# Contact Information

## General Information

If you have any questions regarding the New England Common Assessment Program (NECAP) or procedures for administering the NECAP tests, contact the test coordinator at your school or the Measured Progress NECAP Service Center at 1-877-632-7774. The service center is open Monday through Friday between the hours of 8:00 a.m. and 4:00 p.m.

If you need additional NECAP test materials, see your test coordinator.

## NECAP Policy Information

If you have any questions or suggestions regarding NECAP policy, please contact:

**Keith R. Burke, Assessment Consultant**  
New Hampshire Department of Education  
101 Pleasant Street, Concord, NH 03301-3860  
603-271-3846  
[www.education.nh.gov](http://www.education.nh.gov)

**Dr. Phyllis Lynch, Director of Instruction, Assessment, and Curriculum**  
Rhode Island Department of Elementary and Secondary Education  
255 Westminster Street, Providence, RI 02903  
401-222-4693  
<http://www.ride.ri.gov/InstructionAssessment/Assessment/NECAPAssessment.aspx>

**Michael Hock, Director of Assessment**  
Vermont Agency of Education  
120 State Street, Montpelier, VT 05620-2501  
802-828-3115  
[www.state.vt.us/educ/](http://www.state.vt.us/educ/)

### **TEST SECURITY**

**All test items and responses to those items in the New England Common Assessment Program are secure and may not be copied or duplicated in any way, or retained in the school after testing is completed.**

## Checklist for Test Administrators

Please note: this checklist is provided as a summary only. It is essential that you thoroughly read this entire manual in order to ensure the proper administration and security of all NECAP tests.

### Before testing:

- Read the *Test Administrator Manual* in its entirety
- Assist the test coordinator with notifying students and parents about the testing program
- Meet with the test coordinator to review the testing schedule, arrange for students who require accommodations, and review procedures in this manual
- Inventory test materials received from the test coordinator
- Ensure that your test coordinator has placed student ID labels or written in the student name, school name, and district name on the space provided on the front cover of the answer booklets
- Secure additional materials needed for testing (#2 pencils, scratch paper, calculators, etc.)
- If participating in the online writing test, additional steps are necessary to ready your school for testing. Your Test Coordinator must provide you with training in advance of the writing test sessions.

### During testing:

- Maintain security of test materials between testing sessions
- Post a “Testing – Please do not disturb” sign on your classroom door
- Be sure that all students have comfortable and adequate workspaces
- Monitor students to ensure they are working in the correct sessions of the test, and answer questions in accordance with the policies of this manual
- Monitor students’ handling of test materials to keep the materials in good condition
- If you are administering accommodations, read the *Accommodations Guide* on your state’s website to ensure accommodations are provided to students as were determined prior to testing
- If you are administering accommodation R4 with computer generated responses, refer to Appendix E for information about the allowable length of responses and printing specifications
- Notify your test coordinator of any students who miss one or more test sessions and will need a make-up test
- Notify your test coordinator of any testing irregularity

### After testing:

- Verify that all test and answer booklets have been collected
- Verify that all answer booklets include correct student information and are in good condition
- For all students, complete the student information on page 2 of the answer booklet, if assigned this task
- Confirm that no paper has been taped, pasted, stapled, or otherwise attached to the answer booklets
- Remove all scratch paper and post-it notes from the answer booklets
- Attach an explanatory note to each answer booklet that needs special handling
- Ensure that large print and Braille responses have been transcribed into the accompanying standard answer booklet
- Ensure that each page of printed computer generated responses (accommodation R4) contains the required identification information
- Ensure that student responses written on separate paper (accommodation R4) have been transcribed into the answer booklet
- Complete the online *Test Administrator Questionnaire*
- Return all test and answer booklets and all other test materials to your test coordinator as instructed in this manual

# The New England Common Assessment Program

## Background

The New England Common Assessment Program (NECAP) is the result of collaboration among Maine, New Hampshire, Rhode Island, and Vermont to build a set of assessments to meet the requirements of the No Child Left Behind (NCLB) Act. The states decided to work together for three important reasons:

- Working together brings a team of assessment and content specialists together with experience and expertise greater than any individual state.
- Working together provides the capacity necessary for the four states to develop quality, customized assessments consistent with the overall goal of improving education.
- Working together allows the sharing of costs in the development of a customized assessment program of a quality that would not be feasible for any individual state.

## Structure and Format of the Test

The NECAP is a comprehensive set of tests that cover a broad range of learning expectations in reading and mathematics administered at grades 3 through 8 and 11 and writing at grades 5, 8, and 11. A complete description of the learning expectations for grades 3 through 8 can be found in the *New England Common Assessment Program Grade-Level Expectations* (NECAP GLEs). The high school learning expectations can be found in the *New England Common Assessment Program Grade-Span Expectations* (NECAP GSEs). These documents were developed and adopted collaboratively by each NECAP state's department/agency of education. The NECAP GLEs and GSEs are posted on each NECAP state's department/agency of education website.

### NECAP tests include the following types of items:

- Multiple-choice items, which require students to select the correct answer from four possible responses
- Short-answer items, which require students to provide a solution to a problem
- Constructed-response items, which require students to write a brief (up to a half-page) response or show the solution to a problem
- Writing prompts, which require students to demonstrate their ability to communicate in writing through an extended response – these prompts are both stand-alone and text-based

## Test Administrator's Responsibilities

Test administrators are vital to the success of NECAP. For this reason, the instructions given in this manual must be followed closely by each test administrator.

### The test administrator's primary responsibilities include:

- Reading the *Test Administrator Manual* in its entirety
- Meeting with the test coordinator to review the testing schedule, to discuss arrangements for students who require accommodations, and to review testing procedures in this manual and the webinar presentation available on each state's website
- Accounting for all assessment materials given to you and maintaining the security of your test materials during and between test sessions
- Ensuring a standardized test environment by following directions and scripts in this manual
- Ensuring that students use only the test materials assigned to them
- Testing the group of students assigned to you according to the instructions in this manual
- Providing accommodations as determined by the student's educational team prior to testing, if you are assigned this task
- Ensuring that all assessment materials are returned to your test coordinator when testing is completed

## Test Security (Before, During, and After Testing)

All test and answer booklets are secure and must not be released, copied, or duplicated before or during testing or retained in the school in any way after testing is completed. To protect the security of the test, all test administrators must carefully follow the instructions in this manual for administering the test and handling materials. Keep the test and answer booklets secure at all times. Any loss of test materials should be reported immediately to the test coordinator.

**Using secure test material to prepare students in any way for this test administration is a violation of test security and testing procedure.**

### Breaches in Test Security

Any concern about breaches in test security or noncompliance with test administration procedures must be reported **immediately** to the test coordinator and/or principal. The test coordinator and/or principal is responsible for **immediately** reporting the concern to the district superintendent and state assessment contact at the department/agency of education.

# Before Testing

## Preparation for Test Administration

### Manuals

The *Test Administrator Manual* outlines all of the steps to be followed before, during, and after test administration. Understanding of and compliance with each of these steps is vital for a successful NECAP administration. Please read this manual to become familiar with the test administration procedures before testing begins. Make note of any special arrangements that will be necessary for your students. If your school is participating in the Grade 11 online writing test, make sure you have the *Online Writing Test Administrator Manual*, available at <http://iservices.measuredprogress.org>.

## Student Participation and Accommodations

### Who Should Be Tested?

All students enrolled in the school as of October 1, 2013 are required to participate in the NECAP with the following exceptions:

- Students who completed the alternate assessment for the 2012–2013 school year.
- Recently arrived LEP students first enrolled in any U.S. school after October 1, 2012 are not required to take the NECAP reading or writing tests. A student may only be exempted from the reading and writing tests one time. However, these students **must take the NECAP mathematics test**.
- Students who have state-approved special considerations. Each state department/agency of education has a process for documenting and approving circumstances that make it impossible or not advisable for a student to participate in state testing. Notify your test coordinator if you believe a student meets the criteria for this exemption.

Students who enroll in your school *after* October 1, 2013 should participate, to the extent possible, in NECAP testing. The test coordinator should determine which test session(s) of the NECAP, if any, has been completed in the student's prior school. The remaining test session(s) should be administered. If the student was unable to participate in all testing sessions, be sure to indicate why the booklet is partially blank by filling in the appropriate Blank Reason bubble on page 2 of the answer booklet, if assigned this task. A sample page 2 of an answer booklet is in Appendix A of this manual.

### Determining How Students Will Participate Using Accommodations

The NECAP states have agreed upon a common set of allowable accommodations. Accommodations are available to all students based on individual need regardless of disability status. Decisions regarding accommodations must be made by the student's educational team on an individual basis. Accommodations should be consistent with those used during the student's regular classroom instruction, including test taking. Refer to the *NECAP Accommodations Guide*, available on each state's department/agency of education website, for detailed information on planning and implementing accommodations. The *NECAP Table of Standard Accommodations* is available as Appendix C in this manual.

