(a) *General.* (1) *Child with a disability* means a child, aged 3 to 21, evaluated in accordance with §§ 300.304 through 300.311 as having mental retardation, a hearing impairment (including deafness), a speech or language impairment, a visual impairment (including blindness), a serious emotional disturbance (referred to in this part as “emotional disturbance”), an orthopedic impairment, autism spectrum disorder, traumatic brain injury, an other health impairment, a specific learning disability, deaf-blindness, or multiple disabilities, and who, by reason thereof, needs special education and related services.

(2)(i) Subject to paragraph (a)(2)(ii) of this section, if it is determined, through an appropriate evaluation under §§ 300.304 through 300.311, that a child has one of the disabilities identified in paragraph (a)(1) of this section, but only needs a related service and not special education, *the child is not a child with a disability under this part.*

(ii) If, consistent with § 300.39(a)(2), the related service required by the child is considered special education rather than a related service under State standards, *the child would be determined to be a child with a disability under paragraph (a)(1) of this section.*

(b) *Children aged 3 through 8 experiencing developmental delays.* (1) Child with a disability, for children aged 3 through 8 (up to the child’s ninth birthday), includes a child who shall qualify for special education and related services when the child is experiencing a developmental delay or a disability, as determined by the evaluation process; and

Included in the spectrum are: Autism, Pervasive Developmental Disorder Not Otherwise Specified, Rett’s Disorder, Asperger’s Disorder and Childhood Disintegrative Disorder. Other characteristics often associated with autism are engagement in repetitive activities and stereotyped movements, resistance to environmental change or change in daily routines, and unusual responses to sensory

experiences. The term does not apply if a child's educational performance is adversely affected primarily because the child has an emotional disturbance as defined herein.

(ii) A child who manifests the characteristics of "autism spectrum disorder" after age 3 could be diagnosed as having "autism spectrum disorder" if the criteria of this section are satisfied.

(2) *Deaf-blindness* means concomitant hearing and visual impairments, the combination of which causes such severe communication and other developmental and educational needs that they cannot be accommodated in special education programs solely for children with deafness or children with blindness.

(3) *Deafness* means a hearing impairment that is so severe that the child is impaired in processing linguistic information through hearing, with or without amplification, that adversely affects a child's educational performance.

(4)(i) *Emotional disturbance* means a condition exhibiting one or more of the following characteristics over a long period of time and to a marked degree that adversely affects a child's educational performance:

(C) Inappropriate types of behavior or feelings under normal circumstances.

(E) A tendency to develop physical symptoms or fears associated with personal or school problems.

(ii) Emotional disturbance includes schizophrenia. The term does not apply to children who are socially maladjusted, unless it is determined that they have an emotional disturbance under paragraph (c)(4)(i) of this section.

(5) *Hearing impairment* means an impairment in hearing, whether permanent or fluctuating, that adversely affects a child's educational performance but that is not included under the definition of deafness in this section.

(6) *Mental retardation* means significantly subaverage general intellectual functioning, existing concurrently with deficits in adaptive behavior and manifested during the developmental period that adversely affects a child's educational performance.

(7) *Multiple disabilities* means concomitant impairments (such as mental retardation-blindness or mental retardation-orthopedic impairment), the combination of which causes such severe educational needs that they cannot be accommodated in special education programs solely for one of the impairments. The term does not include deaf-blindness.

(8) *Orthopedic impairment* means a severe orthopedic impairment that adversely affects a child's educational performance. The term includes impairments caused by congenital anomaly impairments caused by disease (e.g., poliomyelitis, bone tuberculosis), and impairments from other causes (e.g., cerebral palsy, amputations, and fractures or burns that cause contractures).

(9) *Other health impairment* means having limited strength, vitality or alertness, including a heightened alertness to environmental stimuli, that results in limited alertness with respect to the educational environment, that —

(i) Is due to chronic or acute, health problems such as asthma, attention deficit disorder or attention deficit hyperactivity disorder, diabetes, epilepsy, a heart condition, hemophilia, lead poisoning, leukemia, nephritis, rheumatic fever, and sickle cell anemia, and Tourette syndrome; and

(ii) Adversely affects a child's educational performance.

(10) *Specific learning disability* (i) *General*. (ii) *Disorders not included*. Specific learning disability does not include learning problems that are primarily the result of visual, hearing, or motor disabilities, of mental retardation, of emotional disturbance, or of environmental, cultural, or economic disadvantage.

(11) *Speech or language impairment* means a communication disorder, such as stuttering, impaired articulation, a language impairment, or a voice impairment, that adversely affects a child's educational performance.

(12) *Traumatic brain injury* means an acquired injury to the brain caused by an external physical force, resulting in total or partial functional disability or psychosocial impairment, or both, that adversely affects a child's educational performance. Traumatic brain injury applies to open or closed head injuries resulting in impairments in one or more areas, such as cognition; language; memory; attention; reasoning; abstract thinking; judgment; problem-solving; sensory, perceptual, and motor abilities; psychosocial behavior; physical functions; information processing; and speech. Traumatic brain injury does not apply to brain injuries that are congenital or degenerative, or to brain injuries induced by birth trauma.

(13) *Visual impairment including blindness* means an impairment in vision that, even with correction, adversely affects a child's educational performance. The term includes both partial sight and blindness.

(2) If a parent revokes consent, that revocation is not retroactive (i.e., it does not negate an action that has occurred after the consent was given and before the consent was revoked).

(3) If the parent revokes consent in writing for their child's receipt of special education services after the child is initially provided special education and related services, the public agency is not required to amend the child's education records to remove any references to the child's receipt of special education and related services because of the revocation of consent.

(3) In implementing the requirements of this section, a public agency may not —

(b) *Regular physical education.* Each child with a disability must be afforded the opportunity to participate in the regular physical education program available to nondisabled children unless —

- (1) The child is enrolled full time in a separate facility; or
- (2) The child needs specially designed physical education, as prescribed in the child’s IEP.

(c) *Special physical education.* If specially designed physical education is prescribed in a child’s IEP, the public agency responsible for the education of that child must provide the services directly or make arrangements for those services to be provided through other public or private programs.

(d) *Education in separate facilities.* The public agency responsible for the education of a child with a disability who is enrolled in a separate facility must ensure that the child receives appropriate physical education services in compliance with this section.

(d) *Interagency agreement.* The RI Department of Education and the RI Department of Human Services have executed interagency agreements which serve as the primary mechanism through which universal screening is conducted and which specify the administrative, fiscal, and programmatic responsibility of each department relative to Child Find activities. The use of an interagency agreement or other mechanism for providing for the Early Intervention lead agency's participation does not alter or diminish the responsibility of the LEA to ensure compliance with the requirements of this section.

(e) *Confidentiality of child find data.* The collection and use of data to meet the requirements of this section are subject to the confidentiality requirements of these regulations.

300.112 Individualized education programs (IEP).

Least Restrictive Environment (LRE)

300.114 LRE requirements.

(a) *General.* (1) Except as provided in § 300.324(d)(2) (regarding children with disabilities in adult prisons), each public agency must ensure that —

- (i) To the maximum extent appropriate, children with disabilities, including children in public or

private institutions or other care facilities, are educated with children who are nondisabled; and (ii) Special classes, separate schooling or other removal of children with disabilities from the regular educational environment occurs only if the nature or severity of the disability is such that education in regular classes with the use of supplementary aids and services cannot be achieved satisfactorily.

300.115 Continuum of alternative placements.

(a) Each public agency must ensure that a continuum of alternative placements is available to meet the needs of children with disabilities for special education and related services.

(b) The continuum required in paragraph (a) of this section must —

(1) Include the alternative placements listed in the definition of special education under § 300.39 (instruction in regular classes, special classes, special schools, home instruction, instruction in hospitals and institutions); and

(2) Placement in a special class integrated in a school district building. Placement must be based on similarity of student strengths and needs for the purpose of ensuring academic achievement and functional performance. Such classes must be taught by a special education teacher, together with other appropriately certified specialists providing related services. These professionals shall also consult with the child's parents.

(3) Home or hospital instruction provided by special education teachers, general education classroom teachers or regular education, subject-matter teachers, together with other appropriately certified specialists providing related services, as needed; to any child with a disability whose health status warrants home or hospital instruction.

(5) Special education residential school placement in a separate public or non-public facility whose special education program has been approved by the Rhode Island Commissioner of Elementary and Secondary Education.

(6) A continuum of services must be available to enable each child ages fourteen (14) to twenty one (21) or earlier if appropriate, or upon graduation with a regular high school diploma, to achieve his or her measurable post-secondary goals as defined in §§ 300.43 and 300.320(b).

All preschool children (ages 3 through 5) with disabilities shall receive an IEP or IFSP suited to their particular needs which shall include, but not be limited to, language development, symbol recognition, communication and socialization skills, health, perceptual and sensory-motor development, art, music and physical education.

Each public agency must make available to each child with a disability, aged three (3) through (5) years old, a program which represents the least restrictive environment (LRE) and the appropriate placement given the student's individualized education program (IEP) or individualized family service plan (IFSP). Unless the individualized education program (IEP) or individualized family service plan (IFSP) requires otherwise, special education and related services shall be provided in that setting in which the child would normally be placed if he or she did not have a disability. The SEA has guidelines to assist IEP teams in determining delivery of services decisions. The array of educational settings shall include the following placement opportunities:

(1) Temporary placement in any educational setting as described in this Section, for a period of no more than thirty (30) days, when necessary to aid in determining educational objectives and the appropriate placement for an eligible child with a disability. Prior to such placement, an interim individualized education program (IEP) or individualized family service plan (IFSP) shall be developed which specifies the conditions and timelines for the temporary placement. Upon the close of the interim period, an individualized education program (IEP) or individualized family service plan (IFSP) meeting shall be conducted to finalize the child's individualized education program (IEP) or individualized family service plan (IFSP).

(2) Placement in a general early childhood setting with on-site consultation by an early childhood special educator and/or provider(s) of related services to the general education teacher and/or to the family and, when indicated by the IEP or IFSP, direct intervention with the child. Early childhood settings include, but are not limited to: general kindergarten classes, public and non-public preschools, Head Start programs, early care and education centers, home/early childhood combinations, home/Head Start combinations, or home based child care, which meet federal or state requirements. In these settings, children receive all of their special education and related services in programs designed primarily for children without disabilities.

(3) Placement in an integrated preschool class designed primarily for preschool children with disabilities and including children without disabilities that is located in a public school building. The maximum class size shall be no more than fifteen (15) children with less than fifty percent (50%) being children with disabilities. The staff shall include at a minimum, an early childhood special educator and teacher assistant with the provision of additional staff as indicated by the needs of the children and their IEPs or IFSPs.

(4) Home-based special education and, where appropriate, related services provided to the child together with his or her parent(s) or primary care provider. Home visits shall include instruction for the parent or primary care provider, demonstration of specific tasks and provision of developmental toys and materials for the parents or primary care provider to use with the child. A home-based program may supplement placement in another program option or, for pre-kindergarten-aged students be available as the primary placement, unless the child's needs, as determined by the evaluation process, can more appropriately be met in a group setting. When

implemented as the primary placement, home visits shall be scheduled at least weekly and in accordance with the IEP or IFSP.

(5) Placement at home or in a general early childhood setting with supplementary placement in an early childhood special education setting for a portion of the school day or week.

(6) Full-time placement in an early childhood special education setting which is located in a public school building or other community based early childhood facility.

(7) Placement in a special education day school.

(8) Placement in a residential special education school.

300.115(C) Continuum of special education placements and services: homebound and hospital instructional programs.

(a) *General.* In determining the educational services for a child with a disability in homebound and hospital instruction programs, the IEP Team shall determine what constitutes an appropriate program, including the consideration of whether the child is in need of an extended school year program, as required by § 300.106.

(b) *Homebound Instructional Programs.* (1) The home atmosphere shall be conducive to learning. Special conditions recommended by the physician shall be observed.

(2) The minimum number of hours of instruction shall be five (5) hours per school week at the elementary level of education and six (6) hours at the secondary level of education unless fewer hours are recommended by the physician. Depending on the physical condition of the child, a number of instructional hours greater than the minimum number of hours required per week is permissible.

(3) A complete record of homebound teaching activities shall be maintained.

(4) Homebound instruction shall be coordinated with the work of the regular education class so that return to school (if this is possible) will require little readjustment, or so that the long-term homebound instruction may approximate the regular education curriculum to the highest degree possible.

(5) The use of a home-to-school telephone system or other appropriate technological system should be employed whenever possible. In such cases, however, a teacher should provide instruction in the student's home for at least one (1) hour each school week.

(6) Children with disabilities who receive homebound instruction shall be provided with summer tutoring, if they are unable to complete their current school year because of health reasons.

(7) Teachers of homebound instruction shall hold Rhode Island teaching certificates in the area appropriate to educate and provide related services to the student with a health impairment, a physical disability or to the student's disability condition.

(8) School districts shall not use home tutoring programs as a substitute for in-school programs nor as a means of excluding students with disabilities from in-school programs.

