

## 2019-2020 K-12 Curriculum Survey Report

This data was collected from all Rhode Island LEAs at the start of the 2019-2020 school year. The colors are based on the EdReports rating system: Green=Meet Expectations, Yellow= Partially Meet Expectations, Red= Do Not Meet. For RIDE purposes we have added: Purple=Not Yet Rated, Blue=Locally Developed (written by teachers/organizations or a blend of curriculum materials). EdReports is an independent nonprofit designed to improve K-12 education by reviewing curriculum materials ([www.edreports.org](http://www.edreports.org)). For high schools, the data was collected by English 9, 10, 11, and 12, as well as Algebra 1, Geometry, and Algebra 2 (A/G/A). \*Latest Update 3/2020

LEA	Math	English Language Arts

RIDE Ratings		
Meets Expectations for high quality	Green	RIDE is excited to release this information publicly. It is our vision that districts will use this list to find others to collaborate with who are also using high quality curriculum materials. We fully acknowledge that simply adopting a high quality curriculum is not nearly enough. LEAs must provide curriculum-specific, job-embedded, on-going professional learning to support teachers with this implementation.
Partially Meets Expectations for high quality	Yellow	
Does Not Meet Expectations for high quality	Red	
Has not been rated	Purple	
Is Locally Developed and/or LEA/school uses multiple curricula	Blue
