

2021-2022 K-12 Curriculum Survey Report

This data was collected from all Rhode Island LEAs at the start of the 2021-2022 school year. The colors are based on the EdReports rating system: Green=Meet Expectations, Yellow= Partially Meet Expectations, Red= Do Not Meet. For RIDE purposes, we have added: Purple=Not Yet Rated, Blue=Locally Developed (written by teachers and/or multiple curricula). EdReports is an independent non-profit designed to improve K-12 education by reviewing curriculum materials (www.edreports.org). For high schools, the mathematics information reflects materials for Algebra 1, Geometry, and Algebra 2.

	Meets Expectations for high quality	
	Partially Meets Expectations for high quality	
	Does Not Meet Expectations for high quality	
	Has not been rated	
	Locally Developed and/or multiple curricula	
<p><i>Each Local Education Agency (LEA) updates and verifies this information annually. It is our vision that districts will use this list to find others to collaborate with who are using the same high quality curriculum materials. Simply adopting a high quality curriculum is not nearly enough. LEAs must provide curriculum-specific, job-embedded, on-going professional learning to support teachers with this implementation.</i></p>