(c) *Hospital Instructional Programs.*

(i) Hospital special education instructional programs shall meet the same criteria as that specified for homebound instructional programs when dealing with acute medical problems. In addition, private and State hospitals wishing to establish their in-patient educational programs or out-patient instructional programs must be approved by the Rhode Island Commissioner of Elementary and

Secondary Education before they may operate such programs in Rhode Island and shall follow the same procedure and criteria for approval as outlined for non-public schools and State-operated school programs.

(ii) Certification of Hospital Teaching Personnel.

(iii) All teachers employed in hospital programs shall be trained and certified to provide special education in the area of basic disability for which the hospital program is established.

300.116 Placements.

In determining the educational placement of a child with a disability, including a preschool child with a disability, each public agency must ensure that —

(a) The placement decision—

(1) Is made by an IEP Team, including the parents, and other persons knowledgeable about the child, the meaning of the evaluation data, and the placement options; and

(2) Is made in conformity with the LRE provisions of this subpart, including §§ 300.114 through 300.118.

(b) The child's placement –

(1) Is determined at least annually;

(2) Is based on the child's IEP; and

(3) Is as close as possible to the child's home;

(c) Unless the IEP of a child with a disability requires some other arrangement, the child is educated in the school that he or she would attend if nondisabled;

(d) In selecting the LRE, consideration is given to any potential harmful effect on the child or on the quality of services that he or she needs;

(e) A child with a disability is not removed from education in age-appropriate regular classrooms solely because of needed modifications in the general education curriculum; and

(f) In providing services to children with disabilities in special classes the age range of the children shall not exceed four years. An exception to this requirement can be made only by the IEP team based on the documented needs of the child and with the agreement of the parents of all of the other students in the class where placement is sought.

300.117 Nonacademic settings.

In providing or arranging for the provision of nonacademic and extracurricular services and activities, including meals, recess periods, and the services and activities set forth in § 300.107, each public agency must ensure that each child with a disability participates with nondisabled children in the extracurricular services and activities to the maximum extent appropriate to the needs of that child. The public agency must ensure that each child with a disability has the supplementary aids and services determined by the child's IEP Team to be appropriate and necessary for the child to participate in nonacademic settings.

300.118 Children in public or private institutions.

Each public agency must ensure that the LRE requirements at § 300.114 are effectively implemented, including, if necessary, making arrangements with public and private institutions.

300.119 Technical assistance and training activities.

Each public agency must carry out activities to ensure that teachers and administrators in all public agencies —

- (a) Are fully informed about their responsibilities for implementing these regulations; and
- (b) Are provided with technical assistance and training necessary to assist them in this effort.

300.120-123 Reserved

300.124 Transition of children from Part C to preschool programs.

(a) Not later than the child's third birthday, an IEP or IFSP must be in effect for each eligible child with a disability.

(b) If a child's third birthday occurs during the summer, the child's IEP team shall determine the date when services under the IEP or IFSP will begin.

(c) At the time the child turns thirty (30) months, a transition team minimally consisting of a resident school district representative, the parent(s), an Early Intervention Program representative, and at the discretion of the parent(s) or agencies, other individuals who have knowledge or expertise regarding the child (including child care, Head Start, advocates and home provider, other family members, and related services personnel) must meet to develop a written plan which includes the activities to take place during the transition period, the timelines in which the activities will occur, and the persons responsible for carrying out these activities. Each LEA must respond within ten (10) school days to the Early Intervention (EI) transition notice and send an LEA representative to the thirty (30) month transition team meeting.

(d) These activities will occur over a six (6) month period of time and will reflect the individual needs of the child and the participation of the child's family. For a child who will become thirty-six (36) months of age between May and September, these activities will occur on an adjusted timeline that will allow for the participation of all parties, and to insure that the child will begin receiving special education and related services upon the opening of school, or when the child turns thirty six (36) months if a child is eligible for an extended school year program.

(e) As part of the transition plan, if a child is determined to be ineligible for special education services, the transition team will refer the family and child to appropriate community resources.

300.132 Provision of services for parentally-placed private school children with disabilities—basic requirement.

(a) *General.* To the extent consistent with the number and location of children with disabilities who are enrolled by their parents in private, including religious, elementary schools and secondary schools located in the school district served by the LEA, provision is made for the participation of those children in the program assisted or carried out under Part B of the Act by providing them with special education and related services, including direct services determined in accordance with § 300.137.

(b) *Calculating proportionate amount.* In calculating the proportionate amount of Federal funds to be provided for parentally-placed private school children with disabilities, the LEA, after timely and meaningful consultation with representatives of private schools under § 300.134, must conduct a thorough and complete child find process to determine the number of parentally-placed children with disabilities attending private schools located in the LEA. (See Appendix B of federal regulations for an example of how proportionate share is calculated)

(c) *Annual count of the number of parentally-placed private school children with disabilities.* (1) Each LEA must—

(i) After timely and meaningful consultation with representatives of parentally-placed private school children with disabilities (consistent with § 300.134), determine the number of parentally-placed private school children with disabilities attending private schools located in the LEA; and

(ii) Ensure that the count is conducted on any date between October 1 and December 1, inclusive, of each year.

(2) The count must be used to determine the amount that the LEA must spend on providing special education and related services to parentally-placed private school children with disabilities in the next subsequent fiscal year.

(d) *Supplement, not supplant.* State and local funds may supplement and in no case supplant the proportionate amount of Federal funds required to be expended for parentally-placed private school children with disabilities under this part.

300.134 Consultation.

To ensure timely and meaningful consultation, an LEA, or, if appropriate, an SEA, must consult with private school representatives and representatives of parents of parentally-placed private school children with disabilities during the design and development of special education and related services for the children regarding the following:

- (2) How special education and related services will be apportioned if funds are insufficient to serve all parentally-placed private school children; and
- (3) How and when those decisions will be made.

(e) *Written explanation by LEA regarding services.* How, if the LEA disagrees with the views of the private school officials on the provision of services or the types of services (whether provided directly or through a contract), the LEA will provide to the private school officials a written explanation of the reasons why the LEA chose not to provide services directly or through a contract.

300.135 Written affirmation.

(a) When timely and meaningful consultation, as required by § 300.134, has occurred, the LEA must obtain a written affirmation signed by the representatives of participating private schools.

(b) If the representatives do not provide the affirmation within a reasonable period of time, the LEA must forward the documentation of the consultation process to the SEA.

300.136 Compliance.

(a) *General.* A private school official has the right to submit a complaint to the SEA that the LEA—

- (1) Did not engage in consultation that was meaningful and timely; or
- (2) Did not give due consideration to the views of the private school official.

(2) Parentally-placed private school children with disabilities may receive a different amount of services than children with disabilities in public schools.

(b) *Services provided in accordance with a services plan.* (1) Each parentally-placed private school child with a disability who has been designated to receive services under § 300.132 must have a services plan that describes the specific special education and related services that the LEA will provide to the child in light of the services that the LEA has determined, through the process described in §§ 300.134 and 300.137, it will make available to parentally-placed private school children with disabilities.

- (a) A public agency must control and administer the funds used to provide special education and related services under §§ 300.137 through 300.139, and hold title to and administer materials, equipment, and property purchased with those funds for the uses and purposes provided in the Act.
- (b) The public agency may place equipment and supplies in a private school for the period of time needed for the Part B program.

Children With Disabilities in Private Schools Placed or Referred by Public Agencies

300.145 Applicability of §§ 300.146 through 300.147.

§§ 300.146 through 300.147 apply only to children with disabilities who are or have been placed in or referred to a private school or facility by a public agency as a means of providing special education and related services.

300.146 Responsibility of LEA.

Each LEA must ensure that a child with a disability who is placed in or referred to a private school or facility by a public agency —

- (a) Is provided special education and related services —
 - (1) In conformance with an IEP that meets the requirements of §§ 300.320 through 300.325; and
 - (2) At no cost to the parents;
- (b) Is provided an education that meets the standards that apply to education provided by the SEA and the LEA including the requirements of this part, except for the personnel requirements at § 300.18 and § 300.156(c); and
- (c) Has all of the rights of a child with a disability who is served by a public agency.

300.147

In implementing § 300.146, the SEA shall —

- (a) Monitor compliance through procedures such as written reports, onsite visits, and parent questionnaires;
- (b) Disseminate copies of applicable standards to each private school and facility to which a public agency has referred or placed a child with a disability; and
- (c) Provide an opportunity for those private schools and facilities to participate in the development and revision of State standards that apply to them.

Children With Disabilities Enrolled by Their Parents in Private Schools When FAPE is at Issue

300.148 Placement of children by parents when FAPE is at issue.

(a) *General.* This part does not require an LEA to pay for the cost of education, including special education and related services, of a child with a disability at a private school or facility if that agency made FAPE available to the child and the parents elected to place the child in a private school or facility. However, the public agency must include that child in the population whose needs are addressed consistent with §§ 300.131 through 300.144.

(b) *Disagreements about FAPE.* Disagreements between the parents and a public agency regarding the availability of a program appropriate for the child, and the question of financial reimbursement, are subject to the due process procedures in §§ 300.504 through 300.520.

(c) *Reimbursement for private school placement.* If the parents of a child with a disability, who previously received special education and related services under the authority of a public agency, enroll the child in a private preschool, elementary school, or secondary school without the consent of or referral by the public agency, a court or a hearing officer may require the agency to reimburse the parents for the cost of that enrollment if the court or hearing officer finds that the agency had not made FAPE available to the child in a timely manner prior to that enrollment and that the private placement is appropriate. A parental placement may be found to be appropriate by a hearing officer or a court even if it does not meet the State standards that apply to education provided by the SEA and LEAs.

(d) *Limitation on reimbursement.* The cost of reimbursement described in paragraph (c) of this section may be reduced or denied —

(1) If —

(i) At the most recent IEP Team meeting that the parents attended prior to removal of the child from the public school, the parents did not inform the IEP Team that they were rejecting the placement proposed by the public agency to provide FAPE to their child, including stating their concerns and their intent to enroll their child in a private school at public expense; or

(ii) At least ten (10) business days (including any holidays that occur on a business day) prior to the removal of the child from the public school, the parents did not give written notice to the public agency of the information described in paragraph (d)(1)(i) of this section;

(2) If, prior to the parents' removal of the child from the public school, the public agency informed the parents, through the notice requirements described in § 300.503(a)(1), of its intent to evaluate the child (including a statement of the purpose of the evaluation that was appropriate and reasonable), but the parents did not make the child available for the evaluation; or

(3) Upon a judicial finding of unreasonableness with respect to actions taken by the parents.

(e) *Exception.* Notwithstanding the notice requirement in paragraph (d)(1) of this section, the cost of reimbursement —

(1) Must not be reduced or denied for failure to provide the notice if —

(i) The school prevented the parents from providing the notice;

- (ii) The parents had not received notice, pursuant to § 300.504, of the notice requirement in paragraph (d)(1) of this section; or
 - (iii) Compliance with paragraph (d)(1) of this section would likely result in physical harm to the child; and
- (2) May, in the discretion of the court or a hearing officer, not be reduced or denied for failure to provide this notice if —
- (i) The parents are not literate or cannot write in English; or
 - (ii) Compliance with paragraph (d)(1) of this section would likely result in serious emotional harm to the child.

300.149 – 300.150 Reserved.

State Complaint Procedures

300.151 Adoption of State complaint procedures.

- (a) *General.* The SEA has established written procedures for —
- (1) Resolving any complaint, including a complaint filed by an organization or individual from another State, that meets the requirements of § 300.153 by —
 - (i) Providing for the filing of a complaint with the SEA; and
 - (2) Widely disseminating to parents and other interested individuals, including parent training and information centers, protection and advocacy agencies, independent living centers, and other appropriate entities, the State procedures under §§ 300.151 through 300.153.
- (b) *Remedies for denial of appropriate services.* In resolving a complaint in which the SEA has found a failure to provide appropriate services, the State, pursuant to its general supervisory authority under Part B of the Act, must address —
- (1) The failure to provide appropriate services, including corrective action appropriate to address the needs of the child (such as compensatory services or monetary reimbursement); and
 - (2) Appropriate future provision of services for all children with disabilities.

300.152 State complaint procedures.

- (a) *Time limit; procedures.* The SEA has established a time limit of 60 days after a complaint is filed-under § 300.153 to —

 - (2) Give the complainant the opportunity to submit additional information, either orally or in writing, about the allegations in the complaint;
 - (3) Provide the public agency with the opportunity to review the complaint, including, at a minimum —
 - (i) At the discretion of the public agency, a proposal to resolve the complaint; and
 - (ii) An opportunity for a parent who has filed a complaint and the public agency to voluntarily engage in mediation consistent with § 300.506;
 - (4) Review all relevant information and make an independent determination as to whether the

public agency is violating a requirement of Part B of the Act or of this part; and

(5) Issue a written decision to the complainant that addresses each allegation in the complaint and contains —

- (i) Findings of fact and conclusions; and
- (ii) The reasons for the SEA's final decision.

(b) *Time extension; final decision; implementation.* The SEA's procedures described in paragraph (a) of this section also must —

(1) Permit an extension of the time limit under paragraph (a) of this section only if —

- (i) Exceptional circumstances exist with respect to a particular complaint; or
- (ii) The parent (or individual or organization, if mediation or other alternative means of dispute resolution is available to the individual or organization under State procedures) and the public agency involved agree to extend the time to engage in mediation pursuant to paragraph (a)(3)(ii) of this section, or to engage in other alternative means of dispute resolution, if available in the State; and

(2) Include procedures for effective implementation of the SEA's final decision, if needed, including —

- (i) Technical assistance activities;
- (ii) Negotiations; and
- (iii) Corrective actions to achieve compliance.

