and Conventional Writing. The initial and distal precursor nodes are assessed in the emergent writing testlet in Grade 3 with one other Essential Element: EE.W.3.4. The proximal precursor, target and successor nodes are assessed in the conventional writing testlet in Grade 3 with one other Essential Element: EE.W.3.4.

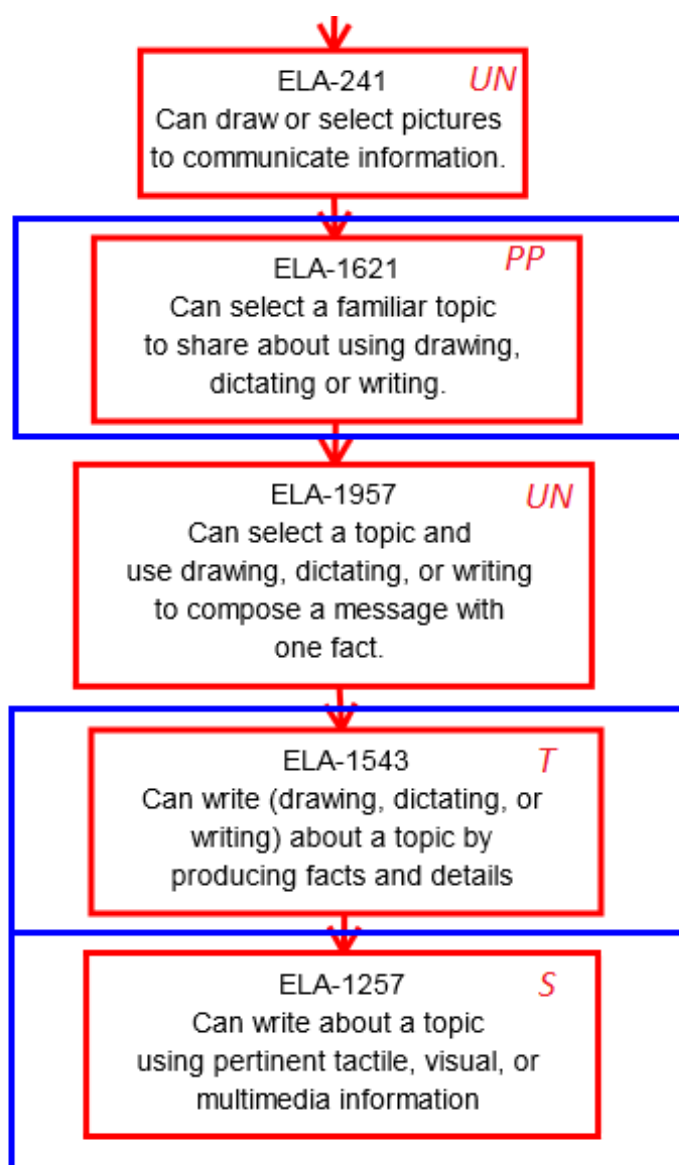

A diagram showing the relationship of nodes in the mini-map appears below.

Up to this point, students may produce writing that requires some interpretation or context to understand (e.g., frg lgs = frogs use their legs to jump). By this node students are able to create a complete thought (e.g., Frogs jump). The produced thought may not be grammatically correct (i.e., The frogs can jump), but still conveys a complete thought or idea</li> </ul>
