- Their child’s academic progress towards achievement of the content standards in English language arts, mathematics, and science will be measured using the Essential Elements.
- They understand the graduation options for their child.

**NOTE:** LEAs may choose to award diplomas to students who qualify for the alternate assessment if the student demonstrates proficiency through their coursework using modified proficiency expectations for state-adopted standards (CCSS, NGSS, etc.). LEAs also have the authority to award a certificate of alternate recognition of high school accomplishment, in accordance with LEA-defined policies and criteria *(see page 12 of this manual for more information).*

- They have been informed of any other implications, including any effects of local policies on the student’s education, resulting from taking an alternate assessment.