### Other (O) Accommodations and Modifications (M)

If the decision of the student's educational team requires an accommodation not listed in the NECAP Table of Standard Accommodations, your test coordinator must contact your state department/agency of education in advance of testing for specific instructions regarding the coding and use of Other (O) accommodations and/or Modifications (M) for any session(s) of the test. Any accommodation(s) used should be consistent with those used during the student's

regular classroom instruction. Use of an Other (O) accommodation without state approval or any Modifications (M) will invalidate the session(s) in which it was used and no credit will be given.

### **Documenting Accommodations**

At the end of testing, authorized school staff must record all accommodations used in the Accommodations Used section on page 2 of the answer booklet. A sample page 2 of an answer booklet is in Appendix A of this manual. Remember that you only record the accommodations that were actually used, not all that were approved. If you have any further questions regarding accommodations and/or modifications, please contact your test coordinator.

### **Test Schedule**

**The testing window is October 1-23, 2013.** The test coordinator in your school will arrange a testing schedule with you. All testing, including accommodations and make-up testing, must be completed in this window. Make-up testing may begin immediately following the scheduled administration of a test session. No student should be scheduled for a make-up session prior to the scheduled administration of that test session. Your test coordinator must also schedule testing for any students who require test accommodations that cannot be administered during the regular test sessions.

Ideally, each test session should be administered when and where students are most likely to do their best. Test activities include time during the General Instructions session for completing the front covers of the test booklet and answer booklet, and time at the end of testing for completing the student questionnaire. (The *Student Questionnaire* is optional in Vermont.) For students who are absent on the first day of testing, the front covers of the test booklet and answer booklet must have a student ID label affixed or be completed by hand prior to administering any part of the test.

Except for make-up sessions, **the test sessions must be taken in the order presented in the test booklet.** Refer to the table on the following page for the order in which tests must be scheduled and administered.

Your test coordinator will schedule test sessions so they do not conflict with regularly scheduled daily activities such as recess, snack breaks, and lunch; sufficient time will be allowed for continuous administration of each test session. Refer to the table on the following page for the testing time information.

Grade 11 NECAP test sessions are designed to be completed in approximately 60 minutes. However, recognizing that students work at different rates, NECAP tests are not strictly timed. Students are allowed up to an additional 30 minutes per session, as long as they are working productively. Therefore, the schedule will allow 90 minutes of uninterrupted time for administering each test session. If you have a student who you think may need more than 90 minutes, based on time allowed in your classroom for his or her daily work, an extended time accommodation should be considered. If this accommodation has not been approved for the student, you must contact your test coordinator prior to testing.

If students complete a test session early, those students may go back and check work **in that session of the test only** or close their booklets and sit quietly or read. Students may not work on other classroom assignments. Students must not work on any other session of the test. Since some students will finish early, it is important for them to be quietly occupied so they will not disturb those students who require more time.

Students should be allowed to continue working up to 90 minutes as long as they are working productively. You may decide to end the session at any point after 60 minutes if all students have completed the session.

**ALL test sessions must be scheduled in the order below, and all students must be tested simultaneously within a grade. The only exceptions to these rules are for make-up testing.**

<b>Testing Sessions and Time: Grade 11</b>		
<b>Test Session</b>	<b>Test Activity</b>	<b>Scheduled Time* (in minutes)</b>
General Instructions	General testing directions	5
Writing Session 1	Testing (1 extended writing prompt)	90
Writing Session 2	Testing (1 extended writing prompt)	90
Reading Session 1	Testing (22 multiple-choice and 4 constructed-response)	90
Reading Session 2	Testing (20 multiple-choice and 5 constructed-response)	90
Mathematics Session 1	Testing – Non-calculator (16 multiple-choice, 12 short-answer, and 3 constructed-response)	90
Mathematics Session 2	Testing – Calculator (16 multiple-choice, 12 short-answer, and 3 constructed-response)	90
Student Questionnaire	Questionnaire	20
* Although 90 minutes are scheduled for each session, in past years the vast majority of students finished in 75 minutes or less. Students who may require more than 90 minutes, based on daily work, should be considered for the extended time accommodation prior to testing.		

## Prior to Test Administration

### Inventory Test Materials

When you receive the test materials from your test coordinator, check to make sure you have enough of each piece of material for the group of students you will be testing and for yourself to use as a visual aid when giving directions. In addition to this manual, you will receive test booklets, answer booklets and additional math materials. If you have been assigned to administer the “read aloud” accommodation (P3) to a small group of students, make sure that the booklets all have the same form number. If you find any discrepancies, see your test coordinator.

Distribute the test/answer booklets in the order in which you have received them. **Do not separate the answer booklets from the test booklets as they are paired by test form.** In the event that the documents do become separated, you will need to match the form number on the front cover of the test booklets with the bracketed portion of the number printed on the bottom right corner of the answer booklets. In the sample below, the brackets indicate form 4.

1 6 0 4 2 3 1 3 4 8

A variety of barcodes appears on the test booklets and answer booklets. These are used by Measured Progress to assist in tracking and accounting for the return of booklets. The serial numbers on the test booklets will not match the serial numbers on the answer booklets.

### Preparing Test and Answer Booklets for Testing

The test and answer booklets have spaces provided for the student ID labels. Make sure that these labels have been put on the booklets or affix them if you have been assigned this task. No label is necessary for the large print test form, or Braille test form. However, the student ID labels should be put on the standard test booklet and answer booklet that are included in the Braille or large print kit.

If no label has been received for a student by the beginning of testing, make sure that the student name, school name, and district name have been written on the lines provided in the lower right corner of the front cover of the answer booklet. Also, ensure that the student name and school name have been written on the cover of the test booklet.

If your test coordinator provides additional labels after the start of testing, place them in the appropriate spaces on each student’s booklets. If no student ID labels are received, the test coordinator may direct you to bubble the required student information on the front page of the answer booklet. See Appendix B for detailed information on completing student information.

### Materials and Devices Permitted and Prohibited During Test Administration

The test coordinator and the test administrator are responsible for providing an appropriate testing environment for the assessment. It is important to ensure that no students are either advantaged or disadvantaged during testing by their testing environment. Students may use **only** the materials permitted for the assessment. Allowable materials are listed in this manual at the beginning of the instructions for each test session.

## Reference Materials

*Dictionaries/Thesauruses:* Dictionaries of any type and/or thesauruses are **not** allowed during **any** session of the assessment. The only exception is for word-to-word translation dictionaries, which are allowed as an accommodation for students who are English language learners on the mathematics and writing tests **only**. **NOTE: The use of word-to-word translation dictionaries are not allowed during any portion of the reading test.**

*Post-it Notes:* In the **test booklet only**, administrators or students may use post-it notes to flag test session stop signs that students must not go beyond. It is very important that any post-it notes be removed before the booklet is returned for scoring. Students may use a plain (non-ruler) straight edge (e.g., scrap paper) to assist with visual tracking.

Additional reference materials that are prohibited include those on the classroom walls and all reference materials printed or attached on student desks, which should be removed or covered. Any displayed materials in the classroom that interfere with proper test administration also are not permitted. Because it is not possible to list all classroom materials that may potentially create an advantage or disadvantage for students during testing, it is best to remember that if in doubt, you should remove or cover the materials, or reposition students' desks so the materials cannot be viewed. If there are any questions, see your test coordinator.

## Electronic Devices

The following devices and/or calculators with the following features are prohibited: pocket organizers, handheld or laptop computers (except as specified in the preceding section), electronic writing pads or pen-input devices, cellular phones or other wireless communication devices, and calculators with a QWERTY keyboard.

*Calculators:* The items on the mathematics test are designed to be solved without the use of calculators. The departments/agency of education have set limits on the use of calculators during statewide assessment. These limits specify when calculators may be used during the assessment and which devices are allowable. However, within these limits, the fundamental decision about whether or not to use calculators is made at the local school level. If your school has decided to allow their use, calculators are permitted only during Session 2 of the mathematics test. Calculators are not permitted on Session 1 of the mathematics test. If your school does not have enough calculators for all students, students may use their own. Students may not share calculators during testing. If you have a question regarding a particular calculator, please see your test coordinator.

*Cellular Phones:* Cell phones, in particular, are prohibited during any session of the assessment because most have the capability of photographing, video-recording, and audio-recording. Each of these functions could be used in violation of NECAP test security policies, which prohibit duplication of test booklets and answer booklets, including, but not limited to, audio taping, videotaping, photocopying, photographing, and handwritten copying. **NOTE: All test items and all student responses in the NECAP tests are secure and may not be released, copied, or duplicated in any way, or retained once testing is completed.**

*Computers:* Access to computers is restricted only to students who have been approved by a team for an accommodation that requires the use of a computer (i.e., R4) and/or those students who are participating in the online writing test.

