GSEs for Grades K-2	GSEs for Grades 3-4
<p>G 3 (K-2) –1 Students understand why people do/do not migrate by... a. describing a reason why people have or have not moved.</p>	<p>G 3 (3-4) –1 Students understand why people do/do not migrate by... a. <u>comparing</u> reasons why people have moved.</p>
<p>G 3 (K-2) –2 Students understand the interrelationships of geography with resources by... a. identifying geographic origins of specific resources (e.g., fish from sea, wheat from plains).</p>	<p>G 3 (3-4) –2 Students understand the interrelationships of geography with resources by... a. <u>comparing products produced locally and far away</u> (e.g., apples from Scituate, oranges from Florida).</p>
<p>G 3 (K-2) –3 Students understand how geography influences human settlement, cooperation or conflict by... a. describing how features of a place influence what activities do or do not take place there (e.g., soccer field on a flat plain, not on a hill).</p>	<p>G 3 (3-4) –3 Students understand how geography influences human settlement, cooperation or conflict by... a. describing how features of a place influence <u>human decision making</u> (e.g., activities, settlement, employment).</p>
<p>b. describing how people who live near each other sometimes help each other (e.g., sharing set of markers among a desk cluster).</p>	<p>b. <u>describing how features of a place affect human cooperation or conflict.</u></p>

Rhode Island Grade Span Expectations (GSEs) for Social Studies: Grades K-4

G 4: Environment and Society: Patterns emerge as humans settle, modify, and interact on Earth’s surface to limit or promote human activities.	
GSEs for Grades K-2	GSEs for Grades 3-4
<p>G 4 (K-2) – 1 Students explain how humans depend on their environment by... a. identifying basic environmental resources needed in daily life (e.g., water, air, food).</p>	<p>G 4 (3-4) – 1 Students explain how humans depend on their environment by... a. <u>identifying how needs can be met by the environment</u> (e.g., we grow food to eat.).</p>
<p>G 4 (K-2) – 2 Students explain how humans react or adapt to an ever-changing physical environment by... a. identifying examples of how changes in the environment can change people’s behavior (e.g., we change how we dress depending on the weather or season).</p>	<p>G 4 (3-4) – 2 Students explain how humans react or adapt to an ever-changing physical environment by... a. <u>identifying ways in which the physical environment is stressed by human activity using examples from the local community</u> (e.g., pollution in the Narragansett Bay means people cannot fish for food).</p>
	<p>b. <u>generating a possible solution for a community environmental problem</u> (e.g., if there is a lot of litter, create an action plan to clean it up).</p>
<p>G 4 (K-2) –3 Students explain how human actions modify the physical environment by... a. identifying examples of how people can change the space around them (e.g., a field can be made into a playground, a tree can become a place for a tree house, an empty lot can be changed into a garden).</p>	<p>G 4 (3-4) –3 Students explain how human actions modify the physical environment by... a. <u>using maps and graphs to illustrate changes in the physical environment of the local community or region.</u></p>
<p>b. describing why people change the space around them.</p>	<p>b. <u>comparing and contrasting the effects</u> of changing a place (e.g., irrigation creates opportunity to produce crops).</p>

