COLLABORATE WITH and be inspired by educators and students across the state!

IMMERSE YOURSELF in ideas, strategies, and resources!

Add to the **CROWDSOURCED LESSONS LEARNED**

MEET FACE TO FACE with well-respected professionals in your field

PROFESSIONAL DEVELOPMENT FOR THE WHOLE TEAM

Teachers

- Learn to integrate technology standards across curricula
- Develop strategies to boost learning for all students
- Participate in active, authentic learning environments and share resources
- Use technology to meet Common Core and NETS standards

Students

- Learn how school leaders are personalizing education
- Engage in the design process at your own school
- Be at the center of the innovation conversation

Tech Coordinators & Staff Developers

- Learn proven strategies for technology funding, staff development, and more
- Get up to date on emerging technologies and the latest resources
- Learn to maximize the capacity and efficiency of your technology infrastructure

Administrators & Policy Makers

- Discover how technology improves outcomes for learners
- Learn about standards and assessment models for faculty & tech programs
- Explore tactics & resources for data-driven decision making

Teacher Educators

- Learn about the latest in blended & technology-infused methods
- Explore new initiatives for highly qualified teachers
- Help tomorrow's teachers meet emerging state, national, & global standards

Government & Industry Representatives

- Learn about building and classroom level issues, needs & challenges
- Keep up with trends & issues in the use of technology
- Learn about strategies and models for technology infrastructures