## Preparing Students and the Test Site

It is important that you let your students know what to expect. Hopefully, at this point you and your students have had the opportunity to work with the *NECAP Released Items and Support*. These documents are available on your state's department/agency of education website (see page *i* for website addresses). Communicate to students that there may be some questions that they will be unable to answer, although they should try their best. Your students should be supported and encouraged to do their best during the testing period.

### To prepare your students for the assessment, you should:

- Inform students of the types of questions included in the test:
  - some of the questions are called multiple-choice, meaning that they will read a statement or question, or look at a picture or graph, and then choose one answer out of four possible answer choices;
  - the other type of question will require students to write, draw, or graph an answer in answer spaces. Student answers may not fill the entire answer space, but that does not mean the answers are wrong. The student answer must fit in the answer space; work outside the answer space will not be scored.
- Use the *NECAP Released Items and Support Materials*.
- Notify students in advance of testing, and encourage them to get a good night's rest and have a healthy breakfast prior to test administration to help them focus and give their best effort.
- Request that they bring two #2 pencils to every test session.

### To prepare the test site for the assessment, you should:

- Identify a secure location for storing test materials between test sessions.
- Obtain scratch paper and extra #2 pencils; also obtain post-it notes if you plan to use them.
- Ensure that calculators are available in accordance with your school's decision regarding calculator use on the test.
- Ensure that students have sufficient space and are unable to view others' answer booklets.
- Ensure that there are not any displayed materials in the classroom or on student desks that would interfere with proper test administration. (See page 6 for a list of permitted and prohibited materials.)

### Just prior to testing, you should:

- Check your test materials to identify any defective materials.
- Ensure that students receiving accommodations in other rooms have the test materials they need. Do NOT allow students to carry materials with them to another location.
- Review the session scripts that you will read to students during testing.
- Arrange test materials for each session so that you will be able to distribute them to students quickly.
- Post a "Testing – Please do not disturb" sign on the classroom door.
- Instruct students to clear their desks of books and other materials not needed for the assessment.
- Remind students that this is a secure test and that the use of electronic devices such as cell phones, tablets, cameras, etc. during testing is strictly prohibited. Taking pictures and/or videotaping or otherwise copying items or any portion of secure NECAP test materials is a test security violation that could result in invalidation of the student's (or students') test.

# During Testing

## Test Administration

The following pages detail the procedures to be followed for each session of the test. To ensure a consistent, standardized, and accurate test administration, a script (material to read aloud to students) is provided for each session. The script text is printed in bold-face type inside of shaded boxes. Directions to you within the scripts are in regular type inside of parentheses. **Read the scripts exactly as they are written.**

Explain to the students that during the test sessions you are the test administrator and are required to follow directions exactly. While you might normally be able to answer any questions they may have or help them with their work, this is not allowed during the test. Once the test session is over, you will be able to help them once again, as long as they do not ask about any test questions. Explain that it is unethical for them or you to discuss test questions with anyone and that they should take the test seriously.

Directions to the students should only take a few minutes so that most of the students' time can be spent answering questions. Be sure that students clearly understand all of the directions before you begin testing.

### Monitoring Test Sessions

During each session of the test, test administrators should walk around the room and check that students are working in the correct session, turning pages when necessary, marking answers in the appropriate answer spaces, and are not spending too much time on any one item. If you notice any of these types of situations, you may redirect the student to take the appropriate action. You may remind students that their answers must fit inside the answer box. As always, if you have a concern or are unsure how to proceed, please contact your test coordinator.

If you are monitoring students who are receiving accommodations, you must follow policies located in the *NECAP Accommodations Guide*, available on each state's department/agency of education website, for detailed information on implementing accommodations. The *NECAP Table of Standard Accommodations* is available as Appendix C, and specific instructions about administering accommodation R4 on computer are available in Appendix E in this manual.

Remember that the questions you are permitted to answer are:

- Questions about the very few test navigation directions (such as: "Mark your answer to number 15 on page 4"; "Go on to the next page"; or "Stop.")
- Requests to pronounce single words that students do not recognize (in the mathematics or writing sessions **only**; this is **not** allowed in the reading sessions). Words must be pronounced in English. You are **not** permitted to pronounce mathematical symbols or numbers written as numerals in the mathematics sessions or read entire sentences. Students requiring more reading support than single words should be considered for an accommodation.

If you notice any testing irregularities, please contact your test coordinator.

## **IMPORTANT REMINDERS FOR TEST ADMINISTRATORS:**

Test administrators may not comment on any student work. Test administrators may not help students in any way, except during the general instructions, *Student Questionnaire*, or as specified in this manual. Under no circumstances are students to be prompted to revise, edit, or complete any test questions during or after testing.

Once a student has completed a session and has handed in his or her student answer booklet, test administrators may **not** look through the booklets to view student responses.

When students attempt to turn in their answer booklets prior to the end of a test session, test administrators should instruct students to recheck their answer booklet for unintentionally skipped items, stuck pages, or misplaced answers before accepting the answer booklets.

Using the current year's test materials to familiarize students with test items is a violation of test security and testing procedures.

**All test items and all student responses in the NECAP tests are secure and may not be released, copied, or duplicated in any way, or kept at the school once testing is completed.**

## **General Instructions**

Estimated Time: 5 Minutes

**Materials needed for each student: Student Test Booklet, Student Answer Booklet, and two #2 pencils.**

1. Say to the students:

**Before we begin testing, you need to know that cell phones and other electronic devices such as smart phones and tablet computers are not allowed for any reason during this session, even after you turn in your materials. I am going to pass out your test materials now. Do not open the booklets I give you until I tell you what to do.**

2. Distribute one test booklet and one answer booklet to each student. Ensure that each student receives the correct booklets according to the student ID label or the name written on the front cover of each booklet. Each student must have his or her own test materials. Remind students that they must not open the booklets until they are instructed to do so.
3. Say to the students:

**During the next few days, you will be tested in writing, reading and mathematics. Your principal and teachers will use the information from this test to help plan your school's program(s). You will receive your results after the test has been scored. This test may be different from other tests you have taken. You may not be able to answer every question, but it is important that you read each one carefully and do your best.**

**Some of the test questions will be multiple-choice, which means that you will read a statement or question, or look at a picture or graph and then choose the best answer out of 4 choices. Other questions will ask you to write, draw, or graph an answer which must be written in the answer spaces in the answer booklet. Your answer does not have to fill the entire answer space, but the complete answer must fit in the answer space.**

**Please look at the front cover of your test booklet and answer booklet. If a student ID label is on each of your booklets, check that each label has *your* name and our school name on it. If your booklets do not have student ID labels, please make sure *your* name and our school name are written on the lines on the cover of your test booklet and on the bottom right corner of your answer booklet. Please raise your hand if you have the wrong booklets. (Ensure that all students have the correct booklets.) Now, write your full name on the line in the upper left corner of your answer booklet. (Pause.)**

**During all of the test sessions, you must use only a #2 pencil to write and to mark your answers in your answer booklet. Marking your answers with anything else is not permitted. Only the answers that you write in the answer booklet will be scored. If you do not have a #2 pencil, please raise your hand. (Supply a #2 pencil to students who need one.)**

Now look in the upper left corner of your answer booklet. You will see examples of the right and wrong ways to mark your answers to the multiple-choice questions. Make sure you completely darken in the circle when you mark your answers in the answer booklet. Also, be sure you completely erase any marks you wish to change. Do not make any stray marks on your answer booklet. (Pause.)

Please remember that this is a secure test and that the use of electronic devices such as cell phones, tablets, cameras, etc. during testing is strictly prohibited. Taking pictures and/or videotaping or otherwise copying items or any portion of secure NECAP test materials is a test security violation that could result in invalidation of your test.

Do you have any questions? (Answer any questions.)

4. If you are not going on to Writing – Session 1 immediately, have the students insert their answer booklets inside their test booklets. Collect all test materials and store them in a secure place until the next scheduled part of the test.

## Writing — Session 1 and Session 2 Instructions for Paper and Online Testing

**Paper and pencil testing:** Please proceed with Writing Sessions 1 and 2 by using the instructions and scripts on the following pages.

**Online testing:** If your school is participating in the online writing test, you MUST use the *Online Writing Test Administrator Manual* instead of the scripts in this manual. The scripts read aloud to students have been modified for online testing. The online manual also contains detailed instructions for using the Proctor Test Workstation and the Student Test Workstation.

Access the manual at <http://iservices.measuredprogress.org>

Your Test Coordinator or building Technology Coordinator will provide you with login information for the Proctor Test Workstation.

You should continue to use this manual for information on accommodations and what to do with your students' test booklets, answer booklets, and other testing materials after testing. All students should also complete the paper Student Questionnaire (optional in Vermont). An additional questionnaire will be provided for those students completing the online writing test and will be accessed via the internet.