(c) Complaints filed under this section, and due process hearings under §§ 300.507 through 300.515 and §§ 300.530 through 300.532.

(1) If a written complaint is received that is also the subject of a due process hearing under §§ 300.507 through 300.515 or §§ 300.530 through 300.532, or contains multiple issues of which one or more are part of that hearing, the State must set aside any part of the complaint that is being addressed in the due process hearing until the conclusion of the hearing. However, any issue in the complaint that is not a part of the due process action must be resolved using the time limit and procedures described in paragraphs (a) and (b) of this section.

(2) If an issue raised in a complaint filed under this section has previously been decided in a due process hearing involving the same parties —

- (i) The due process hearing decision is binding on that issue; and
- (ii) The SEA shall inform the complainant to that effect.

(3) A complaint alleging a public agency's failure to implement a due process hearing decision must be resolved by the SEA.

300.153 Filing a complaint.

(a) An organization or individual may file a signed written complaint under the procedures described §§ 300.151 through 300.152.

(b) The complaint must include —

- (1) A statement that a public agency has violated a requirement of Part B of the Act or of this part;
- (2) The facts on which the statement is based;
- (3) The signature and contact information for the complainant; and

 - (iv) A description of the nature of the problem of the child, including facts relating to the problem; and
 - (v) A proposed resolution of the problem to the extent known and available to the party at the time the complaint is filed.
- (c) The complaint must allege a violation that occurred not more than one year prior to the date that the complaint is received in accordance with these regulations unless a longer period is reasonable because the violation is continuing, or the complainant is requesting compensatory services for a violation that occurred not more than three years prior to the date the complaint is received under these regulations and in accordance with § 300.151.
- (d) The party filing the complaint must forward a copy of the complaint to the LEA or public agency serving the child at the same time the party files the complaint with the SEA.

Methods of Ensuring Services

300.154 Methods of ensuring services.

- (a) *Establishing responsibility for services.* The Chief Executive Officer of the State or designee of that officer must ensure that an interagency agreement or other mechanism for interagency coordination is in effect between each noneducational public agency described in paragraph (b) of this section and the SEA, in order to ensure that all services described in paragraph (b)(1) of this section that are needed to ensure FAPE are provided, including the provision of these services during the pendency of any dispute under paragraph (a)(3) of this section. The agreement or mechanism must include the following:
- (1) An identification of, or a method for defining, the financial responsibility of each agency for providing services described in paragraph (b)(1) of this section to ensure FAPE to children with disabilities. The financial responsibility of each noneducational public agency described in paragraph (b) of this section, including the State Medicaid agency and other public insurers of children with disabilities, must precede the financial responsibility of the LEA (or the State agency responsible for developing the child's IEP).
 - (2) The conditions, terms, and procedures under which an LEA must be reimbursed by other agencies.
 - (3) Procedures for resolving interagency disputes (including procedures under which LEAs may initiate proceedings) under the agreement or other mechanism to secure reimbursement from other agencies or otherwise implement the provisions of the agreement or mechanism.
 - (4) Policies and procedures for agencies to determine and identify the interagency coordination responsibilities of each agency to promote the coordination and timely and appropriate delivery of services described in paragraph (b)(1) of this section.

(b) *Obligation of noneducational public agencies.* (1) *General.* (i) If any public agency other than an educational agency is otherwise obligated under Federal or State law, or assigned responsibility under State policy or pursuant to paragraph (a) of this section, to provide or pay for any services that are also considered special education or related services (such as, but not limited to, services described in § 300.5 relating to assistive technology devices, § 300.6 relating to assistive technology services, § 300.34 relating to related services, § 300.42 relating to supplementary aids and services, and 300.42 relating to transition services) that are necessary for ensuring FAPE to children with disabilities within the State, the public agency must fulfill that obligation or responsibility, either directly or through contract or other arrangement pursuant to paragraph (a) of this section or an agreement pursuant to paragraph (c) of this section.

(ii) A noneducational public agency described in paragraph (b)(1)(i) of this section may not disqualify an eligible service for Medicaid reimbursement because that service is provided in a school context.

(2) If a public agency other than an educational agency fails to provide or pay for the special education and related services described in paragraph (b)(1) of this section, the LEA (or State agency responsible for developing the child's IEP) shall provide or pay for these services to the child in a timely manner. The LEA or State agency is authorized to claim reimbursement for the services from the noneducational public agency that failed to provide or pay for these services and that agency must reimburse the LEA or State agency in accordance with the terms of the interagency agreement or other mechanism described in paragraph (a) of this section, and the agreement described in paragraph (a) of this section.

(c) *Special rule.* The requirements of paragraph (a) of this section may be met through —

(1) State statute or regulation;

(2) Signed agreements between respective agency officials that clearly identify the responsibilities of each agency relating to the provision of services; or

(3) Other appropriate written methods as determined by the Chief Executive Officer of the State or designee of that officer and approved by the Secretary.

(d) *Children with disabilities who are covered by public benefits or insurance.*

(1) A public agency may use the Medicaid or other public benefits or insurance programs in which a child participates to provide or pay for services required under this part, as permitted under the public benefits or insurance program, except as provided in paragraph (d)(2) of this section.

(2) With regard to services required to provide FAPE to an eligible child under this part, the public agency —

(i) May not require parents to sign up for or enroll in public benefits or insurance programs in order for their child to receive FAPE under Part B of the Act;

(ii) May not require parents to incur an out-of-pocket expense such as the payment of a deductible or co-pay amount incurred in filing a claim for services provided pursuant to this part, but pursuant to paragraph (g)(2) of this section, may pay the cost that the parent otherwise would be required to pay; and

(iii) May not use a child's benefits under a public benefits or insurance program if that use would—

(A) Decrease available lifetime coverage or any other insured benefit;

(B) Result in the family paying for services that would otherwise be covered by the public benefits

or insurance program and that are required for the child outside of the time the child is in school;

(C) Increase premiums or lead to the discontinuation of benefits or insurance; or

(D) Risk loss of eligibility for home and community-based waivers, based on aggregate health-related expenditures; and

(iv)(A) Must obtain parental consent, consistent with § 300.9, each time that access to public benefits or insurance is sought; and

(B) Notify parents that the parents' refusal to allow access to their public benefits or insurance does not relieve the public agency of its responsibility to ensure that all required services are provided at no cost to the parents.

(e) Children with disabilities who are covered by private insurance.

(1) With regard to services required to provide FAPE to an eligible child under this part, a public agency may access the parents' private insurance proceeds only if the parents provide consent consistent with regulation § 300.9.

(2) Each time the public agency proposes to access the parents' private insurance proceeds, the agency must —

(i) Obtain parental consent in accordance with paragraph (e)(1) of this section; and

(ii) Inform the parents that their refusal to permit the public agency to access their private insurance does not relieve the public agency of its responsibility to ensure that all required services are provided at no cost to the parents.

(f) Use of Part B funds. (1) If a public agency is unable to obtain parental consent to use the parents' private insurance, or public benefits or insurance when the parents would incur a cost for a specified service required under this part, to ensure FAPE the public agency may use its Part B or state funds to pay for the service.

(2) To avoid financial cost to parents who otherwise would consent to use private insurance, or public benefits or insurance if the parents would incur a cost, the public agency may use its Part B funds to pay the cost that the parents otherwise would have to pay to use the parents' benefits or insurance (e.g., the deductible or co-pay amounts).

(g) Proceeds from public benefits or insurance or private insurance.

(1) Proceeds from public benefits or insurance or private insurance will not be treated as program income for purposes of 34 CFR 80.25.

(2) If a public agency spends reimbursements from Federal funds (e.g., Medicaid) for services under this part, those funds will not be considered "State or local" funds for purposes of the maintenance of effort provisions in 34 CFR 300.163 and 300.203.

(h) Construction. Nothing in this part should be construed to alter the requirements imposed on a State Medicaid agency, or any other agency administering a public benefits or insurance program by Federal statute, regulations or policy under title XIX, or title XXI of the Social Security Act, 42 U.S.C. §§ 1396 through 1396v and 42 U.S.C. §§ 1397aa through 1397jj, or any other public benefits or insurance program.

(ii) The excess cost requirement does not prevent an LEA from using Part B funds to pay for all of the costs directly attributable to the education of a child with a disability in any of the ages 3, 4, 5, 18, 19, 20, or 21, if no local or State funds are available for nondisabled children of these ages. (i) Serve children with disabilities attending those charter schools in the same manner as the LEA serves children with disabilities in its other schools, including providing supplementary and related services on site at the charter school to the same extent to which the LEA has a policy or practice of providing such services on the site to its other public schools; and

(ii) Provide funds under Part B of the Act to those charter schools —

(A) On the same basis as the LEA provides funds to the LEA's other public schools, including proportional distribution based on relative enrollment of children with disabilities; and

(i) May not use the procedures in subpart E of this part (including the mediation procedures under § 300.506 or the due process procedures under §§ 300.507 through 300.516) in order to obtain agreement or a ruling that the services may be provided to the child;

(ii) Will not be considered to be in violation of the requirement to make FAPE available to the child because of the failure to provide the child with the special education and related services for which the parent refuses to or fails to provide consent; and

(iii) Is not required to convene an IEP Team meeting or develop an IEP under §§300.320 and 300.324 for the child.

(4) If, at any time subsequent to the initial provision of special education and related services, the parent of the child revokes consent in writing for the continued provision of special education and related services, the public agency-

(i) May not continue to provide special education and related services to the child, but must provide prior written notice in accordance with §300.503 before ceasing the provision of special education and related services;

(ii) May not use the procedures in subpart E of this part (including the mediation procedures under §300.506 or the due process procedures under §§300.507 through 300.516) in order to obtain agreement or a ruling that the services may be provided to the child;

(iii) Will not be considered to be in violation of the requirement to make FAPE available to the child because of the failure to provide the child with further special education and related services; and

(iv) Is not required to convene an IEP Team meeting or develop an IEP under §§300.320 and 300.324 for the child for further provision of special education and related services.

(c) *Parental consent for reevaluations.*

(1) Subject to paragraph (c)(2) of this section, each public agency—

(i) Must obtain informed parental consent, in accordance with § 300.300(a)(1), prior to conducting any reevaluation of a child with a disability.

(ii) If the parent refuses to consent to the reevaluation, the public agency may, but is not required to, pursue the reevaluation by using the consent override procedures described in paragraph (a)(3)

of this section.

(iii) The public agency does not violate its obligation under § 300.111 and §§ 300.301 through 300.311 if it declines to pursue the evaluation or reevaluation.

(2) The informed parental consent described in paragraph (c)(1) of this section need not be obtained if the public agency can demonstrate that—

(i) It made reasonable efforts to obtain such consent; and

(ii) The child's parent has failed to respond.

(d) Other consent requirements.

(1) Parental consent is not required before—

(i) Reviewing existing data as part of an evaluation or a reevaluation; or

(ii) Administering a test or other evaluation that is administered to all children unless, before administration of that test or evaluation, consent is required of parents of all children.

(2) In addition to the parental consent requirements described in paragraph (a) of this section, the State may require parental consent for other services and activities under this part if it ensures that each public agency in the State establishes and implements effective procedures to ensure that a parent's refusal to consent does not result in a failure to provide the child with FAPE.

(3) A public agency may not use a parent's refusal to consent to one service or activity under paragraphs (a) or (d)(2) of this section to deny the parent or child any other service, benefit, or activity of the public agency, except as required by this part.

(4)(i) If a parent of a child who is home schooled or placed in a private school by the parents at their own expense does not provide consent for the initial evaluation or the reevaluation, or the parent fails to respond to a request to provide consent, the public agency may not use the consent override procedures (described in paragraphs (a)(3) and (c)(1) of this section); and

(ii) The public agency is not required to consider the child as eligible for services under §§ 300.132 through 300.144.

(5) To meet the reasonable efforts requirement in paragraphs (a)(1)(iii), (a)(2)(i), (b)(2), and (c)(2)(i) of this section, the public agency must document its attempts to obtain parental consent using the procedures in § 300.322(d).

Evaluations and Reevaluations

300.301 Initial evaluations.

(a) *General.* Each public agency must conduct a full and individual initial evaluation, in accordance with §§ 300.305 and 300.306, before the initial provision of special education and related services to a child with a disability under this part.

(b) *Request for initial evaluation.* Consistent with the consent requirements in § 300.300, either a parent of a child or a public agency may initiate a request for an initial evaluation to determine if the child is a child with a disability.

(c) *Procedures and timeframe for initial evaluation.*

(1) Each public agency must ensure that:

(i) Within ten (10) school days of the receipt of a referral for special education services a team of

qualified professionals and the parent that includes the individuals described in § 300.321 and other qualified professionals, as appropriate, known as the *Evaluation Team*, meet to determine if a special education evaluation is needed.