Rhode Island Grade Span Expectations (GSEs) for Social Studies: Grades K-4

E 1: Individuals and societies make choices to address the challenges and opportunities of scarcity and abundance.	
GSEs for Grades K-2	GSEs for Grades 3-4
<p>E 1 (K-2) –1 Students demonstrate an understanding of basic economic concepts by...</p>	<p>E 1 (3-4) –1 Students demonstrate an understanding of basic economic concepts by...</p>
<p>a. identifying human, natural, and capital resources.</p>	<p>a. <u>differentiating</u> between human, natural, and capital resources.</p>
<p>b. explaining how the availability of resources affects production of goods and offering of services and their consumption.</p>	<p>b. identifying the <u>types of resources available and the corresponding goods and services produced in real-world and historical context</u> (e.g., Rhode Island today or in different historical periods: RI colony boatbuilding and agricultural production were primary, late 1800's industrial products were primary).</p>
<p>c. identifying positive and negative economic incentives that affect behavior and choice that best satisfies an economic want.</p>	<p>c. explaining how positive and negative incentives <u>influence behavior and choices</u> (e.g., costs vs. benefits received).</p>
<p>E 1 (K-2) –2 Students demonstrate an understanding that scarcity and abundance causes individuals to make economic choices by...</p>	<p>E 1 (3-4) –2 Students demonstrate an understanding that scarcity and abundance causes individuals to make economic choices by...</p>
<p>a. recognizing and discussing the differences between basic wants and needs.</p>	<p>a. <u>explaining how scarcity requires people to make choices due to their unlimited needs and wants with limited resources.</u></p>
<p>E 1 (K-2) –3 Students demonstrate an understanding that societies develop different ways to deal with scarcity and abundance by...</p>	<p>E 1 (3-4) –3 Students demonstrate an understanding that societies develop different ways to deal with scarcity and abundance by...</p>
<p>a. identifying how goods and services are shared as a family (e.g., taking turns washing dishes, setting the table, sharing clothes, etc.)</p>	<p>a. <u>comparing the advantages and disadvantages of allocating various goods and services</u> (e.g., sharing class toys, student time on playground equipment during recess, etc.).</p>

Rhode Island Grade Span Expectations (GSEs) for Social Studies: Grades K-4

E 2: Producers and consumers locally, nationally, and internationally engage in the exchange of goods and services.	
GSEs for Grades K-2	GSEs for Grades 3-4
<p>E 2 (K-2) – 1 Students demonstrate an understanding of the variety of ways producers and consumers exchange goods and services by...</p>	<p>E 2 (3-4) –1 Students demonstrate an understanding of the variety of ways producers and consumers exchange goods and services by...</p>
a. identifying the ways in which people exchange goods and services (e.g., barter, money, commodity money).	a. <u>explaining the interdependence of buyers and sellers within various markets</u> (e.g., barter, money, commodity money).
b. explaining how prices affect the choices people make about buying or selling goods or services.	b. <u>identifying factors that affect price</u> (e.g., scarcity/abundance, incentives, competition).
c. describing how people can earn income by exchanging the use of their labor (physical or mental work) for wages or salaries.	c. <u>explaining how market forces determine the amount of income for most people</u> (e.g., people with rare skills can charge more).
<p>E 2 (K-2) – 2 Students analyze how innovations and technology affects the exchange of goods and services by...</p>	<p>E 2 (3-4) – 2 Students analyze how Innovations and technology affects the exchange of goods and services by...</p>
a. identifying how technology has changed over time and explaining how they affect the way people live, work, or play.	a. <u>explaining how innovations and technology can have positive or negative effects on how people produce or exchange goods and services.</u>

E 3: Individuals, institutions, and governments have roles in economic systems.	
GSEs for Grades K-2	GSEs for Grades 3-4
<p>E 3 (K-2) – 1 Students demonstrate an understanding of the interdependence created by economic decisions by...</p>	<p>E 3 (3-4) –1 Students demonstrate an understanding of the interdependence created by economic decisions by...</p>
a. identifying how the classroom community members exchange and consume resources. (e.g. teacher distributes limited school supplies among the students; students take turns using stations).	a. <u>comparing how individuals, institutions, and governments interact within an economy</u> (e.g. entrepreneurs start new businesses; individuals save money in banks, government redistributes money through taxing and spending).
b. recognizing the purposes of money and how it can be used (e.g., personal savings, personal spending),	b. <u>describing how money makes it easier to trade, borrow, or save, and compare the value of goods and services.</u>
<p>E 3 (K-2) – 2 Students demonstrate an understanding of the role of government in a global economy by...</p>	<p>E 3 (3-4) – 2 Students demonstrate an understanding of the role of government in a global economy by...</p>
	a. identifying how government redistributes tax income for public benefit through taxes (e.g., paying for work force training through schools).