## Writing — Session 1

**Estimated Time: 60 Minutes**

(Up to 30 minutes additional time may be allowed without requiring an accommodation)

**Materials needed for each student: Student Test Booklet, Student Answer Booklet, two #2 pencils, and lined scratch paper** (which may be used for pre-writing).

**Materials allowed:** Highlighters (for test booklet ONLY) and appropriate (e.g. not subject-related) reading materials for students who finish testing early.

**Materials prohibited:** The use of devices such as cell phones or smart phones, texting devices, pocket organizers, tablets (e.g., electronic writing pads or pen-input devices, etc.), as well as the use of cameras or video recording devices, during testing is strictly prohibited. In addition, dictionaries (*except for* word-to-word translation dictionaries), textbooks, thesauruses, etc. or any reference materials that relate to writing—including those on classroom walls, bulletin boards, desks, or elsewhere in the classroom—**are not** allowed during any part of this session.

1. Return the test and answer booklets to students, if necessary. Each student must have his or her original answer booklet. Distribute unused lined scratch paper to all students and instruct them to write their names on it. Distribute #2 pencils to students who need them.
2. Say to the students:

**You are now going to start Session 1 of the writing test. As a reminder, cell phones and other electronic devices such as smart phones and tablet computers are not allowed for any reason during this session, even after you turn in your materials. In this session, you will be asked to write an extended response to a writing prompt. You may use your pencil or a highlighter to circle or underline words as you read. You will have three pages to write your response. You may use your scratch paper or test booklet to plan your answers and make notes, but only what you write in the answer spaces in your answer booklet will be scored. Your scratch paper will be collected at the end of the session. Does anyone have any questions?** (Answer any questions students have about the directions.)

3. Say to the students:

**It will probably take you about 60 minutes to complete this session of the test, but you can have more time if you want it. As you work, make sure that the answer space you are completing has the same number as the question in the test booklet. Please stop when you come to the stop sign at the end of this session and review what you have written during this session. Edit and revise your writing as needed. You may not go forward or go back to work on any other sessions.**

**If you get stuck on a word in the test booklet, I can read the word to you. I cannot read a whole question or passage to you. If you want help reading a word, raise your hand.** (During the test session, pronounce a word to students who ask for assistance. Do not define the word or help the students in any other way.) **Are there any questions?** (Answer any questions students have about the directions.)

**Open your test booklet to page 1 and your answer booklet to page 3. (Pause.) The top of the page is labeled Writing – Session 1. When you reach the stop sign, insert your answer booklet and scratch paper into your test booklet. Please sit quietly and read until everyone is finished. You may begin.**

4. Circulate and check to make sure all students are on the correct page in their test booklet and answer booklet and are recording their answers within the appropriate answer spaces.
5. Students should be allowed to continue working up to 90 minutes as long as they are working productively. You may decide to end the session at any point after 60 minutes if all students have completed the session. Ensure that students who have finished are quiet so they will not disturb those students who require more time.
6. If you are not going on to Writing – Session 2 immediately, collect all test materials, including scratch paper, and store them in a secure place until the next scheduled session of the test.

**Reminder:** Once a student's test materials are collected you may not review the student's responses or allow the student to work any further on this session.

## Writing — Session 2

**Estimated Time: 60 Minutes**

(Up to 30 minutes additional time may be allowed without requiring an accommodation)

**Materials needed for each student: Student Test Booklet, Student Answer Booklet, two #2 pencils, and lined scratch paper** (which may be used for pre-writing).

**Materials allowed:** Highlighters (for test booklet ONLY) and appropriate (e.g. not subject-related) reading materials for students who finish testing early.

**Materials prohibited:** The use of devices such as cell phones or smart phones, texting devices, pocket organizers, tablets (e.g., electronic writing pads or pen-input devices, etc.), as well as the use of cameras or video recording devices, during testing is strictly prohibited. In addition, dictionaries (*except for* word-to-word translation dictionaries), textbooks, thesauruses, etc. or any reference materials that relate to writing—including those on classroom walls, bulletin boards, desks, or elsewhere in the classroom—are **not** allowed during any part of this session.

1. Return the test booklets and answer booklets to students, if necessary. Each student must have his or her original test materials. Distribute unused additional lined scratch paper to students, if needed, and instruct them to write their names on it. Distribute #2 pencils to students who need them.
2. Say to the students:

**You are now going to start Session 2 of the writing test. As a reminder, cell phones and other electronic devices such as smart phones and tablet computers are not allowed for any reason during this session, even after you turn in your materials. In this session, you will be asked to write an extended response to a writing prompt. You may use your pencil or a highlighter to circle or underline words as you read. You will have three pages to write your response. Plan your response to the writing prompt so it fits only inside the answer space in your answer booklet. You may use your scratch paper or test booklet to plan your response, but only what you write in the answer space in your answer booklet will be scored. Your scratch paper will be collected at the end of the session. Does anyone have any questions? (Answer any questions students have about the directions.)**

**It will probably take you about 60 minutes to complete this session of the test, but you can have more time if you want it. Please stop when you come to the stop sign at the end of this session. You may review what you have written during the session. Edit and revise your writing as needed. You may not go back to work on any other sessions. Are there any questions? (Answer any questions students have about the directions.)**

3. Say to the students:

**If you get stuck on a word in the test booklet, I can read the word to you. I cannot read a whole question or passage to you. If you want help reading a word, raise your hand. (During the test session, pronounce a word to students who ask for assistance. Do not define the word or help the students in any other way.) Are there any questions? (Answer any questions students have about the directions.)**  
**Open your test booklet to page 4 and your answer booklet to page 6. (Pause.) The**

**top of the page is labeled Writing – Session 2. When you reach the stop sign, place your answer booklet on top of your test booklet. Remove all scratch paper from your booklets and place it on top of your test booklet. Please sit quietly and read until everyone is finished.**

4. Circulate and check to make sure all students are on the correct page in their test booklet and answer booklet and are recording their answer within the appropriate answer space.
5. Students should be allowed to continue working up to 90 minutes as long as they are working productively. You may decide to end the session at any point after 60 minutes if all students have completed the session. Ensure that students who have finished are quiet so they will not disturb those students who require more time.
6. If you are not going on to Reading – Session 1 immediately, collect all test materials, including scratch paper, and store them in a secure place until the next scheduled session of the test. Make sure all scratch paper from the writing test sessions is removed from the booklets. Keep all used scratch paper in a secure place until test materials are returned to your test coordinator.

**Reminder:** Once a student's test materials are collected you may not review the student's responses or allow the student to work any further on this session.

## Reading — Session 1

Estimated Time: 60 Minutes

(Up to 30 minutes additional time may be allowed without requiring an accommodation)

**Materials needed for each student: Student Test Booklet, Student Answer Booklet, scratch paper, and two #2 pencils.**

**Materials allowed:** Highlighters (for test booklet ONLY) and appropriate (e.g. not subject-related) reading materials for students who finish testing early.

**Materials prohibited:** The use of devices such as cell phones or smart phones, texting devices, pocket organizers, tablets (e.g., electronic writing pads or pen-input devices, etc.), as well as the use of cameras or video recording devices, during testing is strictly prohibited. In addition, dictionaries (*including* word-to-word translation dictionaries), textbooks, thesauruses, or any other reference materials that relate to reading/English language arts/literacy—including those on classroom walls, bulletin boards, desks, or elsewhere in the classroom—are **not** allowed during any part of this session.

1. Return the test booklets and answer booklets to students, if necessary. Each student must have his or her original test materials. Distribute unused scratch paper to all students and instruct them to write their names on it. Distribute #2 pencils to students who need them.
2. Say to the students:

**You are now going to start Session 1 of the reading test. As a reminder, cell phones and other electronic devices such as smart phones and tablet computers are not allowed for any reason during this session, even after you turn in your materials. In this session, you will read three passages and answer twenty-six questions. You may not be able to answer every question, but it is important that you read each one carefully and do your best. If you are not sure of the answer to a question, you may go back to reread the passage and then you should make your best guess. You may use your pencil or a highlighter to circle or underline words as you read, but do not mark your answers in the test booklet. Instead, mark your answers in your answer booklet in pencil. Choose the best answer for each multiple-choice question and plan your written answers so they fit only inside the answer spaces in your answer booklet. You may use your scratch paper or test booklet to plan your answers and make notes, but only what you write in the answer spaces in your answer booklet will be scored. Your scratch paper will be collected at the end of the session. Does anyone have any questions? (Answer any questions students have about the directions.)**

**It will probably take you about 60 minutes to read the passages and answer the questions in this session of the test, but you can have more time if you want it. As you work, make sure that the answer space you are completing has the same number as the question in the test booklet. Please stop when you come to the stop sign at the end of this session. You may reread any passage or review your answers in this session of the test, but you may not go forward to work on any other sessions. Are there any questions? (Answer any questions students have about the directions.)**

**Open your test booklet to page 6 and your answer booklet to page 9. (Pause.) The top of each page is labeled Reading – Session 1. When you reach the stop sign, insert your answer booklet and scratch paper into your test booklet. Please sit quietly and read until everyone is finished. You may begin.**

3. Circulate and check to make sure all students are on the correct page in their test booklet and answer booklet and are recording their answers within the appropriate answer spaces.
4. Students should be allowed to continue working up to 90 minutes as long as they are working productively. You may decide to end the session at any point after 60 minutes if all students have completed the session. Ensure that students who have finished are quiet so they will not disturb those students who require more time.
5. If you are not going on to Reading – Session 2 immediately, collect all test materials, including scratch paper, and store them in a secure place until the next scheduled session of the test.

