Module 4 Objective: To submit all components of the 1003 Application, including an up-to-date LEA Application, CAB Membership Contact List, a consolidated LEA budget, and a Comprehensive School Improvement Plan (CSIP) for each school identified for Comprehensive Support and Improvement (CSI).

Module 4 Contents

- 4.1 Developing a Comprehensive School Improvement Plan/1003 Application for Funding
- 4.2 Application for Funds
- 4.3 Application for School Improvement Redesign Planning and Implementation Grants
- 4.4 School Improvement Funding Application Instructions

Module 4 Appendix & Deliverables

- 4-i) LEA Application Cover Page
- 4-ii) Comprehensive Support and Improvement Plan/1003 Application
- 4-iii) Comprehensive Support and Improvement Rubric

4.1 Developing a Comprehensive School Improvement Plan/1003 Application for Funding

RIDE has consolidated the 1003 Application into the Comprehensive School Improvement Plan (CSIP). The CSIP will allow RIDE, the LEA, the CAB, the school and the general public to understand

- what the school's improvement efforts entail
- how they are being resourced
- how they intend to achieve better results in the future.

4.2 Applications for 1003 Funds

In order to be eligible for these funds, LEAs must submit each of the components of the 1003 Application by dates listed on the following table:

Date	Element
December 13th	Module 1 Appendix i: LEA Application
January 10th	Module 1 Appendix iii: CAB membership Contact List
June 29th	Module 4 Appendix i: LEA Application Cover Page; including Applicant Information, Application Checklist, and LEA Budget
	Module 4 Appendix ii: CSIPs for each identified CSI School

4.2 Applications for 1003 Funds

Adjustments in Planning due to the ongoing COVID-19 crisis

For the 2020-21 school year, due to the federal waiver issued by the U.S. Department of Education in response to the COVID-19 crisis, Rhode Island will neither conduct state testing, nor change its list of schools identified for comprehensive support and improvement for this school year. As such, RIDE is encouraging schools to budget the entirety of this school year's 1003 School Improvement allocation for improvement activities occurring in the 2020-21 school year.

4.3 Application for School Improvement Redesign Planning and Implementation Grants

All schools required to undergo school redesign should contact the Office of School Improvement directly. Further guidance will be provided on school redesign on an LEA-by-LEA basis.
