Regulations Governing the Education of English Learners in Rhode Island

Public Notice of Proposed Rule-Making

Pursuant to the provisions of Chapters 16-21-34 of the General Laws of Rhode Island, and in accordance with the Administrative Procedures Act Chapter 42-35 of the General Laws, the Council on Elementary and Secondary Education hereby gives notice of its intent to amend the Regulations of the Rhode Island Board of Education Governing the Education of English Learners (ELs).

The Council is seeking public comment on the amended regulations intended to govern the education of English Learners in RI, including the identification, service, assessment and exit of ELs, as well as communication with families and responsibilities of districts and schools. The changing philosophy and practice of our state and national leaders in this field encourage us to move toward a more inclusive approach to programming for ELs, who represent a highly mobile, fast-growing population. These regulations add all-day supports for ELs in every class and make clear that EL instruction is part of core instruction and district planning, not a separate consideration.

The proposed changes would:

- Update terms and phrases to reflect most recent publications from USED, RIDE and WIDA (Ex.: ESL to ENL, ELL to EL, GLE and GSE to state adopted standards, Board of Regents to Council on Elementary and Secondary Education, etc.),
- Add cultural competency to the list of key outcomes for EL students (along with success in general education, meeting of graduation requirements, post-secondary preparedness, and economic and social success),
- Change definitions of high and low incidence school districts to reflect population density rather than total number of EL students and adds monitored ELs to the total count used for reporting,
- Update and reorganizes Rhode Island’s menu of program models to align with federal guidance documents, emerging evidence-based practices and WIDA consortium definitions,
- Add transcript review and family interview to the student placement criteria,
- Encourage ELs’ access to grade-level curriculum and integration into general education classrooms by replacing minimum time-in-service for ELs at Developing, Expanding, and Bridging levels with program criteria while maintaining a 1 period minimum for ELs at the Entering and Emerging Levels,
- Release the burden of specificity of EL topics for professional development, and
Increase district flexibility to engage the families of ELs, actively supporting their participation in district family engagement opportunities.

The proposed amended regulations are available for public inspection in person at the RI Department of Elementary and Secondary Education, 255 Westminster Street, Providence, RI requested by email at ELRegs@ride.ri.gov or by calling Angela Teixeira, at 401-222-8435.

In drafting this rule, consideration was given to: (1) alternative approaches: (2) overlap or duplication with other statutory and regulatory provisions: and (3) significant economic impact on small business. No alternative approach, duplication, or overlap was identified based upon available information.

Public hearings on the proposed amended regulations will be held on:

INTRODUCTION

These amended rules and regulations, which are authorized by R.I.G.L.16-54-2, are promulgated in accordance with the obligation of the Rhode Island Board of Regents for Elementary and Secondary Education to promulgate rules and regulations to govern educational programs for English Language Learners (ELs) enrolled in the public schools of Rhode Island.

Pursuant to the provisions of R.I.G.L.42-35-3(e), and R.I.G.L.42-35-3.4, consideration was given to: (1) alternative approaches to these regulations (2) duplication or overlap with other state regulations, and (3) significant economic impact placed on small business as defined in R.I.G.L.42-35-1, et seq, as a result of these regulations. No alternative approach, overlap, or duplication nor any significant economic impact was identified. These amended regulations are intended to govern educational placements, evaluations, and curriculum coordination for English Language Learners (ELs) enrolled in the public schools of Rhode Island. Because these regulations deal with professional practice standards and curriculum coordination, they are not expected to occasion additional costs for school districts. These regulations do not exceed service levels required by Federal law.

These Regulations Governing the Education of English Language Learners (L-41, et seq.) shall supersede the Board’s previous regulations entitled Limited English Proficiency (LEP) Regulations, Chapter 16-54, as adopted by the Rhode Island Board of Regents for Elementary and Secondary Education on September 14, 2000. These superseded regulations, with their provisions stricken, are attached to this document as Attachment 1.

SHORT EXPLANATION OF WHY THESE REGULATORY CHANGES ARE NECESSARY

The Federal No Child Left Behind Act (NCLB), which became effective in 2002, requires states and school districts to ensure that English Language Learner programs will enable these Learners, “to speak, read, write, and comprehend the English language and meet challenging state academic content and student achievement standards...” as required by the Act. 20 U.S.C. 6826 In addition states must establish English-language proficiency standards for English Language Learners and ensure that English Language Learners make regular progress towards full participation in a school’s regular education programs. Under the NCLB Act, parents of English Language Learners must be informed about how they can be, “active participants in assisting their children (1) to learn English, (2) to achieve at high levels in core academic subjects and (3) to meet the same challenging state academic content and student academic achievement standards as all children are expected to meet.” 20 U.S.C. 7012 English Language Learner programs must be grounded on scientifically based research on teaching English Language Learners. 20 U.S.C. 6826 While Rhode Island’s prior regulations governing the Education of English Language Learners were of a high quality, the advent of the NCLB Act has required many technical revisions to these regulations to ensure implicit and
explicit conformity with the NCLB Act and the continued provision of quality instruction for English Language Learners in Rhode Island.