**Reminder:** Once a student's test materials are collected you may not review the student's responses or allow the student to work any further on this session.

## Reading — Session 2

Estimated Time: 60 Minutes

(Up to 30 minutes additional time may be allowed without requiring an accommodation)

**Materials needed for each student: Student Test Booklet, Student Answer Booklet, scratch paper, and two #2 pencils.**

**Materials allowed:** Highlighters (for test booklet ONLY) and appropriate (e.g. not subject-related) reading materials for students who finish testing early.

**Materials prohibited:** The use of devices such as cell phones or smart phones, texting devices, pocket organizers, tablets (e.g., electronic writing pads or pen-input devices, etc.), as well as the use of cameras or video recording devices, during testing is strictly prohibited. In addition, dictionaries (*including* word-to-word translation dictionaries), textbooks, thesauruses, or any other reference materials that relate to reading/English language arts/literacy—including those on classroom walls, bulletin boards, desks, or elsewhere in the classroom—are **not** allowed during any part of this session.

1. Return the test booklets and answer booklets to students, if necessary. Each student must have his or her original test materials. Distribute unused additional scratch paper to students, if needed, and instruct them to write their names on it. Distribute #2 pencils to students who need them.
2. Say to the students:

**You are now going to start Session 2 of the reading test. As a reminder, cell phones and other electronic devices such as smart phones and tablet computers are not allowed for any reason during this session, even after you turn in your materials. In this session, you will read three passages and answer twenty-five questions. You may not be able to answer every question, but it is important that you read each one carefully and do your best. If you are not sure of the answer to a question, you may go back to reread the passage and then you should make your best guess. You may use your pencil or a highlighter to circle or underline words as you read, but do not mark your answers in the test booklet. Instead, mark your answers in your answer booklet in pencil. Choose the best answer for each multiple-choice question and plan your written answers so they fit only inside the answer spaces in your answer booklet. You may use your scratch paper or test booklet to plan your answers and make notes, but only what you write in the answer spaces in your answer booklet will be scored. Your scratch paper will be collected at the end of the session. Does anyone have any questions? (Answer any questions students have about the directions.)**

**It will probably take you about 60 minutes to read the passages and answer the questions in this session of the test, but you can have more time if you want it. As you work, make sure that the answer space you are completing has the same number as the question in the test booklet. Please stop when you come to the stop sign at the end of this session. You may reread any passage or review your answers in this session of the test, but you may not go forward or go back to work on any other sessions. Are there any questions? (Answer any questions students have about the directions.)**

**Open your test booklet to page 20 and your answer booklet to page 13. (Pause.) The top of each page is labeled Reading – Session 2. When you reach the stop sign, insert your answer booklet and scratch paper into your test booklet. Please sit quietly and read until everyone is finished. You may begin.**

3. Circulate and check to make sure all students are on the correct page in their test booklet and answer booklet and are recording their answers within the appropriate answer spaces.
4. Students should be allowed to continue working up to 90 minutes as long as they are working productively. You may decide to end the session at any point after 60 minutes if all students have completed the session. Ensure that students who have finished are quiet so they will not disturb those students who require more time.
5. If you are not going on to Mathematics – Session 1 immediately, collect all test materials, including scratch paper, and store them in a secure place until the next scheduled session of the test.

**Reminder:** Once a student's test materials are collected you may not review the student's responses or allow the student to work any further on this session.

## Mathematics — Session 1 (Non-Calculator)

Estimated Time: 60 Minutes

(Up to 30 minutes additional time may be allowed without requiring an accommodation)

**Materials needed for each student:** Student Test Booklet, Student Answer Booklet, mathematics reference sheet, scratch paper, and two #2 pencils.

**Materials allowed:** Highlighters (for test booklet ONLY), appropriate (e.g. not subject-related) reading materials for students who finish testing early.

**Materials prohibited:** The use of devices such as cell phones or smart phones, texting devices, pocket organizers, tablets (e.g., electronic writing pads or pen-input devices, etc.), as well as the use of cameras or video recording devices, during testing is strictly prohibited. In addition, rulers, calculators, and dictionaries (*except for* word-to-word translation dictionaries) or any reference materials that relate to mathematics—including those on classroom walls, bulletin boards, desks, or elsewhere in the classroom—are **not** allowed during any part of this session.

1. Return the test booklets and answer booklets to students, if necessary. Each student must have his or her original test materials. Distribute a mathematics reference sheet to all students and instruct them to write their names on it. Distribute unused scratch paper to all students and instruct them to write their names on it. Distribute #2 pencils to students who need them. Do not distribute any of the prohibited materials referenced above.
2. Say to the students:

**You are now going to start Session 1 of the mathematics test. As a reminder, cell phones and other electronic devices such as smart phones and tablet computers are not allowed for any reason during this session, even after you turn in your materials. In this session, you will answer thirty-one questions. You may not be able to answer every question, but it is important that you read each one carefully and do your best. If you are not sure of the answer to a question, you should make your best guess. You may use your pencil or a highlighter to circle or underline words as you read, but do not mark your answers in the test booklet. Instead, mark your answers in pencil in your answer booklet. Choose the best answer for each multiple-choice question and plan your written answers so they fit only inside the answer spaces in your answer booklet.**

**You may use your scratch paper or test booklet to plan your answers and make notes, but only what you write in the answer spaces in your answer booklet will be scored. Some questions have more than one part. Try to answer all of the parts. If you are asked to explain or show how you know, be sure to copy all of your work from your scratch paper and test booklet into your answer booklet. Your scratch paper will be collected at the end of the session.**

**You are not allowed to use a calculator on this part of the test. Does anyone have any questions? (Answer any questions the students have about the directions.)**

3. Say to the students:

**It will probably take you about 60 minutes to answer the questions in this session of the test, but you can have more time if you want it. As you work, make sure that the answer space you are completing has the same number as the question in the test booklet. Please stop when you come to the stop sign at the end of this session. You may review your answers to the questions in this session of the test, but you may not go forward or go back to work on any other sessions.**

**If you get stuck on a word in the test booklet, I can read the word to you. I cannot read numbers, mathematics symbols, or a whole question to you. If you want help reading a word, raise your hand.** (During the test session, pronounce a word to students who ask for assistance. Do not define the word or help the students in any other way. Do not read any numbers written as numerals.) **Are there any questions?** (Answer any questions the students have about the directions.)

**Open your test booklet to page 32 and your answer booklet to page 18. (Pause.) The top of the page is labeled Mathematics – Session 1. When you reach the stop sign, insert your answer booklet, mathematics reference sheet, and scratch paper into your test booklet. Please sit quietly and read until everyone is finished. You may begin.**

4. Circulate and check to make sure all students are on the correct page in their test booklet and answer booklet and are recording their answers within the appropriate answer spaces.
5. Students should be allowed to continue working up to 90 minutes as long as they are working productively. You may decide to end the session at any point after 60 minutes if all students have completed the session. Ensure that students who have finished are quiet so they will not disturb those students who require more time.
6. If you are not going on to Mathematics – Session 2 immediately, collect all test materials, including scratch paper, and store them in a secure place until the next scheduled session of the test.

**Reminder:** Once a student's test materials are collected you may not review the student's responses or allow the student to work any further on this session.

## Mathematics — Session 2 (Calculator)

Estimated Time: 60 Minutes

(Up to 30 minutes additional time may be allowed without requiring an accommodation)

**Materials needed for each student:** Student Test Booklet, Student Answer Booklet, mathematics reference sheet, ruler, scratch paper, and two #2 pencils.

**Materials allowed:** (if your school has decided to allow their use) Calculators, rulers, highlighters (for test booklet ONLY), and appropriate (e.g. not subject-related) reading materials for students who finish testing early.

**NOTE:** Students may use their own calculators or those supplied by the school. See page 6 for devices and types of calculators that are prohibited.

**Materials prohibited:** The use of devices such as cell phones or smart phones, texting devices, pocket organizers, tablets (e.g., electronic writing pads or pen-input devices, etc.), as well as the use of cameras or video recording devices, during testing is strictly prohibited. In addition, dictionaries (*except for* word-to-word translation dictionaries) or any reference materials that relate to mathematics—including those on classroom walls, bulletin boards, desks, or elsewhere in the classroom—**are not** allowed during any part of this session.