(ii) The initial evaluation shall commence no later than ten (10) school days after the receipt of parental consent to conduct such an evaluation. If the parent does not notify the public agency within five (5) school days of their consent to evaluate, the team must document its efforts to obtain consent. If the public agency has not obtained parental consent to evaluate within fifteen (15) school days of the request to evaluate, the Evaluation Team must reconvene to consider what action the public agency will take including, (as appropriate) the requirements described in § 300.300(a)

(iii) A full individual initial evaluation is conducted before the initial provision of special education and related services

(2) Within sixty (60) calendar days of receipt of parental consent to an initial evaluation:

(i) The child is evaluated; and

(ii) A written report of the Evaluation Team is made available to the public agency and the parent(s); and a team of qualified professionals and the parent(s) of the child meet as an eligibility team to determine whether the child is a child with a disability and in need of special education and related services.

(3) If determined eligible under this part, an IEP meeting is conducted and an IEP is developed and special education and related services are made available to the child in accordance with an IEP within fifteen (15) school days of the eligibility determination.

(4) If it is determined that an initial evaluation is not needed, the evaluation team shall consider referring the student's case back to general education for appropriate action.

(d) *Exception.* The procedures and timeframe described in paragraph (c) of this section do not apply to a public agency if —

(1) The parent of a child repeatedly fails or refuses to produce the child for the evaluation; or

(2) A child enrolls in a school of another public agency after the relevant timeframe in paragraph (c) of this section has begun, and prior to a determination by the child's previous public agency as to whether the child is a child with a disability under § 300.8.

(e) The exception in paragraph (d)(2) of this section applies only if the subsequent public agency is making sufficient progress to ensure a prompt completion of the evaluation, and the parent and subsequent public agency agree to a specific time when the evaluation will be completed.

300.302 Screening for instructional purposes is not evaluation.

The screening of a student by a teacher or specialist to determine appropriate instructional strategies for curriculum implementation shall not be considered to be an evaluation for eligibility for special education and related services.

300.303 Reevaluations.

(a) *General.* A public agency must ensure that a reevaluation of each child with a disability is conducted in accordance with §§ 300.304 through 300.311 —

(1) If the public agency determines that the educational or related services needs, including

improved academic achievement and functional performance, of the child warrant a reevaluation; or

(2) If the child's parent or teacher requests a reevaluation.

(b) *Limitation.* A reevaluation conducted under paragraph (a) of this section —

(1) May occur not more than once a year, unless the parent and the public agency agree otherwise; and

(2) Must occur at least once every 3 years, unless the parent and the public agency agree that a reevaluation is unnecessary.

(c) *Procedures and timeframe for reevaluation.*

(1) Each public agency must ensure that:

(i) The reevaluation shall commence no later than ten (10) school days after the receipt of parental consent to conduct such an evaluation. If the parent does not notify the public agency within five (5) school days of their consent to evaluate, the IEP Team must document its efforts to obtain consent. If the public agency has not obtained parental consent to evaluate within fifteen (15) school days of the request to evaluate, the IEP Team must reconvene to consider what action the public agency will take including, (as appropriate) the requirements described in §§ 300.300(c) and (d).

(2) Within sixty (60) calendar days of receipt of parental consent to conduct a reevaluation:

(i) The child is reevaluated; and

(ii) A written report of the IEP Team is made available to the public agency and the parent(s); and the IEP Team meets to determine continued eligibility for special education and related services.

(3) If determined eligible under this part, the public agency must ensure that continued special education and related services are made available to the child.

300.304 Evaluation procedures.

(a) *Notice.* The public agency must provide notice to the parents of a child with a disability, in accordance with § 300.503, that describes any evaluation procedures the agency proposes to conduct.

(b) *Conduct of evaluation.* In conducting the evaluation, the public agency must —

(1) Use a variety of assessment tools and strategies to gather relevant functional, developmental, and academic information about the child, including information provided by the parent, that may assist in determining —

(i) Whether the child is a child with a disability under § 300.8; and

(ii) The content of the child's IEP, including information related to enabling the child to be involved in and progress in the general education curriculum (or for a preschool child, to participate in appropriate activities);

(2) Not use any single measure or assessment as the sole criterion for determining whether a child is a child with a disability and for determining an appropriate educational program for the child; and

(3) Use technically sound instruments that may assess the relative contribution of cognitive and behavioral factors, in addition to physical or developmental factors.

- (c) *Other evaluation procedures.* Each public agency must ensure that—
- (1) Assessments and other evaluation materials used to assess a child under this part—
 - (i) Are selected and administered so as not to be discriminatory on a racial or cultural basis;
 - (ii) Are provided and administered in the child’s native language or other mode of communication and in the form most likely to yield accurate information on what the child knows and can do academically, developmentally, and functionally, unless it is clearly not feasible to so provide or administer;
 - (iii) Are used for the purposes for which the assessments or measures are valid and reliable;
 - (iv) Are administered by trained and knowledgeable personnel; and
 - (v) Are administered in accordance with any instructions provided by the producer of the assessments.
 - (vi) Assessments are selected and administered so as best to ensure that if an assessment is administered to a child who is learning English as a second language, the assessment results accurately reflect the child’s aptitude or achievement level or whatever other factors the test purports to measure, rather than reflecting the child’s linguistic difference, in accordance with § 300.173.
 - (2) Assessments and other evaluation materials include those tailored to assess specific areas of educational need and not merely those that are designed to provide a single general intelligence quotient.
 - (3) Assessments are selected and administered so as best to ensure that if an assessment is administered to a child with impaired sensory, manual, or speaking skills, the assessment results accurately reflect the child’s aptitude or achievement level or whatever other factors the test purports to measure, rather than reflecting the child’s impaired sensory, manual, or speaking skills (unless those skills are the factors that the test purports to measure).
 - (4) The child is assessed in all areas related to the suspected disability, including, if appropriate, health, vision, hearing, social and emotional status, general intelligence, academic performance, communicative status, and motor abilities;
 - (5) Assessments of children with disabilities who transfer from one public agency to another public agency in the same school year are coordinated with those children’s prior and subsequent schools, as necessary and as expeditiously as possible, consistent with §§ 300.301(d)(2) and (e), to ensure prompt completion of full evaluations.
 - (6) In evaluating each child with a disability under §§ 300.304 through 300.306, the evaluation is sufficiently comprehensive to identify all of the child’s special education and related services needs, whether or not commonly linked to the disability category in which the child has been classified.
 - (7) Assessment tools and strategies that provide relevant information that directly assists persons in determining the educational needs of the child are provided.

300.305 Additional requirements for evaluations and reevaluations.

- (a) *Review of existing evaluation data.* As part of an initial evaluation (if appropriate) and as part of any reevaluation under this part, the IEP Team and other qualified professionals must —
- (1) Review existing evaluation data on the child, including —
 - (i) Evaluations and information provided by the parents of the child;
 - (ii) Current classroom-based, local, or state assessments and classroom-based observations; and

- (iii) Observations by teachers and related services providers; and
- (2) On the basis of that review, and input from the child’s parents, identify what additional data, if any, are needed to determine –
 - (i)(A) Whether the child is a child with a disability, as defined by § 300.8, and the educational needs of the child; or
 - (B) In case of a reevaluation of a child, whether the child continues to have such a disability, and the educational needs of the child;
 - (ii) The present levels of academic achievement and related developmental needs of the child;
 - (iii) (A) Whether the child needs special education and related services; or
 - (B) in the case of a reevaluation of a child, whether the child continues to need special education and related services; and .
 - (iv) Whether any additions or modifications to the special education and related services are needed to enable the child to meet the measurable annual goals set out in the IEP of the child and to participate, as appropriate, in the general education curriculum.

(b) *Source of data.* The public agency must administer such assessments and other evaluation measures as may be needed to produce the data identified under paragraph (a) of this section.

(c) *Requirements if additional data are not needed.*

- (1) If the IEP Team and other qualified professionals, as appropriate, determine that no additional data are needed to determine whether the child continues to be a child with a disability, and to determine the child’s educational needs, the public agency must notify the child’s parents of —
 - (i) That determination and the reasons for the determination; and
 - (ii) The right of the parents to request an assessment to determine whether the child continues to be a child with a disability, and to determine the child’s educational needs.
- (2) The public agency is not required to conduct the assessment described in paragraph (c)(1)(ii) of this section unless requested to do so by the child’s parents.

- (d) *Evaluations before change in eligibility.* (1) Except as provided in paragraph (d)(2) of this section, a public agency must evaluate a child with a disability in accordance with §§ 300.304 through 300.311 before determining that the child is no longer a child with a disability.
- (2) The evaluation described in paragraph (d)(1) of this section is not required before the termination of a child’s eligibility under this part due to graduation from secondary school with a regular diploma, or due to exceeding the age eligibility for FAPE under State law.
- (3) For a child whose eligibility terminates under circumstances described in paragraph (d)(2) of this section, a public agency must provide the child with a summary of the child’s academic achievement and functional performance, which shall include recommendations on how to assist the child in meeting the child’s post secondary goals.

300.306 Determination of eligibility.

(a) *General.* Upon completion of the administration of assessments and other evaluation measures—

- (1) A group of qualified professionals and the parent of the child determines whether the child is a child with a disability, as defined in § 300.8, in accordance with paragraph (b) of this section and the educational needs of the child; and

(2) The public agency provides a copy of the evaluation report and the documentation of determination of eligibility at no cost to the parent.

(b) *Special rule for eligibility determination.* A child must not be determined to be a child with a disability under this part —

(1) If the determinant factor for that determination is —

(i) Lack of appropriate instruction in reading, including the essential components of reading instruction (as defined in § 1208(3) of the ESEA);

(ii) Lack of appropriate instruction in math; or

(iii) Limited English proficiency; and

(2) If the child does not otherwise meet the eligibility criteria under § 300.8(a).

(c) *Procedures for determining eligibility and educational need.* (1) In interpreting evaluation data for the purpose of determining if a child is a child with a disability under § 300.8, and the educational needs of the child, each public agency must —

(i) Draw upon information from a variety of sources, including aptitude and achievement tests, parent input, and teacher recommendations, as well as information about the child's physical condition, social or cultural background, and adaptive behavior; and

(ii) Ensure that information obtained from all of these sources is documented and carefully considered.

(2) If a determination is made that a child has a disability and needs special education and related services, an IEP must be developed for the child in accordance with §§ 300.320 through 300.324.

Additional Procedures for Identifying Children With Specific Learning Disabilities

300.307 Specific learning disabilities.

(a) *General.* The State must adopt, consistent with § 300.309, criteria for determining whether a child has a specific learning disability as defined in § 300.8(c)(10). In addition, the criteria adopted by the State —

(1) Must not require the use of a severe discrepancy between intellectual ability and achievement for determining whether a child has a specific learning disability, as defined in § 300.8(c)(10);

(2) Must permit the use of a process based on the child's response to scientific, research-based intervention; and

(3) May permit the use of other alternative research-based procedures for determining whether a child has a specific learning disability, as defined in § 300.8(c)(10).

(b) *Consistency with State criteria.* A public agency must use the State criteria adopted pursuant to paragraph (a) of this section in determining whether a child has a specific learning disability.

300.308 Additional group members.

The determination of whether a child suspected of having a specific learning disability is a child with a disability as defined in § 300.8, must be made by the child's parents and a team of qualified professionals, which must include —

(a)(1) The child's regular teacher; or

- (2) If the child does not have a regular teacher, a regular classroom teacher qualified to teach a child of his or her age; or
- (3) For a child of less than school age, an individual qualified by the SEA to teach a child of his or her age; and

300.309 Determining the existence of a specific learning disability.

- (a) The group described in § 300.306 may determine that a child has a specific learning disability, as defined in § 300.8(c)(10), if —
 - (1) The child does not achieve adequately for the child’s age or meet State-approved grade-level/span expectations in one or more of the following areas, when provided with learning experiences and instruction appropriate for the child’s age or State-approved grade-level expectations:
 - (i) Oral expression.
 - (ii) Listening comprehension.

 - (i) A visual, hearing, or motor disability;
 - (ii) Mental retardation;
 - (iii) Emotional disturbance;
 - (iv) Cultural factors;
 - (v) Environmental or economic disadvantage; or
 - (vi) Limited English proficiency.
- (b) To ensure that underachievement in a child suspected of having a specific learning disability is not due to lack of appropriate instruction in reading or math, the group must consider, as part of the evaluation described in §§ 300.304 through 300.306—
 - (1) Data that demonstrate that prior to, or as a part of, the referral process, the child was provided appropriate and specific instruction and interventions in regular education settings, delivered by qualified personnel; and
 - (2) Data-based documentation of repeated assessments of achievement at reasonable intervals, reflecting formal assessment of student progress during instruction, which was provided to the child’s parents.
- (c) The public agency must promptly request parental consent to evaluate the child to determine if

the child needs special education and related services, and must adhere to the timeframes described in §§ 300.301 and 300.303, unless extended by mutual written agreement of the child's parents and a group of qualified professionals, as described in § 300.306(a)(1) —

- (1) If, prior to a referral, a child has not made adequate progress after an appropriate period of time when provided instruction, as described in paragraphs (b)(1) and (b)(2) of this section; and
- (2) Whenever a child is referred for an evaluation and is suspected of having a disability.

