Rhode Island Education

Supporting every Rhode Island student and preparing them with the opportunities and skills they need to be successful in a 21st century economy.

Every Student. Every Voice.

For our schools to be strong and our students to flourish, we support:

* A strong foundation for every child, which must include early literacy, high-quality pre-K, a deep understanding of math, and social and emotional learning
* Access to rigorous curriculum that is aligned to high standards and high expectations
* 21st century learning environments in well-maintained school facilities
* Career pathways for every student that are responsive to their passions and interests, and set them up for success in college, career, and life
* Meaningful professional learning opportunities for educators, so they can better support their students

This is the vision, and Rhode Island must stay the course.