1. Return the test booklets, answer booklets, and mathematics reference sheets to students, if necessary. Each student must have his or her original test materials. Distribute calculators to students if your school has decided to allow their use on the test. Distribute unused additional scratch paper to students, if needed, and instruct students to write their names on it. Distribute #2 pencils to students who need them.
2. Say to the students:

**You are now going to start Session 2 of the mathematics test. As a reminder, cell phones and other electronic devices such as smart phones and tablet computers are not allowed for any reason during this session, even after you turn in your materials. In this session, you will answer thirty-one questions. You may not be able to answer every question, but it is important that you read each one carefully and do your best. If you are not sure of the answer to a question, you should make your best guess. You may use your pencil or a highlighter to circle or underline words as you read, but do not mark your answers in the test booklet. Instead, mark your answers in pencil in your answer booklet. Choose the best answer for each multiple-choice question and plan your written answers so they fit only inside the answer spaces in your answer booklet.**

**You may use your scratch paper or test booklet to plan your answers and make notes, but only what you write in the answer spaces in your answer booklet will be scored. Some questions have more than one part. Try to answer all of the parts. If you are asked to explain or show how you know, be sure to copy all of your work from your scratch paper and test booklet into your answer booklet. Your scratch paper will be collected at the end of the session.**

3. Say to the students:

**It will probably take you about 60 minutes to answer the questions in this session of the test, but you can have more time if you want it. As you work, make sure that the answer space you are completing has the same number as the question in the test booklet. Please stop when you come to the stop sign at the end of this session. You may review your answers to the questions in this session of the test, but you may not go forward or go back to work on any other sessions.**

**If you get stuck on a word in the test booklet, I can read the word to you. I cannot read numbers, mathematics symbols, or a whole question to you. If you want help reading a word, raise your hand.** (During the test session, pronounce a word to students who ask for assistance. Do not define the word or help the students in any other way. Do not read any numbers written as numerals.) **Are there any questions?** (Answer any questions the students have about the directions.)

**Open your test booklet to page 48 and your answer booklet to page 23. (Pause.) The top of the page is labeled Mathematics – Session 2. When you reach the stop sign, insert all of your materials into your test booklet. Please sit quietly and read until everyone is finished. You may begin.**

4. Circulate and check to make sure all students are on the correct page in their test booklet and answer booklet and are recording their answers within the appropriate answer spaces.
5. Students should be allowed to continue working up to 90 minutes as long as they are working productively. You may decide to end the session at any point after 60 minutes if all students have completed the session. Ensure that students who have finished are quiet so they will not disturb those students who require more time.
7. If you are going on to the Student Questionnaire immediately, collect all scratch paper and test booklets and store them in a secure place until you are ready to return them to your test coordinator. Students should keep their Student Answer Booklets to record their answers to the questionnaire.

If you are not going on to the Student Questionnaire immediately, collect all test materials and store them in a secure place. Make sure all scratch paper is removed from the booklets. Keep all used scratch paper in a secure place until test materials are returned to the test coordinator. The Student Answer Booklets should be collected separately from the Student Test Booklets, because they will be needed for the Student Questionnaire.

**Reminder:** Once a student's test materials are collected you may not review the student's responses or allow the student to work any further on any session.

## **Student Questionnaire**

Estimated Time: 20 Minutes

**Materials needed for each student: Student Questionnaires, Student Answer Booklets, and two #2 pencils.**

**NOTE:** The Student Questionnaire is optional in Vermont.

1. If the answer booklets were collected after Session 2 of the mathematics test, return them to the students. Each student must have his or her original answer booklet. Distribute #2 pencils to students who need them. Distribute a Student Questionnaire to each student.
2. Please note: If you feel it would be helpful and more efficient for your students, you may choose to read the questionnaire aloud. Say to the students:

**You are now going to complete the Student Questionnaire. The questions will ask you about different experiences related to school. There are no right or wrong answers to these questions, so you should mark the answers that are true for you. Please mark your answers to the questions from the Student Questionnaire in your answer booklet on page 28 in the box labeled Student Questionnaire. There are 36 answer spaces, but only 34 questions. Be sure to mark your answers in the correct spaces and leave the last 2 answer spaces blank. If you do not feel comfortable answering a question, leave it blank. If you want help reading or understanding any questions, please raise your hand. Are there any questions? (Answer any questions students might have.) You may begin.**

3. Circulate and check to make sure all students are on the correct page in their answer booklet and are recording their answers in the appropriate answer spaces. Help students read and understand questions, if necessary.
4. After students complete the Student Questionnaire, collect all test materials and store them in a secure place until you are ready to return them to your test coordinator.

# After Testing

## Preparing Special Materials

Special materials include Braille tests, large print tests, and any materials that will require special handling by Measured Progress. Please carefully follow the procedures explained below to ensure the correct return of all special materials.

## Braille and Large Print Tests

Every Braille and large print version of the test comes with a standard answer booklet. A test administrator or authorized school personnel **must transcribe** the student's work into the accompanying standard answer booklet. Any student work that is not recorded in the standard answer booklet will not be scored.

## Computer Generated Responses – Accommodation R4

Schools are not required to transcribe responses to any non-multiple-choice item completed on the computer using accommodation R4. Accommodation R4 allows students to answer test items on separate paper, a computer, or similar device. It is intended to be used on an individual basis and not for entire groups of students.

Responses generated on a computer should be printed out and included with the student's answer booklet by following the specifications outlined in Appendix E. Responses should then be deleted from the computer. Students using accommodation R4 and responding on separate paper, such as paper with special lines or paper of a larger size, must continue to have their work transcribed into an answer booklet. Transcriptions for all content areas must appear exactly as written by the student, including spelling and punctuation for the Writing test sessions.

All responses to multiple-choice items must be transcribed. Only computer generated responses for non-multiple-choice test items will be accepted, and they must follow the specifications in Appendix E.

## Materials that Require Special Handling

Answer booklets that are non-standard may require special handling. Return these booklets to your test coordinator with a **detailed note** explaining why the booklet needs special handling. Examples of situations requiring special handling include, but are not limited to:

- Answer booklets that have been torn
- Answer booklets that were damaged or got wet during testing
- Multiple test forms and/or multiple answer booklets used by one student
- Answer booklets with accompanying computer generated responses (accommodation R4)

Materials that do **not** require special handling include:

- Voided booklets
- Booklets for students who withdrew from or enrolled in the school after October 1, 2013
- Booklets where standard test accommodations were used

If you have questions or concerns about which materials require special handling, please see your test coordinator.

## Hazardous Test Materials

Materials that have been contaminated with hazardous biological matter, such as blood or vomit, should not be returned to Measured Progress. In the case of contaminated test materials, please contact your test coordinator.

## Preparing Test Materials for Delivery to Test Coordinator

After all test sessions have been completed follow the steps below when preparing your test materials for delivery to your school's test coordinator:

1. Collect and review all of the test materials that were assigned to you.
2. Confirm that student ID labels have been placed in the space provided on the answer booklets.
3. For each student without a label, confirm that the front cover of the answer booklet has been completed accurately and appropriately according to the instructions in Appendix B, if you have been assigned this task.
4. For all students, whether or not they have a student ID label affixed to the answer booklet, please ensure that they have written their name on the line in the upper left corner of the front cover of their answer booklet.
5. Confirm that all accommodations have been correctly marked on page 2 of the answer booklet for every student who used an accommodation(s) during testing, according to the instructions in Appendix B, if you have been assigned this task.
6. Be sure that you are submitting an answer booklet for every student assigned to you.
7. Remove all scratch paper from the answer booklets.
8. Verify that no extra pages or materials have been stapled, taped, pasted, or otherwise attached to the answer booklets. Only computer generated responses may be inserted in the answer booklets.
9. If students used ballpoint or felt-tip pen, crayon, highlighter, or colored pencil to mark their answers in the answer booklets, notify your test coordinator.
10. Sort any materials needing special handling. Attach an explanatory note to each booklet.
11. Ensure that any used large print and Braille tests have been transcribed into the accompanying standard answer booklet.
12. Place all test materials in a stack in the following order and return it to your test coordinator:

Top of stack
Answer booklets requiring special handling (if applicable)
Large print test materials (if applicable)
Braille test materials (if applicable)
Scratch paper
Used Student Answer Booklets
Used test booklets
All unused and voided test materials
Bottom of stack

The following items **DO NOT** need to be returned to the Principal/Test Coordinator:

- Mathematics reference sheets
- Rulers
- *Student Questionnaires* (students answered in their answer booklet)
- *Test Administrator Manuals*

**Thank you very much for your help in administering the  
New England Common Assessment Program.**

# Appendix A: Page 2 of the Answer Booklet

## STUDENT PROGRAM PARTICIPATION INFORMATION

A teacher/staff person should fill in the information below, if applicable, after the completion of testing. Please refer to the Principal/Test Coordinator Manual or the Test Administrator Manual for more information.