300.310 Observation.

(b) The group described in § 300.306(a)(1), in determining whether a child has a specific learning disability, must

- (1) Use information from an observation during routine classroom instruction and monitoring of the child's progress that was done before the child was referred for an evaluation; (2) Have at least one member of the group described in § 300.306(a)(1) conduct an observation of the child's academic performance in the regular classroom after the child has been referred for an evaluation and parental consent, consistent with § 300.300(a), is obtained.

(c) In the case of a child of less than school age or out of school, a group member must observe the child in an environment appropriate for a child of that age.

300.311 Specific documentation for the eligibility determination.

(a) For a child suspected of having a specific learning disability, the documentation of the determination of eligibility, as required in § 300.306(a)(2), must contain a statement of —

- (1) Whether the child has a specific learning disability;
- (2) The basis for making the determination, including an assurance that the determination has been made in accordance with § 300.306(c)(1);

 - (ii) The documentation that the child's parents were notified about –
 - (A) The State's policies regarding the amount and nature of student performance data that would be collected and the general education services that would be provided;
 - (B) Strategies for increasing the child's rate of learning; and
 - (C) The parents' right to request an evaluation.
- (b) Each group member must certify in writing whether the report reflects the member's conclusion. If it does not reflect the member's conclusion, the group member must submit a separate statement presenting the member's conclusions.

Individualized Education Programs

300.320 Definition of individualized education program.

(2) A member of the IEP Team described in paragraph (e)(1) of this section may be excused from attending an IEP Team meeting, in whole or in part, when the meeting involves a modification to or discussion of the member's area of the curriculum or related services, if —

(i) The parent, in writing, and the public agency consent to the excusal; and

(ii) The member submits, in writing to the parent and the IEP Team, input into the development of the IEP prior to the meeting.

(f) *Initial IEP Team meeting for child under Part C.* In the case of a child who was previously served under Part C of the Act, an invitation to the initial IEP Team meeting must, at the request of the parent, be sent to the Part C service coordinator or other representatives of the Part C system to assist with the smooth transition of services.

300.322 Parent participation.

(a) *Public agency responsibility — general.* Each public agency must take steps to ensure that one or both of the parents of a child with a disability are present at each IEP Team meeting or are afforded the opportunity to participate, including —

(1) Notifying parents of the meeting ten (10) school days prior to the meeting to ensure that they will have an opportunity to attend (the parent may agree to waive the ten (10) day notice requirement in order to expedite the IEP Team meeting); and

(2) Scheduling the meeting at a mutually agreed on time and place.

(b) *Information provided to parents.*

(1) The notice required under paragraph (a)(1) of this section must —

(i) Indicate the purpose, time, and location of the meeting and who will be in attendance; and

(ii) Inform the parents of the provisions in § 300.321(a)(6) and (c) (relating to the participation of other individuals on the IEP Team who have knowledge or special expertise about the child), and § 300.321(f) (relating to the participation of the Part C service coordinator or other representatives of the Part C system at the initial IEP Team meeting for a child previously served under Part C of the Act).

(2) For a child with a disability beginning at age 14, or younger, if determined appropriate by the IEP Team, the notice must (i) Indicate —

(B) That the agency will invite the student; and

(ii) Identify any other agency that will be invited to send a representative.

(c) *Other methods to ensure parent participation.* If neither parent can attend an IEP Team meeting, the public agency must use other methods to ensure parent participation, including individual or conference telephone calls, consistent with § 300.328 (related to alternative means of meeting participation).

(d) *Conducting an IEP meeting without a parent in attendance.* A meeting may be conducted without a parent in attendance if the public agency is unable to convince the parents that they should attend. In this case the public agency must have a record of its attempts to arrange a mutually agreed on time and place, such as

(1) Detailed records of telephone calls made or attempted and the results of those calls;

- (2) Copies of correspondence sent to the parents and any responses received; and
- (3) Detailed records of visits made to the parent's home or place of employment and the results of those visits.

(e) *Use of interpreters or other action, as appropriate.* The public agency must take whatever action is necessary to ensure that the parent understands the proceedings of the IEP Team meeting, including arranging for an interpreter for parents with deafness or whose native language is other than English.

(f) *Parent copy of child's IEP.* The public agency must give the parent a copy of the child's IEP at no cost to the parent and not later than ten (10) calendar days after –

- (1) An IEP has been developed for the child; and
- (2) After the receipt of a request for a copy of the IEP.

300.323 When IEPs must be in effect.

(a) *General.* At the beginning of each school year, each public agency must have in effect, for each child with a disability within its jurisdiction, an IEP, as defined in § 300.320.

(b) *IEP or IFSP for children aged three through five.*

(1) In the case of a child with a disability aged three through five, the IEP Team must consider an IFSP that contains the IFSP content (including the natural environments statement) described in § 636(d) of the Act and its implementing regulations (including an educational component that promotes school readiness and incorporates pre-literacy, language, and numeracy skills for children with IFSPs under this section who are at least three years of age), and that is developed in accordance with the IEP procedures under this part. The IFSP may serve as the IEP of the child, if using the IFSP as the IEP is —

- (i) Consistent with State policy; and
- (ii) Agreed to by the agency and the child's parents.

(2) In implementing the requirements of paragraph (b)(1) of this section, the public agency must—

- (i) Provide to the child's parents a detailed explanation of the differences between an IFSP and an IEP; and
- (ii) If the parents choose an IFSP, obtain written informed consent from the parents.

(c) *Initial IEPs; provision of services.* Each public agency must ensure that —

- (1) A meeting to develop an IEP for a child is conducted within 15 school days of a determination that the child needs special education and related services; and
- (2) As soon as possible following development of the IEP, but not later than ten (10) school days, special education and related services are made available to the child in accordance with the child's IEP.

(d) *Accessibility of child's IEP to teachers and others.* Each public agency must ensure that —

- (1) The child's IEP is accessible to each regular education teacher, special education teacher, related services provider, and any other service provider who is responsible for its implementation; and

- (2) Each teacher and provider described in paragraph (d)(1) of this section is informed of —
- (i) His or her specific responsibilities related to implementing the child’s IEP; and
 - (ii) The specific accommodations, modifications, and supports that must be provided for the child in accordance with the IEP.

(e) *IEPs for children who transfer public agencies in the same State.* If a child with a disability (who had an IEP that was in effect in a previous public agency in the same State) transfers to a new public agency in the same State, and enrolls in a new school within the same school year, the new public agency (in consultation with the parents) must provide FAPE to the child (including services comparable to those described in the child’s IEP from the previous public agency), until the new public agency either—

- (1) Adopts the child’s IEP from the previous public agency; or
- (2) Develops, adopts, and implements a new IEP that meets the applicable requirements in §§ 300.320 through 300.324.

(f) *IEPs for children who transfer from another State.* If a child with a disability (who had an IEP that was in effect in a previous public agency in another State) transfers to a public agency in a new State, and enrolls in a new school within the same school year, the new public agency (in consultation with the parents) must provide the child with FAPE (including services comparable to those described in the child’s IEP from the previous public agency), until the new public agency—

- (1) Conducts an evaluation pursuant to §§ 300.304 through 300.306 (if determined to be necessary by the new public agency); and
- (2) Develops, adopts, and implements a new IEP, if appropriate, that meets the applicable requirements in §§ 300.320 through 300.324.

(g) *Transmittal of records.* To facilitate the transition for a child described in paragraphs (e) and (f) of this section —

- (1) The new public agency in which the child enrolls must take reasonable steps to promptly obtain the child’s records, including the IEP and supporting documents and any other records relating to the provision of special education or related services to the child, from the previous public agency in which the child was enrolled, pursuant to 34 CFR 99.31(a)(2); and
- (2) The previous public agency in which the child was enrolled must take reasonable steps to promptly respond to the request from the new public agency.

Development of IEP

300.324 Development, review, and revision of IEP.

(a) *Development of IEP* —

- (1) *General.* In developing each child’s IEP, the IEP Team, must consider —
 - (i) The strengths of the child;
 - (ii) The concerns of the parents for enhancing the education of their child;
 - (iii) The results of the initial or most recent evaluation of the child; and
 - (iv) The academic, developmental, and functional needs of the child.
- (2) Consideration of special factors. The IEP Team must —

(i) In the case of a child whose behavior impedes the child's learning or that of others, consider, the use of positive behavioral interventions and supports, and other strategies, to address that behavior;

(ii) In the case of a child with limited English proficiency, consider the language needs of the child as those needs relate to the child's IEP;

(iii) In the case of a child who is blind or visually impaired, provide for instruction in Braille and the use of Braille unless the IEP team determines, after an evaluation of the child's reading and writing skills, needs, and appropriate reading and writing media (including an evaluation of the child's future needs for instruction in Braille or the use of Braille), that instruction in Braille or the use of Braille is not appropriate for the child;

(iv) Consider the communication needs of the child, and in the case of a child who is deaf or hard of hearing, consider the child's language and communication needs, opportunities for direct communications with peers and professional personnel in the child's language and communication mode, academic level, and full range of needs, including opportunities for direct instruction in the child's language and communication mode; and

(v) Consider whether the child needs assistive technology devices and services.

(3) *Requirement with respect to regular education teacher.* A regular education teacher of a child with a disability, as a member of the IEP team, must, to the extent appropriate, participate in the development of the IEP of the child, including the determination of —

(i) Appropriate positive behavioral interventions and supports and other strategies for the child; and

(ii) Supplementary aids and services, program modifications and supports for school personnel consistent with § 300.320(a)(4).

(4) *Agreement.* (i) In making changes to a child's IEP after the annual IEP Team meeting for a school year, the parent of a child with a disability and the public agency may agree not to convene an IEP Team meeting for the purposes of making those changes, and instead may develop a written document to amend or modify the child's current IEP.

(ii) If changes are made to the child's IEP in accordance with paragraph (a)(4)(i) of this section, the public agency must ensure that the child's IEP Team is informed of those changes.

(iii) If there is a request for an IEP meeting, each LEA shall ensure that an IEP meeting is scheduled within ten (10) school days of the request by the parent or the LEA to meet to review the child's IEP. (The parent may agree to waive this 10 school day meeting requirement if such parental waiver is documented by the LEA)

(5) *Consolidation of IEP Team meetings.* To the extent possible, the public agency must encourage the consolidation of reevaluation meetings for the child and other IEP Team meetings for the child.

(6) *Amendments.* Changes to the IEP may be made either by the entire IEP Team at an IEP Team meeting, or as provided in paragraph (a)(4) of this section, by amending the IEP rather than by redrafting the entire IEP. Upon request, a parent must be provided with a revised copy of the IEP with the amendments incorporated.

(b) *Review and revision of IEPs* —

(1) *General.* Each public agency must ensure that, subject to paragraphs (b)(2) and (b)(3) of this section, the IEP Team —

(i) Reviews the child's IEP periodically, but not less than annually, to determine whether the annual goals for the child are being achieved; and

- (ii) Revises the IEP, as appropriate, to address —
- (A) Any lack of expected progress toward the annual goals described in § 300.320(a)(2), and in the general education curriculum, if appropriate;
 - (B) The results of any reevaluation conducted under § 300.303;
 - (C) Information about the child provided to, or by, the parents, as described under § 300.305(a)(2);
 - (D) The child’s anticipated needs; or
 - (E) Other matters.
- (2) *Consideration of special factors.* In conducting a review of the child’s IEP, the IEP Team must consider the special factors described in paragraph (a)(2) of this section.
- (3) *Requirement with respect to regular education teacher.* A regular education teacher of the child, as a member of the IEP Team, must, consistent with paragraph (a)(3) of this section, participate in the review and revision of the IEP of the child.

(c) *Failure to meet transition objectives —*

- (1) *Participating agency failure.* If a participating agency, other than the public agency, fails to provide the transition services described in the IEP in accordance with § 300.320(b), the public agency must reconvene the IEP Team to identify alternative strategies to meet the transition objectives for the child set out in the IEP.
- (2) *Construction.* Nothing in this part relieves any participating agency, including a State vocational rehabilitation agency, of the responsibility to provide or pay for any transition service that the agency would otherwise provide to children with disabilities who meet the eligibility criteria of that agency.

(d) *Children with disabilities in adult prisons —*

- (1) *Requirements that do not apply.* The following requirements do not apply to children with disabilities who are convicted as adults under State law and incarcerated in adult prisons:
- (i) The requirements contained in § 612(a)(16) of the Act and § 300.320(a)(6) (relating to participation of children with disabilities in general assessments).
 - (ii) The requirements in § 300.320(b) (relating to transition planning and transition services) do not apply with respect to the children whose eligibility under Part B of the Act will end, because of their age, before they will be eligible to be released from prison based on consideration of their sentence and eligibility for early release.
- (2) *Modifications of IEP or placement.*
- (i) Subject to paragraph (d)(2)(ii) of this section, the IEP Team of a child with a disability who is convicted as an adult under State law and incarcerated in an adult prison may modify the child’s IEP or placement if the State has demonstrated a bona fide security or compelling penological interest that cannot otherwise be accommodated.
 - (ii) The requirements of §§ 300.320 (relating to IEPs), and 300.114 (relating to LRE), do not apply with respect to the modifications described in paragraph (d)(2)(i) of this section.

