

## 2020-2021 K-12 Curriculum Survey Report

This data was collected from all Rhode Island LEAs at the start of the 2020-2021 school year. The colors are based on the EdReports rating system: Green=Meet Expectations, Yellow= Partially Meet Expectations, Red= Do Not Meet. For RIDE purposes, we have added: Purple=Not Yet Rated, Blue=Locally Developed (written by teachers/organizations and/or multiple curricula). EdReports is an independent non-profit designed to improve K-12 education by reviewing curriculum materials ([www.edreports.org](http://www.edreports.org)). For high schools, the data was collected by English 9, 10, 11, and 12, as well as Algebra 1, Geometry, and Algebra 2.

RIDE Ratings	
Meets Expectations for high quality	RIDE is excited to release this information publically. It is our vision that districts will use this list to find others to collaborate with who are also using high quality curriculum materials. We fully acknowledge that simply adopting a high quality curriculum is not nearly enough. LEAs must provide curriculum-specific, job-embedded, on-going professional learning to support teachers with this implementation.