## **Appendix B: Instructions for Completing Student Information on Answer Booklets**

Test administrators or authorized school personnel are responsible for properly affixing student ID labels in the appropriate space provided on the answer booklets. For students who do not have a student ID label available for them, test administrators or authorized school personnel are responsible for completing the student information on the front cover. The test coordinator is responsible for verifying that the information has been completed correctly.

Use the instructions below to complete the student information sections located on the front cover and page 2 of the answer booklets.

### **Front cover (for students without a student ID label)**

#### **Student Name**

Write in the student's last name, first name, and middle initial in the spaces provided and then bubble in the corresponding circles below that match those letters.

#### **State Assigned Student ID (NH only)**

Write in the state assigned student ID number in the spaces provided and then bubble in the corresponding circles below that match those numbers.

#### **Birth Date**

Bubble in the month of the student's birthday. Write the number of the day and year the student was born in the spaces provided and then bubble in the corresponding circles below that match those numbers.

### **Page 2 (to be completed after testing has concluded, if applicable)**

#### **Accommodations Used**

If a student used any accommodation(s) listed in the *NECAP Table of Standard Accommodations*, bubble in the circle that corresponds to the accommodation(s) for each content area. (The *NECAP Table of Standard Accommodations* is printed in Appendix C of this manual.)

#### **Blank Reason**

If a student's answer booklet is being returned blank in one or more sessions in a content area, bubble in the circle next to the most appropriate reason available. Do not write VOID on the booklet if any of these options accurately represent the student's situation.

#### **Homeschooled**

Bubble in the circle if the student is a homeschooled student and is not enrolled in the school.

#### **Optional Reports**

If your school chooses to use this field, bubble in the circles according to the school's key. Only one circle per row may be bubbled in. Keep a record of the key used.

#### **Research**

School personnel do not complete this section of the answer booklet. For Measured Progress use only.

## Appendix C: NECAP Table of Standard Accommodations

### NECAP Table of Standard Accommodations

Any accommodation(s) used for the assessment of an individual student will be the result of a team decision made at the local level. All decisions regarding the use of accommodations must be made on an individual student basis—not for a large group, entire class, or grade level. Accommodations are available to all students on the basis of individual need regardless of disability status and should be consistent with the student’s normal routine during instruction and assessment. **This table is not intended to be used as a stand-alone document and should always be used in conjunction with the *NECAP Accommodations Guide* and the *NECAP Principal/Test Coordinator* and/or *Test Administrator* manuals.**

T. Timing		
Code	Tests were administered	Details on Delivery of Accommodations
T1	with time to complete a session extended beyond the scheduled administration time within the same day.	NECAP tests are not designed to be timed or speeded tests. The scheduled administration time already includes additional time and the vast majority of students complete the test session within that time period. Extended time within a single sitting may be needed by students who are unable to meet time constraints. A test session may be extended until the student can no longer sustain the activity.
T2	so that only a portion of the test session was administered on a particular day.	In rare and severe cases, the extended time accommodation (T1) may not be adequate for a student not able to complete a test session within a single day. A test session may be administered to a student as two or more “mini-sessions” if procedures are followed to maintain test security and ensure that the student only has access to the items administered on that day (see the <i>NECAP Accommodations Guide</i> for details).
T3	with short, supervised breaks.	Multiple or frequent breaks may be required by a student whose attention span, distractibility, or physical condition requires shorter working periods.
T4	at the time of day or day of week that takes into account the student’s medical needs or learning style.	Individual scheduling may be used for a student whose school performance is noticeably affected by the time of day or day of the school week on which it is done. This accommodation may not be used specifically to change the order of administration of test sessions. This accommodation must not result in the administration of a test session to an individual student prior to the regularly scheduled administration time for that session for all students.

S. Setting		
Code	Tests were administered	Details on Delivery of Accommodations
S1	in a separate location within the school by trained school personnel.	A student or students may be tested individually or in small groups in an alternative site within the school to reduce distractions for themselves or others, or to increase physical access to special equipment.
S2	in an out-of-school setting by trained school personnel.	Out-of-school testing may be used for a student who is hospitalized or tutored because they are unable to attend school. The test must be administered by trained school personnel familiar with test administration procedures and guidelines. Relatives/guardians of the student may not be used as the test administrator.

P. Presentation		
Code	Tests were administered	Details on Delivery of Accommodations
P1	individually.	Individual or small group testing may be used to minimize distractions for a student or students whose test is administered out of the classroom or so that others will not be distracted by other accommodations being used (e.g., dictation).
P2	in a small group.	
P3	with test and directions read aloud in English or signed to the student. <b>(NOT allowed for the reading test.)</b>	A reader may be used for a student whose inability to read would hinder performance on the mathematics, science, or writing test. Words must be read as written. Guidelines for reading mathematical symbols and numbers written as numerals must be followed. No translations (with the exception of signed language) or explanations are allowed. Trained personnel may use sign language to administer the test.
P4	with only test directions read aloud or signed to the student.	A reader may be used for a student whose inability to read or locate directions would hinder performance on the test. Note that most directions on the NECAP test occur at the beginning of the test session and are already read aloud by the test administrator. Guidelines for what are and are not test directions must be followed. With the exception of sign language and the case of students enrolled in a program where the test administrator routinely presents information in a foreign language, directions may not be translated.
P5	with administrator verification of student understanding following the reading of test directions.	After <u>test directions</u> have been read, the test administrator may ask the student to explain what he/she has been asked to do. If directions have been misunderstood by the student, the <u>test directions</u> may be paraphrased or demonstrated. Test items <b>MUST NOT</b> be paraphrased or explained.
P6	using alternative or assistive technology that is part of the student's communication system.	The test may be presented through his/her regular communication system to a student who uses alternative or assistive technology on a daily basis. Technology may not be used to read the reading test to the student.
P7	by trained school personnel known to the student other than the student's classroom teacher.	A student may be more comfortable with a test administrator who works with the student on a regular basis, but is not the student's regular teacher for the general curriculum or other staff assigned as test administrator. All test administrators must be trained school personnel familiar with test administration and accommodations procedures and guidelines.
P8	using a large print version of assessment.	Both large print and Braille versions of the assessment require special preparation and processing and must be preordered. Directions for ordering these materials are included in communications sent to school principals prior to the test.
P9	using a Braille version of assessment.	
P10	using a word-to-word translation dictionary for ELL students. <b>(NOT allowed for the reading test.)</b>	A student with limited English proficiency may have a word-to-word dictionary available for individual use as needed. A word-to-word dictionary is one that does not include any definitions. Information on acceptable dictionaries is provided on each NECAP state's department/agency website.
P11	using visual or auditory supports.	The test may be presented using visual aids such as visual magnification devices, reduction of visual print by blocking or other techniques, or acetate shields; or auditory devices such as special acoustics, amplification, noise buffers, whisper phones, or calming music.

R. Response		
Code	Tests were administered	Details on Delivery of Accommodations
R1	with a student <u>dictating</u> responses to school personnel. <b>(NOT allowed for the writing test.</b> See O2—using a scribe for the writing test.)	A student may dictate answers to constructed-response or short-answer questions to locally trained personnel or record oral answers in an individual setting so that other students will not benefit by hearing answers or be otherwise disturbed. Policies regarding recorded answers must be followed prior to returning test materials.
R2	with a student <u>dictating</u> responses using alternative or assistive technology/devices that are part of the student’s communication system. <b>(NOT allowed for the writing test.</b> See O2—using a scribe for the writing test.)	Technology is used to permit a student to respond to the test. When using a computer, word processing device, or other assistive technology, spelling and grammar checks must be turned off. Policies regarding recorded answers must be followed prior to returning test materials.
R3	with a student using approved tools or devices to minimize distractions.	Noise buffers, place markers, etc. may be used to minimize distractions for the student. This accommodation does NOT include assistive devices such as templates, graphic organizers, or other devices intended specifically to help students organize thinking or develop a strategy for a specific question.
R4	with a student <u>writing</u> responses using separate paper, a word processor, computer, braille, or similar device.	A student may use technological or other tools (e.g., large-spaced paper) to write responses to constructed-response, short-answer, and extended-response items. A key distinction between this accommodation and R2 is that the student using this accommodation is responding in writing rather than dictating. When using a computer, word processing device, or other assistive technology, spelling and grammar checks must be turned off, as well as access to the Web. This accommodation is intended for unique individual needs, not an entire class. Policies regarding recorded answers must be followed prior to returning test materials.
R5	with a student indicating responses to multiple-choice items to school personnel.	A student unable to write or otherwise unable to fill in answers to multiple-choice questions may indicate a response to trained school personnel. The school personnel records the student’s response in the student answer booklet.
R6	with a student responding with the use of visual aids.	Visual aids include any optical or non-optical devices used to enhance visual capability. Examples include magnifiers, special lighting, markers, filters, large-spaced paper, color overlays, etc. An abacus may also be used for a student with severe visual impairment or blindness on the mathematics and science tests. Note that the use of this accommodation still requires student responses to be recorded in a student answer booklet.
R7	with a student with limited English proficiency responding with use of a word-to-word dictionary. <b>(NOT allowed for the reading test.)</b>	A student with limited English proficiency may have a word-to-word dictionary available for individual use as needed when responding. A word-to-word dictionary is one that does not include any definitions. Information on acceptable dictionaries is provided on each NECAP state’s department/agency website.