300.325 Private school placements by public agencies.

- (a) *Developing IEPs.* (1) Before a public agency places a child with a disability in, or refers a child to, a private school or facility, the agency must initiate and conduct a meeting to develop an IEP for the child in accordance with §§ 300.320 through 300.324.

(2) The agency must ensure that a representative of the private school or facility attends the meeting. If the representative cannot attend, the agency must use other methods to ensure participation by the private school or facility, including individual or conference telephone calls.

(b) *Reviewing and revising IEPs.* (1) After a child with a disability enters a private school or facility, any meetings to review and revise the child's IEP may be initiated and conducted by the private school or facility at the discretion of the public agency.

(2) If the private school or facility initiates and conducts these meetings, the public agency must ensure that the parents and an agency representative —

(i) Are involved in any decision about the child's IEP; and

(ii) Agree to any proposed changes in the IEP before those changes are implemented.

(c) *Responsibility.* Even if a private school or facility implements a child's IEP, responsibility for compliance with this part remains with the public agency and the SEA.

300.326 Reserved.

300.327 Educational placements.

Consistent with § 300.501(c), each public agency must ensure that the parents of each child with a disability are members of any group that makes decisions on the educational placement of their child.

300.328 Alternative means of meeting participation.

When conducting IEP Team meetings and placement meetings pursuant to this subpart, and subpart E of this part, and carrying out administrative matters under § 615 of the Act (such as scheduling, exchange of witness lists, and status conferences), the parent of a child with a disability and a public agency may agree to use alternative means of meeting participation, such as video conferences and conference calls.

Subpart E — Procedural Safeguards

Due Process Procedures for Parents and Children

300.500 Responsibility of SEA and other public agencies.

The SEA shall ensure that each public agency establishes, maintains, and implements procedural safeguards that meet the requirements of §§ 300.500 through 300.536.

(a) *Definitions* of "consent," "evaluation," and "personally identifiable." As used in this part —

(1) *Consent* means that —

(i) The parent has been fully informed of all information relevant to the activity for which consent is sought, in his or her native language, or other mode of communication;

- (ii) The parent understands and agrees in writing to the carrying out of the activity for which his or her consent is sought, and the consent describes that activity and lists the records (if any) that will be released and to whom; and
- (iii)(A) The parent understands that the granting of consent is voluntary on the part of the parent and may be revoked at anytime.
- (B) If a parent revokes consent, that revocation is not retroactive (i.e., it does not negate an action that has occurred after the consent was given and before the consent was revoked).
- (2) *Evaluation* means procedures used to determine whether a child has a disability and the nature and extent of the special education and related services that the child needs; and
- (3) *Personally identifiable* means that information includes —
 - (i) The name of the child, the child's parent, or other family member;
 - (ii) The address of the child;
 - (iii) A personal identifier, such as the child's social security number or student number; or
 - (iv) A list of personal characteristics or other information that would make it possible to identify the child with reasonable certainty.

300.501 Opportunity to examine records; parent participation in meetings.

(a) *Opportunity to examine records.* The parents of a child with a disability must be afforded, in accordance with the procedures of §§ 300.613 through 300.621, an opportunity to inspect and review all education records with respect to —

- (1) The identification, evaluation, and educational placement of the child; and
- (2) The provision of FAPE to the child.

(b) *Parent participation in meetings.*

(1) The parents of a child with a disability must be afforded an opportunity to participate in meetings with respect to —

- (i) The identification, evaluation, and educational placement of the child; and
- (ii) The provision of FAPE to the child.
- (2) Each public agency must provide notice consistent with § 300.322(a)(1) and (b)(1) to ensure that parents of children with disabilities have the opportunity to participate in meetings described in paragraph (b)(1) of this section.
- (3) A meeting does not include informal or unscheduled conversations involving public agency personnel and conversations on issues such as teaching methodology, lesson plans, or coordination of service provision. A meeting also does not include preparatory activities that public agency personnel engage in to develop a proposal or response to a parent proposal that will be discussed at a later meeting.

(c) *Parent involvement in placement decisions.*

- (1) Each public agency must ensure that a parent of each child with a disability is a member of any group that makes decisions on the educational placement of the parent's child.
- (2) In implementing the requirements of paragraph (c)(1) of this section, the public agency must use procedures consistent with the procedures described in § 300.322(a) through (b)(1).
- (3) If neither parent can participate in a meeting in which a decision is to be made relating to the educational placement of their child, the public agency must use other methods to ensure their

participation, including individual or conference telephone calls, or video conferencing.

(4) A placement decision may be made by a group without the involvement of the parent, if the public agency is unable to obtain the parent's participation in the decision. In this case, the public agency must have a record of its attempts to ensure their involvement.

(5) The LEA shall make reasonable efforts to ensure that the parents understand, and are able to participate in, any group discussions relating to the educational placement of their child, including arranging for sign or language interpreters.

300.502 Independent educational evaluation.

(a) *General.* (1) The parents of a child with a disability have the right under this part to obtain an independent educational evaluation of the child, subject to paragraphs (b) through (e) of this section.

(2) Each public agency must provide to parents, upon request for an independent educational evaluation, information about where an independent educational evaluation may be obtained, and the agency criteria applicable for independent educational evaluations as set forth in paragraph (e) of this section.

(3) For the purposes of this part —

(i) *Independent educational evaluation* means an evaluation conducted by a qualified examiner who is not employed by the public agency responsible for the education of the child in question; and

(ii) *Public expense* means that the public agency either pays for the full cost of the evaluation or ensures that the evaluation is otherwise provided at no cost to the parent.

(b) *Parent right to evaluation at public expense.* (1) A parent has the right to an independent educational evaluation at public expense if the parent disagrees with an evaluation obtained by the public agency, subject to the conditions in paragraphs (b)(2) through (4) of this section.

(2) If a parent requests an independent educational evaluation at public expense, the public agency must, without unnecessary delay, and not later than 15 calendar days from receipt of a request, either —

(i) File a due process complaint to request a hearing to show that its evaluation is appropriate; or

(ii) Ensure that an independent educational evaluation is provided at public expense, unless the agency demonstrates in a hearing pursuant to §§ 300.507 through 300.513 that the evaluation obtained by the parent did not meet agency criteria.

(3) If the public agency files a due process complaint notice to request a hearing and the final decision is that the public agency's evaluation is appropriate, the parent still has the right to an independent educational evaluation, but not at public expense.

(4) If a parent requests an independent educational evaluation, the public agency may ask for the parent's reason why he or she objects to the public evaluation. However, the public agency may not require the parent to provide an explanation and may not unreasonably delay either providing the independent educational evaluation at public expense or filing a due process complaint to request a due process hearing to defend the public evaluation.

(5) A parent is entitled to only one independent educational evaluation at public expense each time the public agency conducts an evaluation with which the parent disagrees.

(c) *Parent-initiated evaluations.* If the parent obtains an independent educational evaluation at public expense or shares with the public agency an evaluation obtained at private expense, the results of the evaluation —

- (1) Must be considered by the public agency, if it meets agency criteria, in any decision made with respect to the provision of FAPE to the child; and
- (2) May be presented by any party as evidence at a hearing on a due process complaint under subpart E of these regulations regarding that child.

(d) *Requests for evaluations by hearing officers.* If a hearing officer requests an independent educational evaluation as part of a hearing on a due process complaint, the cost of the evaluation must be at public expense.

(e) *Agency criteria.* (1) If an independent educational evaluation is at public expense, the criteria under which the evaluation is obtained, including the location of the evaluation and the qualifications of the examiner, must be the same as the criteria that the public agency uses when it initiates an evaluation, to the extent those criteria are consistent with the parent's right to an independent educational evaluation.

(2) Except for the criteria described in paragraph (e)(1) of this section, a public agency may not impose conditions or timelines related to obtaining an independent educational evaluation at public expense.

300.503 Prior notice by the public agency; content of notice.

(a) *Notice.* Written notice that meets the requirements of paragraph (b) of this section must be given to the parents of a child with a disability within a reasonable time (ten school days) before the public agency —

- (1) Proposes to initiate or change the identification, evaluation, or educational placement of the child or the provision of FAPE to the child; or
- (2) Refuses to initiate or change the identification, evaluation, or educational placement of the child or the provision of FAPE to the child.

(b) *Content of notice.* The notice required under paragraph (a) of this section must include —

- (1) A description of the action proposed or refused by the agency;
- (2) An explanation of why the agency proposes or refuses to take the action;
- (3) A description of each evaluation procedure, assessment, record, or report the agency used as a basis for the proposed or refused action;
- (4) A statement that the parents of a child with a disability have protection under the procedural safeguards of this part and, if this notice is not an initial referral for evaluation, the means by which a copy of a description of the procedural safeguards can be obtained;
- (5) Sources for parents to contact to obtain assistance in understanding the provisions of this part;
- (6) A description of other options that the IEP Team considered and the reasons why those options were rejected; and
- (7) A description of other factors that are relevant to the agency's proposal or refusal.

(c) *Notice in understandable language.* (1) The notice required under paragraph (a) of this section

must be —

- (i) Written in language understandable to the general public; and
 - (ii) Provided in the native language of the parent or other mode of communication used by the parent, unless it is clearly not feasible to do so.
- (2) If the native language or other mode of communication of the parent is not a written language, the public agency must take steps to ensure —
- (i) That the notice is translated orally or by other means to the parent in his or her native language or other mode of communication;
 - (ii) That the parent understands the content of the notice; and
 - (iii) That there is written evidence that the requirements in paragraphs (c)(2)(i) and (ii) of this section have been met.

300.504 Procedural safeguards notice.

(a) *General.* A copy of the procedural safeguards available to the parents of a child with a disability must be given to the parents only one time a school year, except that a copy also must be given to the parents —

- (1) Upon initial referral or parent request for evaluation;
- (2) Upon receipt of the first State complaint under §§ 300.151 through 300.153 and upon receipt of the first due process complaint under § 300.507 in a school year;
- (3) In accordance with the discipline procedures in § 300.530(h); and
- (4) Upon request by a parent.

(b) *Internet web site.* A public agency may place a current copy of the procedural safeguards notice on its internet web site if a web site exists.

- (1) Independent educational evaluations;
- (2) Prior written notice;
- (3) Parental consent;
- (4) Access to education records;
- (5) Opportunity to present and resolve complaints through the due process complaint and State complaint procedures, including —
 - (i) The time period in which to file a complaint;

(d) *Notice in understandable language.* The notice required under paragraph (a) of this section must meet the requirements of § 300.503(c).

300.505 Electronic mail.

A parent of a child with a disability may elect to receive notices required by §§ 300.503, 300.504, and 300.508 by an electronic mail communication, if the public agency makes that option available.

300.506 Mediation.

(a) *General.* (1) The SEA offers and implements a conflict resolution procedure called “mediation” to allow parties to disputes involving any matter described in these regulations and the Act, including matters arising prior to the filing of a due process complaint, to resolve disputes through a mediation process.

(2) Each public agency must ensure that procedures are established to implement paragraph (a)(1) of this section, including referring a party seeking mediation under the section to the SEA.

(b) *Requirements.* The procedures must meet the following requirements:

(1) The procedures must ensure that the mediation process –

(i) Is voluntary on the part of the parties;

(ii) Is not used to deny or delay a parent’s right to a hearing on the parent’s due process complaint, or to deny any other rights afforded under Part B of the Act; and

(iii) Is conducted by a qualified and impartial mediator who is trained in effective mediation techniques.

(2) A public agency may establish procedures to offer to parents and schools that choose not to use the mediation process, an opportunity to meet, at a time and location convenient to the parents, with a disinterested party —

(4) The State must bear the cost of the mediation process, including the costs of meetings

described in paragraph (b)(2) of this section.

(5) Each session in the mediation process must be scheduled in a timely manner and must be held in a location that is convenient to the parties to the dispute.

(6) If the parties resolve a dispute through the mediation process, the parties must execute a legally binding agreement that sets forth that resolution and that —

300.507 Filing a due process complaint.

(a) *General.* (1) A parent or a public agency may file a due process complaint on any of the matters described in § 300.503(a)(1) and (2) (relating to the identification, evaluation or educational placement of a child with a disability, or the provision of FAPE to the child).

(2) The due process complaint must allege a violation that occurred not more than two years before the date the parent or public agency knew or should have known about the alleged action that forms the basis of the due process complaint, or, if the State has an explicit time limitation for filing a due process complaint under this part, in the time allowed by that State law, except that the exceptions to the timeline described in § 300.511(f) apply to the timeline in this section.

(b) *Information for parents.* The public agency must inform the parent of any free or low-cost legal and other relevant services available in the area if —

- (1) The parent requests the information; or
- (2) The parent or the agency files a due process complaint under this section.

300.508 Due process complaint.

(a) *General.* (1) The public agency must have procedures that require either party, or the attorney representing a party, to provide to the other party a due process complaint (which must remain confidential).

(2) The party filing a due process complaint must forward a copy of the due process complaint to the SEA.

(b) *Content of complaint.* The due process complaint required in paragraph (a)(1) of this section must include —

- (6) A proposed resolution of the problem to the extent known and available to the party at the time.

