J. Troy Earhart  
Commissioner

TO: Superintendents of Schools  
Selected Other Citizens and Educators

FROM: J. Troy Earhart, Commissioner *JTE*

SUBJECT: Basic Education Program Manual Changes:  
Computer Education - Consumer Education -  
Transportation

Recently, changes were made in the Basic Education Program Manual (Revised, March 1989). Computer Studies and Consumer Education will no longer appear as separate disciplines. These areas have been placed in the Curriculum General section. The School Transportation section has been revised to eliminate certain standards that were duplicative of the responsibilities of other agencies.

In order to bring your copy of the Basic Education Program Manual up-to-date, please remove the current Section 3 - Curriculum General, Section 8 - Computer Studies, Section 9 - Consumer Education and Section 32 - School Transportation. Replace them with the enclosed Section 3 - Curriculum General and Section 32 - School Transportation.