O. Other		
These accommodations require DOE approval. All Other (O) accommodations used without DOE approval result in no credit being given.		
Code	Tests were administered	Details on Delivery of Accommodations
O1	using other accommodation(s) not on this list, requested by the accommodations team.	An IEP team or other appropriate accommodation team may request that a student be provided an accommodation not included on this standard list of accommodations. Like all other accommodations, these should be consistent with the student's normal routine during instruction and/or assessment. Requests should be made to the DOE when accommodation plans are being made for a student prior to testing. DOE approval must be received for the requested accommodation to be coded as an O1 accommodation. Non-approved accommodations used during test administration will be coded as an M3 modification.
O2	with a scribe used on the writing test.	The use of a scribe for students dictating a response to the Writing test may only be used under limited circumstances and must be approved by the DOE. When approved as an accommodation, the scribe must follow established guidelines and procedures.

M. Modifications		
All modifications result in no credit being given for impacted items.		
Code	Tests were administered	Details on Delivery of Accommodations
M1	using a calculator and/or manipulatives on Session 1 of the mathematics test or using a scientific or graphing calculator on Session 3 of the science test.	Inappropriate use of a calculator or other tools will result in impacted items being scored as incorrect.
M2	with the test administrator reading the reading test.	The read aloud accommodation (P3) is not allowed for the reading test. If it is used, all reading items in the sessions that are read aloud will be scored as incorrect.
M3	using an accommodation on this list not approved for a particular test or an accommodation not included on this list without prior approval of the DOE.	Inappropriate use of an accommodation included on this list or use of another accommodation without prior approval of the DOE will result in impacted items being scored as incorrect.

Note: English language learners may qualify for any of the accommodations listed as appropriate and determined by a team. Refer to the *NECAP Accommodations Guide* for additional information.

## Appendix D: NECAP Test Administrator Questionnaire

**Instructions:** These *Test Administrator Questionnaire* questions are included below for reference purposes only. Please complete this questionnaire online. Go to <http://iservices.measuredprogress.org> and choose New England Common Assessment Program from the drop-down box. Click on the link Questionnaires.

**1. In which state do you teach?**

- A. New Hampshire
- B. Rhode Island
- C. Vermont

**2. The *Test Administrator Manual* was**

- A. very easy to use.
- B. easy to use.
- C. somewhat confusing.
- D. very confusing.

**3. The scripts that you read to students from the *Test Administrator Manual* were**

- A. very easy for students to understand.
- B. easy for students to understand.
- C. somewhat confusing for students.
- D. very confusing for students.

**4. Did the *Test Administrator Manual* provide you with all of the information you needed to successfully administer the NECAP tests?**

- A. Yes
- B. No

**5. How well did the level of information provided in the webinar presentation meet your needs?**

- A. It was insufficient.
- B. It was adequate.
- C. It was more than necessary.
- D. My school did not use the webinar presentations.
- E. I did not know about the webinar presentation.

**How helpful were the following support materials as you planned for and administered the NECAP tests?**

**6. *NECAP Accommodations Guide***

- A. Very helpful
- B. Helpful
- C. Somewhat helpful
- D. Not helpful
- E. I am not familiar with this material.

- 7. NECAP Released Items, NECAP Practice Tests, and associated support materials**
- A. Very helpful
  - B. Helpful
  - C. Somewhat helpful
  - D. Not helpful
  - E. I am not familiar with these materials.
- 8. Based on your observations during NECAP administration, approximately how much time did most students require to complete each writing session?**
- A. 30 to 45 minutes per session
  - B. 46 to 60 minutes per session
  - C. 61 to 75 minutes per session
  - D. 76 to 90 minutes per session
  - E. Not applicable
- 9. Based on your observations during NECAP administration, approximately how much time did most students require to complete each reading session?**
- A. 30 to 45 minutes per session
  - B. 46 to 60 minutes per session
  - C. 61 to 75 minutes per session
  - D. 76 to 90 minutes per session
  - E. Not applicable
- 10. Based on your observations during NECAP administration, approximately how much time did most students require to complete Session 1 of mathematics (non-calculator)?**
- A. 30 to 45 minutes
  - B. 46 to 60 minutes
  - C. 61 to 75 minutes
  - D. 76 to 90 minutes
  - E. Not applicable
- 11. Based on your observations during NECAP administration, approximately how much time did most students require to complete Session 2 of mathematics (calculator)?**
- A. 30 to 45 minutes
  - B. 46 to 60 minutes
  - C. 61 to 75 minutes
  - D. 76 to 90 minutes
  - E. Not applicable
- 12. Currently, 90 minutes is scheduled for each test session. Considering that all students should have enough time to finish, which option best represents your recommendation for timing?**
- A. Keep the timing as it is.
  - B. Shorten the time per session.
  - C. Lengthen the time per session.
- 13. Based on your observations during NECAP administration, which statement best describes student effort on the test?**
- A. Virtually all students gave a good effort. (More than 90%)
  - B. Most students gave a good effort. (60% - 90%)
  - C. About half of the students gave a good effort. (40% - 59%)
  - D. Few students gave a good effort. (Fewer than 40%)

**14. How often are computers used as part of the regular instruction time at your school?**

- A. Regularly
- B. Some of the time
- C. Rarely
- D. Computers are not available for student use.

**15. How are computers made available to students in your school? (Please select the option that best applies to your school.)**

- A. Through the use of a computer lab/bank of computers (mobile or fixed)
- B. Students have their own laptops
- C. Classroom station(s)
- D. Computers are not available for student use.

**16. How often do your students use a computer to complete writing assignments within any content area?**

- A. Every day
- B. Once a week
- C. Once a month
- D. A couple of time a year
- E. Never

Thank you for your assistance in administering the tests and completing this questionnaire. Your input is a valuable part of our ongoing efforts to improve NECAP.

## Appendix E: Computer Generated Responses, Accommodation R4

**Please note** that accommodation R4 requires “When using a computer, word processing device, or other assistive technology, spell and grammar checks must be turned off, as well as access to the Internet.”

Printouts of student work from a computer **MUST** follow these specifications:

- 8 ½ X 11 paper, with print on one side only
- Arial or Times New Roman 12 point font
- Responses to each item must be on separate pages. Only one item per page will be scored.
- Every page must have the following information in the upper left corner:
  - Student name
  - State assigned student ID
  - Booklet number (10 digit number in the lower right corner of the front cover of the student’s answer booklet)
  - Content area (Reading, Math, or Writing)
  - Item number

Please note these specifications are for the printout of a student’s response. You may find during testing that a student needs to use a larger font. If this is necessary, allow the student to work with the computer in whatever manner best fits his or her needs. School personnel must then ensure the format of the student’s responses conforms to these specifications before printing the responses.

Only responses to non-multiple-choice items can be returned as computer printouts. Answers to multiple-choice items must be recorded in the student’s answer booklet or transcribed by school personnel into the student’s answer booklet. Keep the following guidelines in mind as students create their responses using a computer:

Content Area	Item Type	Allowable Length of Response	Notes
Reading	Constructed Response	up to one-half page	This is the only type of non-multiple-choice reading item at all grades
Mathematics	Short Answer	up to one-quarter page	Grades 3 & 4: short-answer items are the only type of non-multiple-choice math item Grades 5-8 & 11: short-answer items have one or two inch answer spaces in the answer booklet
	Constructed Response	up to one-half page	Grades 5-8 & 11: constructed-response math items have half-page answer space in the answer booklet
Writing	Constructed Response	up to one-half page	Grades 5 & 8: Session 1, items 11, 12, & 13
	Extended Writing Prompt	up to 3 pages	Grades 5 & 8: Session 2, item 14 Grade 11: items 1 and 2  If a response is more than one page long, include the student’s identifying information at the top of each page and number the pages 1 of 3, 2 of 3, etc.

Student work should be deleted from the computer after printing. Insert the computer printouts in the student’s answer booklet and return it in the Special Handling envelope. Do not staple or paperclip the computer pages together, and do not staple, tape, or glue the pages into the answer booklet.
