Have you received necessity project approval? This is required for all projects to access state funding.

**Housing Aid**

Foundational housing aid represents the state’s contribution to public school construction projects.

Only projects approved through the “Necessity of School Construction Application Process” are eligible to receive state funding. The state’s share ratio or housing aid reimbursement rate (the percentage that the state will contribute towards a project) is calculated annually for each Local Education Agency (LEA). A majority of the state's funding is based on a reimbursement model and payment occurs when the project is complete.

**SBA Capital Fund**

The SBA Capital Fund provides “pay-as-you-go” state funding for approved projects to address high-priority needs. This competitive funding is distributed as work is being done, with LEAs submitting invoices to RIDE.

**Construction Bond**

The bond was approved by voters in November 2018. See the next page to learn more about how the bond works.

5. Commence by 2024 - Complete by 2028

Increase Utilization
New construction or renovation that increases functional utilization from less than 60% to more than 80% shall receive a 5% bonus.

Rhode Island voters approved a statewide school construction bond on November 6, 2018. The statewide bond triggered two components:

1. Established six temporary bonus incentives
2. Provides $250 million in "pay-as-you-go" funding to support approved projects

How much pay-as-you-go funding can I receive?
LEAs will receive 15 percent of their total state share in pay-as-you-go funds from the bond. So, for example, if you have a $100 million project and have a 50 percent state share ratio, the state will pay $50 million. Fifteen percent of $50 million - or $7.5 million - will be offered as pay-as-you-go funding.