4. Ensure that English Language Learners have access to a free, appropriate, public education equal to the education provided to all other students. This goal is to be reached by ensuring that programs for English Language Learners are (1) based on sound educational theory; (2) appropriately supported, with adequate and effective staff and resources, so that the program may reasonably be expected to be successful; and (3) periodically evaluated and, if necessary, revised.

The certified and/or endorsed ESL teacher works in close collaboration with the general-education teachers in delivering content instruction for ELLs.

19. ENGLISH AS A SECOND LANGUAGE — a method of instruction that develops an English Language Learner’s social, instructional, and academic proficiency in English in order to prepare the English Language Learner to succeed in the school’s general education program. ELL program objectives and curriculum for English Language Learners in grades K-12 must be aligned with WIDA standards, language domains, proficiency levels, and performance indicators. The core curriculum is to include English-language instruction in listening, speaking, reading, and writing that incorporates content knowledge and concepts aligned to Rhode Island’s GLEs and GSEs. Teachers must meet Rhode Island certification and/or endorsement requirements for ESL instruction.

20. NEWCOMER INSTRUCTION — a program of instruction designed to educate students who have recently immigrated to the United States who have had little or no formal schooling. Newcomer Instruction provides a special academic environment that addresses gaps in the newcomer’s schooling through intensive instruction in English literacy, numeracy, and participation in sheltered content instruction. Teachers must meet state certification requirements in ESL and/or content area instruction for
English Language Learners and be highly qualified, as defined by the Rhode Island Department of Education.

21. SHELTERED CONTENT INSTRUCTION — a method of instruction that provides a comprehensive set of grade-level core academic courses aligned with the WIDA ELP standards and Rhode Island’s GLEs and GSEs. Teachers must (1) meet appropriate state certification requirements, (2) be highly qualified in their content area as defined by RIDE, and (3) participate in specialized training in ESL methods and techniques.

22.18. TWO-WAY/DUAL LANGUAGE — a method of instruction, delivered by appropriately certified EL teachers, that promotes a student’s full proficiency in all aspects of English and another language. Two-way bilingual programs teach students who are learning English alongside students who are native English-speakers who are learning the target language. Teachers must meet appropriate state certification requirements and be highly qualified as defined by RIDE in their content area.

19. TRANSITIONAL BILINGUAL EDUCATION (TBE) – a program delivered by appropriately certified EL teachers that maintains and develops skills in the primary language while introducing, maintaining, and developing skills in English. The primary purpose of a TBE program is to facilitate the ELs’ transition to an all-English instructional program, while the students receive academic subject instruction in the primary language to the extent necessary.

20. ENGLISH AS A NEW LANGUAGE (ENL) — Program of techniques, methodology, and special curriculum designed to teach ELs explicitly about the English language, including the academic vocabulary needed to access content instruction, and to develop their English language proficiency in all four language domains (i.e., speaking, listening, reading, and writing). EL program objectives and curriculum for ELs in grades K-12 must be aligned with WIDA standards, language domains, proficiency levels, and performance indicators in order to prepare the EL to succeed in the school’s general education program. Teachers of ENL must hold appropriate EL certification.

21. COLLABORATIVE ENL AND GENERAL EDUCATION — a method of instruction that provides ELs with English instruction taught by appropriately certified EL teachers and content instruction provided through the school’s general-education program by appropriately certified EL teachers. Where content and general education teachers do not have appropriate EL certification, they must work in regular, purposeful, consistent collaboration with an appropriately certified EL teacher in delivering content instruction for ELs.

22. NEWCOMER/STUDENTS WITH LIMITED OR INTERRUPTED FORMAL EDUCATION (SLIFE) — a program of instruction delivered by appropriately certified EL teachers designed to educate students who have recently immigrated to the United States who may have had little or interrupted formal education. Newcomer/SLIFE programs provide a period of time in a special academic environment that addresses gaps in the newcomer’s schooling through intensive instruction in English literacy, numeracy, and participation in sheltered content instruction of academic content, at lower the linguistic demand.
23. **WIDA-ACCESS PLACEMENT TEST (W-APT)** — an initial screening instrument developed by the WIDA Consortium to measure a student’s ability to understand, speak, and read English at a level appropriate to the student’s age and grade placement.

