

Professional Learning in RI: Reopening Schools 2020-21

RIDE continues to be committed to helping our schools and districts strengthen their professional learning systems and practices. For the start of the 2020-21 school year, RIDE has compiled the following no-cost options for professional learning in RI to support the return to school for educators and administrators. While many LEAs have already planned professional learning experiences for staff prior to the start of the school year, we hope the following offerings can enhance opportunities for educators, administrators, and staff to engage in the critical areas for safely reopening schools this fall.

- For questions about these professional learning offerings, please contact the provider directly.
- For questions about professional learning units (PLUs) for certification in RI, please email the appropriate contact in your LEA regarding the local approval process for PLUs.
- For any other professional learning-related questions, email PL@ride.ri.gov.
- For more professional learning options, we encourage you to review the 50+ providers on RI's Educator Course Network (ECN) at www.ecn-ri.org. Many of these providers have a no-cost option below for your consideration.

Health, Wellness, & Community Engagement			
The synchronous professional learning offerings in this section focus are designed for a variety of audiences including, but not limited to, teachers, support professionals, school staff, and administrators. Please follow the registration links to learn more about these opportunities.