(d) *Sufficiency of complaint.* (1) The due process complaint required by this section must be deemed sufficient unless the party receiving the due process complaint notifies the hearing officer and the other party in writing, within 15 days of receipt of the due process complaint, that the receiving party believes the due process complaint does not meet the requirements in paragraph (b) of this section.

(2) Within five days of receipt of notification under paragraph (d)(1) of this section, the hearing officer must make a determination on the face of the due process complaint of whether the due process complaint meets the requirements of paragraph (b) of this section, and must immediately notify the parties in writing of that determination.

(3) A party may amend its due process complaint only if —

(i) The other party consents in writing to the amendment and is given the opportunity to resolve the due process complaint through a meeting held pursuant to § 300.510; or

(ii) The hearing officer grants permission, except that the hearing officer may only grant permission to amend at any time not later than five days before the due process hearing begins.

(4) If a party files an amended due process complaint, the timelines for the resolution meeting in § 300.510(a) and the time period to resolve in § 300.510(b) begin again with the filing of the amended due process complaint.

(e) *LEA response to a due process complaint.* (1) If the LEA has not sent a prior written notice under § 300.503 to the parent regarding the subject matter contained in the parent's due process complaint, the LEA must, within 10 days of receiving the due process complaint, send to the parent a response that includes —

(i) An explanation of why the agency proposed or refused to take the action raised in the due process complaint;

(ii) A description of other options that the IEP Team considered and the reasons why those options were rejected;

(iii) A description of each evaluation procedure, assessment, record, or report the agency used as the basis for the proposed or refused action; and

(iv) A description of the other factors that are relevant to the agency's proposed or refused action.
(2) A response by an LEA under paragraph (e)(1) of this section shall not be construed to preclude the LEA from asserting that the parent's due process complaint was insufficient, where appropriate.

(f) *Other party response to a due process complaint.* Except as provided in paragraph (e) of this section, the party receiving a due process complaint must, within 10 days of receiving the due process complaint, send to the other party a response that specifically addresses the issues raised in the due process complaint.

300.509 Model forms.

(a) The SEA shall develop model forms to assist parents and public agencies in filing a due process complaint in accordance with §§ 300.507(a) and 300.508(a) through (c) and to assist parents and other parties in filing a State complaint under §§ 300.151 through 300.153. However, the SEA or LEA may not require the use of the model forms.

(b) Parents, public agencies, and other parties may use the appropriate model form described in paragraph (a) of this section, or another form or other document, so long as the form or document that is used meets, as appropriate, the content requirements in § 300.508(b) for filing a due process complaint, or the requirements in § 300.153(b) for filing a State complaint.

300.510 Resolution process.

(a) *Resolution meeting.* (1) Within 15 days of receiving notice of the parent's due process complaint, and prior to the initiation of a due process hearing under § 300.511, the LEA must convene a meeting with the parent and the relevant member or members of the IEP Team who have specific knowledge of the facts identified in the due process complaint that —

(i) Includes a representative of the public agency who has decision-making authority on behalf of that agency; and

(ii) May not include an attorney of the LEA unless the parent is accompanied by an attorney.

(2) The purpose of the meeting is for the parent of the child to discuss the due process complaint, and the facts that form the basis of the due process complaint, so that the LEA has the opportunity to resolve the dispute that is the basis for the due process complaint.

(3) The meeting described in paragraph (a)(1) and (2) of this section need not be held if—

(i) The parent and the LEA agree in writing to waive the meeting; or

(ii) The parent and the LEA agree to use the mediation process described in § 300.506.

(4) The parent and the LEA determine the relevant members of the IEP Team to attend the meeting.

(b) *Resolution period.* (1) If the LEA has not resolved the due process complaint to the satisfaction of the parent within 30 days of the receipt of the due process complaint, the due process hearing may occur.

(2) Except as provided in paragraph (c) of this section, the timeline for issuing a final decision under § 300.515 begins at the expiration of this 30-day period.

(3) Except where the parties have jointly agreed to waive the resolution process or to use

mediation, notwithstanding paragraphs (b)(1) and (2) of this section, the failure of the parent filing a due process complaint to participate in the resolution meeting will delay the timelines for the resolution process and due process hearing until the meeting is held.

(4) If the LEA is unable to obtain the participation of the parent in the resolution meeting after reasonable efforts have been made (and documented using the procedures in § 300.322(d)), the LEA may, at the conclusion of the 30-day period, request that a hearing officer dismiss the parent's due process complaint.

(5) If the LEA fails to hold the resolution meeting specified in paragraph (a) of this section within 15 days of receiving notice of a parent's due process complaint or fails to participate in the resolution meeting, the parent may seek the intervention of a hearing officer to begin the due process hearing timeline.

(c) *Adjustments to 30-day resolution period.* The 45-day timeline for the due process hearing in § 300.515(a) starts the day after one of the following events:

(1) Both parties agree in writing to waive the resolution meeting;

(2) After either the mediation or resolution meeting starts but before the end of the 30-day period, the parties agree in writing that no agreement is possible;

(3) If both parties agree in writing to continue the mediation at the end of the 30-day resolution period, but later, the parent or public agency withdraws from the mediation process.

(d) *Written settlement agreement.* If a resolution to the dispute is reached at the meeting described in paragraphs (a)(1) and (2) of this section, the parties must execute a legally binding agreement that is —

(1) Signed by both the parent and a representative of the agency who has the authority to bind the agency; and

(2) Enforceable in any State court of competent jurisdiction or in a district court of the United States.

(e) *Agreement review period.* If the parties execute an agreement pursuant to paragraph (c) of this section, a party may void the agreement within 3 business days of the agreement's execution.

300.511 Impartial due process hearing.

(a) *General.* Whenever a due process complaint is received under § 300.507 or § 300.532, the parents or the LEA involved in the dispute must have an opportunity for an impartial due process hearing, consistent with the procedures in §§ 300.507, 300.508, and 300.510.

(3) RIDE shall keep a list of the persons who serve as hearing officers. The list must include a statement of the qualifications of each of those persons.

(d) *Subject matter of due process hearings.* The party requesting the due process hearing may not raise issues at the due process hearing that were not raised in the due process complaint filed under § 300.508(b), unless the other party agrees otherwise.

(e) *Timeline for requesting a hearing.* A parent or agency must request an impartial hearing on their due process complaint within two years of the date the parent or agency knew or should have known about the alleged action that forms the basis of the due process complaint, or if the State has an explicit time limitation for requesting such a due process hearing under this part, in the time allowed by that State law.

(f) *Exceptions to the timeline.* The timeline described in paragraph (e) of this section does not apply to a parent if the parent was prevented from filing a due process complaint due to —

(1) Specific misrepresentations by the LEA that it had resolved the problem forming the basis of the due process complaint; or

(2) The LEA's withholding of information from the parent that was required under this part to be provided to the parent.

300.512 Hearing rights.

(a) *General.* Any party to a hearing conducted pursuant to §§ 300.507 through 300.513 or §§ 300.530 through 300.534, or an appeal conducted pursuant to § 300.514, has the right to —

(ii) Significantly impeded the parent's opportunity to participate in the decision-making process regarding the provision of FAPE to the parent's child; or

(b) *Reserved.*

(c) *Separate request for a due process hearing.* Nothing in §§ 300.500 through 300.536 shall be construed to preclude a parent from filing a separate due process complaint on an issue separate from a due process complaint already filed.

(d) *Findings and decision to advisory panel and general public.* The SEA, after deleting any personally identifiable information, must —

(1) Transmit the findings and decisions referred to in § 300.512(a)(5) to the State advisory panel established under § 300.167; and

(2) Make those findings and decisions available to the public.

300.514 Finality of decision; appeal

(a) *Finality of hearing decision.* A decision made in a hearing conducted pursuant to §§ 300.507 through 300.513 or §§ 300.530 through 300.534 is final, except that any party involved in the hearing may appeal the decision under the provisions of § 300.516.

(b) *Reserved.*

300.515 Timelines and convenience of hearings and reviews.

(b) *Time limitation.* The party bringing the action shall have 90 days from the date of the decision of the hearing officer to file a civil action, or, if the State has an explicit time limitation for bringing civil actions under Part B of the Act, in the time allowed by that State law, including the Rhode Island Administrative Procedures Act.

(c) *Additional requirements.* In any action brought under paragraph (a) of this section, the court —

available under the Constitution, the Americans with Disabilities Act of 1990, title V of the Rehabilitation Act of 1973, or other Federal laws protecting the rights of children with disabilities, except that before the filing of a civil action under these laws seeking relief that is also available under § 615 of the Act, the procedures under §§ 300.507 and 300.514 must be exhausted to the same extent as would be required had the action been brought under § 615 of the Act.

300.517 Attorneys' fees.

(a) *In general.* (1) In any action or proceeding brought under § 615 of the Act, the court, in its discretion, may award reasonable attorneys' fees as part of the costs to —

(i) The prevailing party who is the parent of a child with a disability;

(ii) To a prevailing party who is an SEA or LEA against the attorney of a parent who files a complaint or subsequent cause of action that is frivolous, unreasonable, or without foundation, or against the attorney of a parent who continued to litigate after the litigation clearly became frivolous, unreasonable, or without foundation; or

(iii) To a prevailing SEA or LEA against the attorney of a parent, or against the parent, if the parent's request for a due process hearing or subsequent cause of action was presented for any improper purpose, such as to harass, to cause unnecessary delay, or to needlessly increase the cost of litigation.

(b) *Prohibition on use of funds.* (1) Funds under Part B of the Act may not be used to pay attorneys' fees or costs of a party related to any action or proceeding under § 615 of the Act and subpart E of this part.

(2) Paragraph (b)(1) of this section does not preclude a public agency from using funds under Part B of the Act for conducting an action or proceeding under § 615 of the Act.

(c) *Award of fees.* A court awards reasonable attorneys' fees under § 615(i)(3) of the Act consistent with the following:

(1) Fees awarded under § 615(i)(3) of the Act must be based on rates prevailing in the community in which the action or proceeding arose for the kind and quality of services furnished. No bonus or multiplier may be used in calculating the fees awarded under this paragraph.

(2)(i) Attorneys' fees may not be awarded and related costs may not be reimbursed in any action or proceeding under § 615 of the Act for services performed subsequent to the time of a written offer of settlement to a parent if —

(A) The offer is made within the time prescribed by Rule 68 of the Federal Rules of Civil Procedure or, in the case of an administrative proceeding, at any time more than 10 days before the proceeding begins;

(B) The offer is not accepted within 10 days; and

(C) The court or administrative hearing officer finds that the relief finally obtained by the parents is not more favorable to the parents than the offer of settlement.

(ii) Attorneys' fees may not be awarded relating to any meeting of the IEP Team unless the meeting is convened as a result of an administrative proceeding or judicial action, or at the discretion of the State, for a mediation described in § 300.506.

(iii) A meeting conducted pursuant to § 300.510 shall not be considered —

- (4) Except as provided in paragraph (c)(5) of this section, the court reduces, accordingly, the amount of the attorneys' fees awarded under § 615 of the Act, if the court finds that —
 - (i) The parent, or the parent's attorney, during the course of the action or proceeding, unreasonably protracted the final resolution of the controversy;
 - (ii) The amount of the attorneys' fees otherwise authorized to be awarded unreasonably exceeds the hourly rate prevailing in the community for similar services by attorneys of reasonably comparable skill, reputation, and experience;
 - (iii) The time spent and legal services furnished were excessive considering the nature of the action or proceeding; or
 - (iv) The attorney representing the parent did not provide to the LEA the appropriate information in the due process request notice in accordance with § 300.508.
- (5) The provisions of paragraph (c)(4) of this section do not apply in any action or proceeding if the court finds that the State or local agency unreasonably protracted the final resolution of the action or proceeding or there was a violation of § 615 of the Act.

300.518 Child's status during proceedings.

- (a) Except as provided in § 300.533, during the pendency of any administrative or judicial proceeding regarding a due process complaint notice requesting a due process hearing under § 300.507, unless the State or local agency and the parents of the child agree otherwise, the child involved in the complaint must remain in his or her current educational placement.
- (b) If the complaint involves an application for initial admission to public school, the child, with the consent of the parents, must be placed in the public school until the completion of all the proceedings.
- (c) If the complaint involves an application for initial services under this part from a child who is transitioning from Part C of the Act to Part B and is no longer eligible for Part C services because the child has turned three, the public agency is not required to provide the Part C services that the child had been receiving. If the child is found eligible for special education and related services under Part B and the parent consents to the initial provision of special education and related services under § 300.300(b), then the public agency must provide those special education and related services that are not in dispute between the parent and the public agency.
- (d) If the hearing officer in a due process hearing conducted by the SEA or a State review official in an administrative appeal agrees with the child's parents that a change of placement is appropriate, that placement must be treated as an agreement between the State and the parents for purposes of paragraph (a) of this section.

300.519 Surrogate parents.

- (a) *General.* Each public agency must ensure that the rights of a child are protected when —

- (1) No parent (as defined in § 300.30) can be identified;

(b) *Duties of public agency.* The duties of a public agency under paragraph (a) of this section include the assignment of an individual to act as a surrogate for the parents. This must include a method —

- (1) For determining whether a child needs a surrogate parent; and
- (2) For assigning a surrogate parent to the child.