24. **ACCESS (ELP ASSESSMENT)** — (a) **ACCESS for ELLs** stands for ASSESSING COMPREHENSION AND COMMUNICATIONS IN ENGLISH STATE-TO-STATE FOR ENGLISH LANGUAGE LEARNERS (ELs). This WIDA-developed assessment instrument is administered annually and measures the social and academic English language proficiency of English Language Learners (ELs) in four domains: speaking, listening, reading, and writing. (b) **Alternate ACCESS for ELs** is an assessment of English language proficiency (ELP) for students in grades 1-12 who are classified as ELs and have significant cognitive disabilities that prevent their meaningful participation in the ACCESS for ELs assessment.

25. **HOME OR NATIVE LANGUAGE** — the language or languages that a child first learns or uses in the home and/or for daily communication, as recorded on file in the student’s permanent-record file.

26. **HOME LANGUAGE SURVEY** — a survey instrument created by RIDE used to identify ENGLISH LANGUAGE LEARNERS (ELs).

---

L-4-3. **Language Identification.** — (a) A district shall determine the home/native language(s) of all public-school children when these children are registered into the district. This determination shall be made through the Home Language Survey developed by RIDE, a review of student records, and a family interview.

(b) The Home Language Survey shall not be used to deny any student the right to participate in, or benefit from, any program or service.

(c) Data from the Home Language Survey shall be filed in the student’s permanent record.

(d) If the Home Language Survey indicates that a student’s home/native language is not English, a background interview with the student, and with his or her parents, shall take place. Before this interview takes place, the parents shall be informed in writing, in a language they understand, about the procedures used in the identification, assessment, and placement of ELL students. Based on the findings of this interview, the student shall be referred for a timely screening assessment. The district shall make a tentative educational assignment and provide the teacher with relevant information about the student pending the results of the ELP screening assessment. The district shall use the appropriate data from the student’s previous schools, when available, to make this tentative assignment.

L-4-4. **Initial Assessment for Program Placement** — All potential ELs must be assessed with a valid and reliable assessment to determine if they are in fact ELs. The WIDA-ACCESS Placement Test or screener shall be used to measure the student’s ability to understand, speak, read, and write in English at a level appropriate to the student’s age and grade placement. Tests and screeners must be administered by qualified assessors. If a potential EL has a disability, accommodations on the screener or an alternate form
of the screener must be available. For purposes of these regulations, the following levels of English proficiency shall be recognized:

1. Entering
2. Beginning
3. Developing
4. Expanding
5. Bridging
6. Reaching

To assist in program decisions, any student scoring at the Developing, Expanding, or Bridging Level shall be given an additional English reading assessment. When possible, a reading literacy assessment in the first native language of the student will be given to all ELLs regardless of English Proficiency level. All available test data from the student’s previous schools shall be used in the placement process. Parents must be informed in a timely manner of their child’s ELP level and EL program options.

L.4-5. Program standards. — ELL-EL programs shall:

1. Meet the linguistic and academic needs of the English Language Learners as indicated by the identification and assessment process.
2. Ensure that all English Language Learners attain proficiency in speaking, listening to, reading, and writing English at a level sufficient to enable them to succeed in the school’s general academic program.
4. Provide clear pathways for each student to meet the Rhode Island Graduation by Proficiency Diploma Requirements.
5. Use research-based instructional practices recognized as sound by experts in the education of English Language Learners at the elementary, middle, and high-school levels.
6. Provide opportunities for achievement in all content-area classes or courses through specialized language instruction for English Language Learners until the student has reached a level of English-language proficiency permitting him or her to succeed in the school district’s general academic program.
7. Ensure equitable access to all services, and materials that are provided to all other students.
8. Include and commit sufficient personnel and resources to effectively implement the program.
9. Provide for the maintenance, analysis and use of data concerning student academic progress to help close all gaps in English Language Learner achievement levels.
10. Ensure that specialized language instruction for English Language Learners (ELs) is provided by appropriately certified and endorsed teachers who are highly qualified and who are provided with regular, sustained, high-quality, job-embedded professional development.

11. Be designed by local school-district administrators in consultation with (1) appropriately certified or endorsed ESL/EL teachers, (2) endorsed bilingual education teachers, (3) parents of English Language Learners, (4) ELL students/ELs, (5) ELs, and (6) building administrators.

