Expanding Opportunities for All Students

PROVIDE GREAT TEACHING & SUPPORTS

- Strong early childhood education with statewide, full-day kindergarten and continued expansion of pre-K classrooms
- Governor Raimondo's Third Grade Reading Challenge to get 3 out of 4 Rhode Island children reading proficiently by grade three
- High quality curriculum and instruction so students are prepared for the next grade, college, and careers

MAKE LEARNING RELEVANT & ENGAGING

- Work-based learning opportunities, including more than 130 career-focused programs that are aligned with economic trends, and offer industry-recognized credentials
- Expanded P-TECH programs graduate students with a high school diploma, associate's degree, and a first-in-line job opportunity
- Integrating blended, project-based, and competency-based approaches to education

MAINTAIN HIGH EXPECTATIONS

- High standards combined with quality materials, delivered equitably
- CS4RI initiative to bring computer science to every school
- Middle and high school students have access to broader, more challenging curriculum through AP courses and Advanced Course Network
- Free, in-school PSAT and SAT test access to all public school students
- Dual enrollment allows high school students to earn college credits

OFFER PERSONALIZED LEARNING PATHWAYS

- Coordinated supports for all, especially our most vulnerable students
- Pathway opportunities adapted to meet each student's passions, interests, and unique needs and abilities
- Increased funding for English learners and dual language programs that promote 21st century, multi-literacy skills for all students
- Extend learning beyond the school day with after-school and summer programming

EMPOWER SCHOOLS & FAMILIES

- Empowering teachers, schools and districts with autonomy to design their own communities
- Stronger pathways to support educators who want to pursue or excel in leadership positions
- Relevant, ongoing professional learning to support educators at every level
- Learning Champions initiative to put teachers at center of decision-making