(c) *Wards of the State.* In the case of a child who is a ward of the State, the surrogate parent alternatively may be appointed by the judge overseeing the child's case, provided that the surrogate meets the requirements in paragraphs (d)(2)(i) and (e) of this section.

(d) *Criteria for selection of surrogate parents.* (1) The public agency may select a surrogate parent in any way permitted under State law.

(2) Public agencies must ensure that a person selected as a surrogate parent —

- (i) Is not an employee of the SEA, the LEA, or any other agency that is involved in the education or care of the child;
- (ii) Has no personal or professional interest that conflicts with the interest of the child the surrogate parent represents; and
- (iii) Has knowledge and skills that ensure adequate representation of the child.

(e) *Non-employee requirement; compensation.* A person otherwise qualified to be a surrogate parent under paragraph (d) of this section is not an employee of the agency solely because he or she is paid by the agency to serve as a surrogate parent.

(f) *Unaccompanied homeless youth.* In the case of a child who is an unaccompanied homeless youth, appropriate staff of emergency shelters, transitional shelters, independent living programs, and street outreach programs may be appointed as temporary surrogate parents without regard to paragraph (d)(2)(i) of this section, until a surrogate parent can be appointed that meets all of the requirements of paragraph (d) of this section.

(g) *Surrogate parent responsibilities.* The surrogate parent may represent the child in all matters relating to —

- (1) The identification, evaluation, and educational placement of the child; and
- (2) The provision of FAPE to the child.

300.520 Transfer of parental rights at age of majority.

(a) *General.* The State may provide that, when a child with a disability reaches the age of majority under State law that applies to all children (except for a child with a disability who has been determined to be incompetent under State law) —

(1)(i) The public agency must provide any notice required by this part to both the child and the parents; and

(ii) All rights accorded to parents under Part B of the Act transfer to the child;

(2) All rights accorded to parents under Part B of the Act transfer to children who are incarcerated in an adult or juvenile, State or local correctional institution; and

(3) Whenever the State provides for the transfer of rights under this part pursuant to paragraph (a)(1) or (a)(2) of this section, the agency must notify the child and the parents of the transfer of rights.

300.521 – 300.529 Reserved.

Discipline Procedures

300.530 Authority of school personnel; emergency removal.

(a) *Case-by-case determination.* (1) School personnel may consider any unique circumstances on a case-by-case basis when determining whether a change in placement, consistent with the other requirements of this section, is appropriate for a child with a disability who violates a code of student conduct.

(2) If school personnel determine that a child with a disability presents an immediate threat to him or herself or to others, the child may be removed from school for the remainder of the school day regardless of the number of days of suspension the child had already accrued during that school year.

(3) For any emergency removal under paragraph (2) of this section the public agency must follow the requirements of this section.

(b) *School Removal.*

(1) *Removals for less than ten (10) days cumulative.* School personnel under this section may remove a child with a disability who violates a code of student conduct from his or her current placement to an appropriate interim alternative educational setting, another setting, or suspension, for not more than 10 consecutive school days (to the extent those alternatives are applied to children without disabilities).

(i) During the first ten (10) school days of removal (cumulative) during the course of a school year, a public agency may, but is not required to:

(A) Provide educational services to the child;

(B) Conduct a manifestation determination prior to the disciplinary removal;

(C) Perform a functional behavioral assessment of the child; or

(D) Develop a behavioral intervention plan to address the behavioral factors such as the length of each removal, the total amount of time the child is removed, and the proximity of the removals to one another.

(2) *Removals for more than ten (10) days cumulative.* After a child with a disability has been removed from his or her current placement for more than ten (10) school days cumulative in the same school year, during any subsequent days of removal the public agency must provide services to the extent required under paragraph (d) of this section.

(c) *Additional authority.* For disciplinary changes in placement that would exceed 10 consecutive school days, if the behavior that gave rise to the violation of the school code is determined not to be a manifestation of the child's disability pursuant to paragraph (e) of this section, school personnel may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to children without disabilities, except as provided in paragraph (d) of this section.

(d) *Services.* (1) A child with a disability who is removed from the child's current placement pursuant to paragraphs (c), or (g) of this section must —

(i) Continue to receive educational services, as provided in § 300.101(a), so as to enable the child to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the child's IEP; and

(ii) Receive a functional behavioral assessment, and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur.

(2) The services required by paragraph (d)(1), (d)(3), (d)(4), and (d)(5) of this section may be provided in an interim alternative educational setting.

(3) A public agency is only required to provide services during periods of removal to a child with a disability who has been removed from his or her current placement for 10 school days or less in that school year, if it provides services to a child without disabilities who is similarly removed.

(4) After a child with a disability has been removed from his or her current placement for ten (10) school days cumulative in the same school year, any subsequent removal constitutes a change in placement under § 300.536.

(5) If the removal is a change of placement under § 300.536, the child's IEP Team determines appropriate services under paragraph (d)(1) of this section.

(e) *Manifestation determination.* (1) Within 10 school days of any decision to change the placement of a child with a disability because of a violation of a code of student conduct, the LEA, the parent, and relevant members of the child's IEP Team (as determined by the parent and the LEA) must review all relevant information in the student's file, including the child's IEP, any teacher observations, and any relevant information provided by the parents to determine —

(i) If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or

(ii) If the conduct in question was the direct result of the LEA's failure to implement the IEP.

(2) The conduct must be determined to be a manifestation of the child's disability if the LEA, the parent, and relevant members of the child's IEP Team determine that a condition in either paragraph (e)(1)(i) or (1)(ii) of this section was met.

(3) If the LEA, the parent, and relevant members of the child's IEP Team determine the condition described in paragraph (e)(1)(ii) of this section was met, the LEA must take immediate steps to remedy those deficiencies.

(f) *Determination that behavior was a manifestation.* If the LEA, the parent, and relevant members of the IEP Team make the determination that the conduct was a manifestation of the child's disability, the IEP Team must —

(1) Either —

(i) Conduct a functional behavioral assessment, unless the LEA had conducted a functional behavioral assessment before the behavior that resulted in the change of placement occurred, and implement a behavioral intervention plan for the child; or

(ii) If a behavioral intervention plan already has been developed, review the behavioral intervention plan, and modify it, as necessary, to address the behavior; and

(2) Except as provided in paragraph (g) of this section, return the child to the placement from which the child was removed, unless the parent and the LEA agree to a change of placement as part of the modification of the behavioral intervention plan.

(g) *Special circumstances.* The LEA may remove a student to an interim alternative educational setting for not more than 45 school days without regard to whether the behavior is determined to be a manifestation of the child's disability, if the child —

(1) Carries a weapon to or possesses a weapon at school, on school premises, or to or at a school function under the jurisdiction of an SEA or an LEA;

(2) Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function under the jurisdiction of an SEA or an LEA; or

(3) Has inflicted serious bodily injury upon another person while at school, on school premises, or at a school function under the jurisdiction of an SEA or an LEA.

(h) *Notification.* On the date on which the decision is made to make a removal that constitutes a change of placement of a child with a disability because of a violation of a code of student conduct, the LEA must notify the parents of that decision, and provide the parents the procedural safeguards notice described in § 300.504.

(i) *Definitions.* For purposes of this section, the following definitions apply:

(1) *Controlled substance* means a drug or other substance identified under schedules I, II, III, IV, or V in § 202(c) of the Controlled Substances Act (21 U.S.C. 812(c)).

300.532 Appeal.

(a) *General.* The parent of a child with a disability who disagrees with any decision regarding placement under §§ 300.530 and 300.531, or the manifestation determination under § 300.530(e), or an LEA that believes that maintaining the current placement of the child is substantially likely to result in injury to the child or others, may appeal the decision by requesting a hearing. The hearing is requested by filing a complaint pursuant to §§ 300.507 and 300.508(a) and (b).

(b) *Authority of hearing officer.* (1) A hearing officer under § 300.511 hears, and makes a determination regarding an appeal under paragraph (a) of this section.

(2) In making the determination under paragraph (b)(1) of this section, the hearing officer may —

(i) Return the child with a disability to the placement from which the child was removed if the hearing officer determines that the removal was a violation of § 300.530 or that the child's behavior was a manifestation of the child's disability; or

(ii) Order a change of placement of the child with a disability to an appropriate interim alternative educational setting for not more than 45 school days if the hearing officer determines that maintaining the current placement of the child is substantially likely to result in injury to the child or to others.

(3) The procedures under paragraphs

(a) and (b)(1) and (2) of this section may be repeated, if the LEA believes that returning the child to the original placement is substantially likely to result in injury to the child or to others.

(c) *Expedited due process hearing.* (1) Whenever a hearing is requested under paragraph (a) of this section, the parents or the LEA involved in the dispute must have an opportunity for an impartial due process hearing consistent with the requirements of §§ 300.507 and 300.508(a) through (c) and §§ 300.510 through 300.514, except as provided in paragraph (c)(2) through (4) of this section.

(2) The SEA or LEA is responsible for arranging the expedited due process hearing. The timeline for a due process hearing officer to schedule an expedited hearing and render a decision shall not exceed ten (10) business days from the request, except the hearing officer may grant an extension not to exceed forty-five (45) calendar days from the receipt of the original hearing request.

(3) Unless the parents and LEA agree in writing to waive the resolution meeting described in paragraph (c)(3)(i) of this section, or agree to use the mediation process described in § 300.506 —

(i) A resolution meeting must occur within seven days of receiving notice of the due process complaint; and

(ii) The due process hearing may proceed unless the matter has been resolved to the satisfaction of both parties within 15 days of the receipt of the due process complaint.

(4) The State may establish different State-imposed procedural rules for expedited due process hearings conducted under this section than it has established for other due process hearings, but, except for the timelines as modified in paragraph (c)(3) of this section, the State must ensure that the requirements in §§ 300.510 through 300.514 are met.

(5) The decisions on expedited due process hearings are appealable consistent with § 300.514.

300.533 Placement during appeals.

When an appeal under § 300.532 has been made by either the parent or the LEA, the child must remain in the interim alternative educational setting pending the decision of the hearing officer or until the expiration of the time period specified in § 300.530(c) or (g), whichever occurs first, unless the parent and the SEA or LEA agree otherwise.

300.534 Protections for children not determined eligible for special education and related services.

(a) *General.* A child who has not been determined to be eligible for special education and related services under this part and who has engaged in behavior that violated a code of student conduct, may assert any of the protections provided for in this part if the public agency had knowledge (as determined in accordance with paragraph (b) of this section) that the child was a child with a disability before the behavior that precipitated the disciplinary action occurred.

(b) *Basis of knowledge.* A public agency must be deemed to have knowledge that a child is a child with a disability if before the behavior that precipitated the disciplinary action occurred —

(1) The parent of the child expressed concern in writing to supervisory or administrative personnel of the appropriate educational agency, or a teacher of the child, that the child is in need of special education and related services;

(2) The parent of the child requested an evaluation of the child pursuant to §§ 300.300 through 300.311; or

(3) The teacher of the child, or other personnel of the LEA, expressed specific concerns about a pattern of behavior demonstrated by the child directly to the director of special education of the agency or to other supervisory personnel of the agency.

(c) *Exception.* A public agency would not be deemed to have knowledge under paragraph (b) of this section if —

(1) The parent of the child —

(i) Has not allowed an evaluation of the child pursuant to §§ 300.300 through 300.311; or

(ii) Has refused services under this part; or

(2) The child has been evaluated in accordance with §§ 300.300 through 300.311 and determined to not be a child with a disability under this part.

(d) *Conditions that apply if no basis of knowledge.* (1) If a public agency does not have knowledge that a child is a child with a disability (in accordance with paragraphs (b) and (c) of this section) prior to taking disciplinary measures against the child, the child may be subjected to the disciplinary measures applied to children without disabilities who engage in comparable behaviors consistent with paragraph (d)(2) of this section.

(2)(i) If a request is made for an evaluation of a child during the time period in which the child is subjected to disciplinary measures under § 300.530, the evaluation must be conducted in an expedited manner.

(ii) Until the evaluation is completed, the child remains in the educational placement determined by school authorities, which can include suspension or expulsion without educational services.

(iii) If the child is determined to be a child with a disability, taking into consideration information from the evaluation conducted by the agency and information provided by the parents, the agency must provide special education and related services in accordance with this part, including the requirements of §§ 300.530 through 300.536 and § 612(a)(1)(A) of the Act.

300.535 Referral to and action by law enforcement and judicial authorities.

(a) *Rule of construction.* Nothing in this part prohibits an agency from reporting a crime committed by a child with a disability to appropriate authorities or prevents State law enforcement and judicial authorities from exercising their responsibilities with regard to the application of Federal and State law to crimes committed by a child with a disability.

(b) *Transmittal of records.* (1) An agency reporting a crime committed by a child with a disability must ensure that copies of the special education and disciplinary records of the child are transmitted for consideration by the appropriate authorities to whom the agency reports the crime. (2) An agency reporting a crime under this section may transmit copies of the child's special education and disciplinary records only to the extent that the transmission is permitted by the Family Educational Rights and Privacy Act.

300.536 Change of placement because of disciplinary removals.

For purposes of removals of a child with a disability from the child's current educational placement under §§ 300.530 through 300.535, a change of placement occurs if the removal is for more than 10 school days cumulative in the same school year.
