<sup>1</sup> RI full certification demonstrates that an educator has met all RI certification requirements. RI full certification types include Initial, Professional, and Advanced certificates (all of which are multi-year certificates). RI full certification is comparable to National Association of State Directors of Teacher Education and Certification (NASDTEC) stage three or higher certificates and is recognized by other states for certificate reciprocity. RI full certification does not include preliminary certificates. Individuals pursuing their first full certificate should apply for their Initial certificate.