12. Be distributed in the school district’s facilities in such a way that English Language Learners (ELs) are not inappropriately clustered away from students in the school’s regular education programs or assigned to only a restricted range of schools, when other school-housing options are available to provide quality services based on students’ educational needs and scientifically research based instructional models. Cooperative service agreements between districts shall not operate in a way that abridges this principle— or otherwise constitute de facto segregation either within a single school building or by means of EL placement in schools not serving as the EL’s home school.

L-4-6. Student Placement Standards. — (a) Whenever an identified English Language Learner (EL) is placed in an ELL/EL instructional program, the ELL/EL Administrator and/or the Coordinator shall review all the student’s identification and assessment data. This data shall include:

1. the student’s English-proficiency level
2. the student’s literacy level in her or his native language or languages
3. number of years the student has attended school
4. continuity of the student’s schooling
5. student retention information
6. thoughtful review of transcripts to award credit where possible
7. family interview
8. information on whether the student is receiving special education, whether the student may be in need of special education, or whether the student has a disability that affects his or her academic performance or limits his or her access to school facilities.

(b) A student’s instructional placement must address his or her academic needs. To meet these needs:

1. An English Language Learner (An EL) shall be classified in accordance with these regulations and shall be placed in the appropriate grade for his or her age, except when the learner’s educational background indicates a need for an alternative placement as a result of limited formal schooling.
2. The student (An EL) shall not be placed more than one grade level below that appropriate to his or her age except as provided for in L-4-5 (1), above.
3. At the secondary level, districts must review the English Language Learner’s (ELL) previous educational records to ensure that the student’s educational needs are met on a basis equal to that provided to other students.

4. The placement decision shall respect the right of an English Language Learner (ELL) to participate in other programs and services for which he or she is eligible or entitled to (e.g., special education, targeted interventions, gifted programs) so as to ensure that the student’s educational needs are met on a basis equal to that provided to other students.

5. All English Language Learners (ELs) shall receive an assessment of their home/native language literacy when valid evaluation instruments are available.

6. Placement of English Language Learners (ELs) in a specialized instructional program for English Language Learners (ELs) shall be made within twenty (20) school days of the completion of the Home Language Survey. See also: Section L-4-3 (d) [English Language Learners (ELs) entitled to immediate tentative placement.]

7. All student assessment and placement data, including questions of exceptionality, shall be sent to the appropriate district administrator. These data shall be recorded in the student’s permanent record.

8. The district shall provide a student’s (EL) parents with a complete description of the student’s (EL) placement and the reasons for that placement referral. This notice shall be in English and in the home/native language of the parents unless it can be demonstrated to RIDN that this requirement would place an unreasonable burden on the school district. When possible, RIDE shall provide sample notification letters for use by low-incidence districts.

9. Parents shall be informed of the date of their child’s placement and of their right to approve or waive the proposed placement. If the parents choose to waive the child’s (ELL) program placement, the district is responsible for assessing the English Language Proficiency of the student on the annual ELP assessment as well as for conducting a six month monitoring of the student’s academic progress without benefit of (ELL) services. Parents must be notified of the results of both the ELP assessment and monitoring so that the placement decision might be reviewed.

L-4-7. Time requirements—ENTERING AND BEGINNING-LEVEL ENGLISH LANGUAGE LEARNERS must receive a minimum of 3 periods (or the equivalent) of ESL instruction a day. DEVELOPING ENGLISH LANGUAGE LEARNERS must receive a minimum of 2 periods (or the equivalent) of ESL instruction a day. EXPANDING AND BRIDGING ENGLISH LANGUAGE LEARNERS must receive a minimum of 1 period (or the equivalent) of ESL instruction a day. This ELL instruction must (1) develop the English Language Learner’s ability to understand, speak, read, and write academic English, (2) be aligned with WIDA standards, and (3) incorporate content knowledge and concepts aligned to Rhode Island’s GLEs and GSEs. The ELL instructional period shall have the same length as the school’s general content area periods. Equitable Access [This section shall go into effect no later than July 1, 2018 and the prior time requirements would remain in effect until full implementation of L 4-7]. — ELs shall have equitable access to academic content in all courses in which they are enrolled through the employment of a variety of English language instructional program models or program model components. Regardless of the program model(s) employed, the academic program for ELs shall, at a minimum:
be aligned to state academic content standards for the appropriate grade level of the ELs;

• be delivered by appropriately certified EL teachers or teachers who are working in regular, purposeful, consistent collaboration with appropriately certified EL teachers;

• incorporate the use of the WIDA English Language Development Standards (ELDS);

• provide equitable access to content for ELs at all language proficiency levels by providing research-based bilingual or sheltered instruction with fidelity; and

• not limit the enrollment of ELs in any course or academic program for which they would otherwise be eligible.
